SYMBOL OF SAFETY

You never mistake the meaning of a Church spire.

Even to those who are cold to the ideals for which the Church stands, that finger of faith always points to something that is comforting, reassuring, safe.

The very presence of a Church, whether in a crowded city street or on a quiet country road, is a benediction to all, including those who are not conscious of worship.

Such an influence, with what it means to those who open their hearts to truth, is worthy of a second thought. It merits acceptance as a refuge. It commands confidence as a port in time of storm.

The Church deserves your support—your membership—because it affords real protection for the family whose welfare it is your duty to defend and whose proper upbringing is your solemn obligation.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MODERN TRIANGLE

A BOY... A GIRL... TV

Let's face it. Living rooms are still in style. But a third party is inching its way in to form a crowd.

And no wonder. Few can resist this miracle that has brought the world and set it down in front of you. Living history, flowing past your eyes. Politics. U. N. sessions. Sports. Spot news. Personalities.

We in the Bell System help to put you in this front-row seat on history. Bell Laboratories research contributed to TV de-

velopment. Now our radio-relay systems and coaxial cables carry the images between cities and across the country.

Our part in TV transmission is only one among dozens of activities that keep us in the front line of modern communications. They are all reasons, we believe, why college people should find out what the Bell System has to offer in the way of opportunities.

Why don't you ask your college placement office about it?
