

### Films Shown By ASME

The American Society of Mechanical Engineers will discuss two annual field trips and show a movie at their regular meeting Tuesday at 7:30 p. m. in Rooms 3B and 3C in the MSC. The movie will be on the Wilson and Babcock installations at Boulder Dam or if it can't be made available, a film on a Wilson and Babcock steam generator will be shown.

About 75 members and 30 visitors are expected to be present according to George Sandoval, president of the society. Refreshments will be served.

### Politics Discussed At Study Club Meet

"Women in Politics" was the theme of a program presented at the Campus Study Club today at 3 p. m. in the YMCA.

Mrs. J. H. Sorrels, program leader, spoke on Power. Other topics discussed were Progress, by Mrs. Melvin Rotsch, Recent Leaders, by Mrs. Myrtle Slaughter; and Personal Responsibilities, by Mrs. R. C. Sneed.

### Business Society Will Feature Local Agent

James W. Daniels, of the American General Life Insurance Co. will be the guest speaker for the Business Society at 7:30 p. m. Tuesday. His subject will be "The Reward of Advanced Life Underwriting."

### Two Days Left To File for Ag Assistants Job

Two days are left in which to file an application to take the civil service examination for junior agricultural assistant, to be held in the near future. All applications must be post-marked not later than midnight, October 21, 1952.

The examination will be given to those qualified in the following fields of agriculture: agricultural economist, agricultural writer-editor (including animal physiologist and animal nutritionist), botanist (including histologists), entomologist (including apiculturists), fishery biologist, forester, geneticist, home economist, horticulturist, plant pathologist, plant quarantine inspector, poultry husbandman (including poultry nutritionist), soil scientist, statistician, wildlife biologist, zoologist (parasitology including nematologists).

Students who complete requirements for graduation in May, 1953, are eligible to take the examination. Further details may be obtained at the College Station or Bryan post office.

### Rue Pinalle Scores Hit This Weekend

Cafe Rue Pinalle was a huge success Friday night, said Betty Bolander, program consultant of MSC. The night club's attendance was 185 and it was held again in the games section of the MSC bowling alley.

The next Cafe Rue Pinalle will be Friday, Oct. 31, the weekend of the Arkansas game. Entertainment will be arranged and is under discussion at present, Miss Bolander said.

### Callendar Speaks At Lions Meeting

R. E. Callendar, wildlife conservation specialist with the Extension Service, was speaker at the Lions Club meeting in the MSC Monday.

He discussed the various types of game birds in Texas and told about laws relating to hunting them.

"The number of hunters in Texas is growing, while the amount of game is decreasing," Callendar said. He told about programs for restocking our wild game supply.

## Letters To The Editors

(Continued from Page 2)

do know that it costs \$221.60 to outfit a football player completely. Also that each football costs \$16.

Nevertheless, we realize that this money is put into great use by the Athletic Department in other forms than athletic equipment.

Incidentally, if it were not for your customers, you would not be employed in your present position. If you feel justified by your actions of not cashing our checks, we feel sorry for your attitudes.

### More for Terk

Editors, The Battalion:

In your (Mr. Terk) letter to The Batt, published Oct. 16, 1952, A. D., you made many statements that I would like to comment on.

As a starter I don't really think that in many cases you are being "prejudiced" against, as you claimed. The only one that I can think of is the senate deal.

I would like to know exactly what you would like. You say that you all have three to a room. Well, as you well know you aren't the only ones. There are many freshmen in the same boat you are. You stated that there were many corps dorms that have two, one and none to a room, which I'll have to admit is true.

The trouble is that these are all in the new area, thus it won't help relieve the "fish". I know there are empty rooms in our dorms, as there are several in the one I'm in, but what would you have

### Aggieland '52s Due Next Week

According to the last report from the Taylor Publishing Co. in Dallas, the Aggieland '52 is due to arrive at A&M next week. An article will be placed in The Battalion when the Aggielands arrive.

Although the Aggielands are arriving later than first expected, they will still be in much sooner than the Aggieland '51s did last year.

So far this semester, 1,149 pictures have been taken for the Aggieland '53. Of this total, a little over a 1,000 have been fresh-man pictures.

Saturday, Nov. 1, is the last day for freshman to have their pictures taken for the Aggieland '53.

Of a total of 1669 non-military students attending A&M only 145 have had their pictures taken.

As yet, no definite deadline has been set for non-military pictures.

### Two Senior Chem Majors Get \$500

Two senior chemistry majors have received scholarships of \$500 each.

James I. Jordan of Houston received the Carbide and Carbon Chemicals Co. award which is offered exclusively to students majoring in chemical engineering.

Harold G. Place of Fort Worth received the Archer, Daniels, Midland Award which is offered to students engaged in chemistry or chemical engineering study.

us do, let you move into the dorms with the corps, or would you prefer us to move the rooms out to you? What would you suggest? Build more dorms? To this I know of no Aggies around that would object to this. All you have to do is convince the college.

You also were complaining about the senate. I'll agree with you that as far as percentages go, and if your figures are correct, you have been gypped out of some representation which you need. This I cannot say anything about, but when you attacked the senate itself, that's different. You said that: If the U. S. government were set up Aggie-style instead of Jefferson style, Nevada would have one senator while New York would have 101. Whereas this is exaggerated, that is almost the way the government is set up as far as the House of Representatives is concerned. The difference is the fact that it is about 48-3 instead of 100-1, but the odds are still so far against them in a battle like that, that it wouldn't make that much difference what the odds were. I believe the purpose of the senate is to represent the masses, and it seems to me that it has been doing a pretty good job, as I haven't heard many complaints except from the minorities.

Sure, we get our meals cheaper too. We pay 40 dollars plus, per month for our meals, you all go out and eat. The difference comes in several ways. You can eat whatever you like, we have to eat whatever is put out before us, like it or not. If we don't we go hungry.

Another thing is the fact that

we are almost in the service. In fact we are in the service more than the servicemen, cause at least when they are off duty, their duty being eight hours a day, they can go around "non-reg." We are "on duty" 24 hours a day. Sure we get our meals cheaper for being in the Army, and you all don't. You all complain. Well, why not turn this on a nation wide basis. The soldiers at Army camps get their meals for nothing, and their clothes as well. Well, as long as they get theirs for nothing, going by the same principal you want us to follow, why not give all the civilians theirs for nothing too?

We must remember whereas we in the corps pay for part of our meals, that doesn't cover the entire amount spent by the college for food. The difference is made up by the government. The government is getting soldiers out of us, so it sees fit to feed us, but what will it be getting from the non-regs?

Whereas college regulations prevent underclassmen from living off the campus, I don't believe there is anything about upperclassmen or non-regs rooming off the campus. If you don't like the campus the way it is, as the rest of us seem to do, why don't you try that?
