

GOING IN FAST—Aggie Tackle Jack Little (background) and Linebacker Johnny Salyer tackled TCU's Halfback Jack Ray, who had just caught a pass, good for seven yards. (Staff photo by Wilkerson.)

Welcome Group Feted Frogs Here Saturday

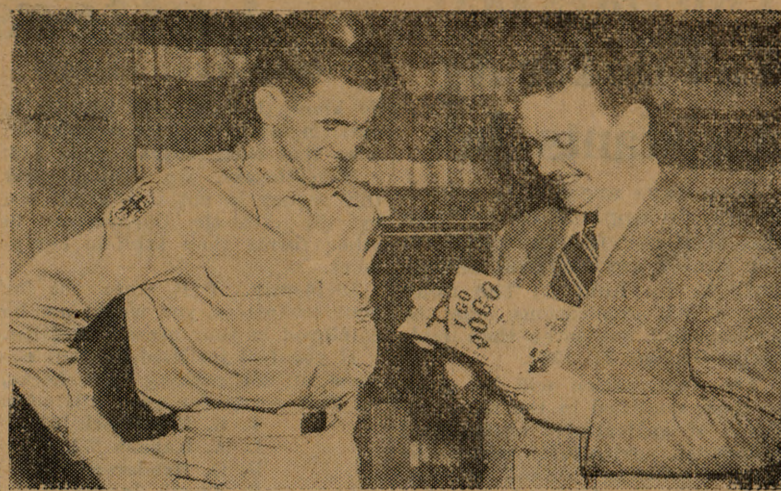

The TCU cheerleaders, three girls and three boys, were the guests of the cadet corps for the noon meal Saturday. They were escorted by members of the welcoming committee of the Student Senate.

The welcoming committee worked in conjunction with the house committee of the MSC and made arrangements for the TCU pep rally which was held on the main drill field Saturday afternoon. They also made the social room of the MSC available as a headquarters for the TCU students while they were on the campus.

Several of the collegians from Fort Worth made very nice comments about the "Welcome TCU" sign on the MSC and the "Howdy" sign draped on the entrance to Kyle Field. Gene Steed, chairman of the committee said.

All of the activities of the welcoming committee are for the purpose of bettering relations between A&M and other Southwest Conference schools, with the hope we can win the Sportsmanship Award this year, Steed added.

Four members of the committee made a trip to the TCU campus Oct. 15 where they attended a pep rally and extended an official "welcome" and invitation to the students, faculty, and friends of TCU to Aggiland for the weekend.

PRESIDENTIAL CANDIDATE—Wait Kelly, creator of Pogo—nominee for the presidency, campaigns for the 'possum, autographing Larry McHelvey's political handbook McHelvey of Crockett was one of the many students to greet Kelly here last week.

Frog Finds No Answer

(Continued from Page 1)

down some of the little poems on the signs to recite at the next un-mixed party I attend.

Next stop was a large low building at the end of this area. I think it's name was Punkin Hall. Inside I realized it was the dining hall of the Aggies, so I sat down at the table and prepared to help myself.

After hearing the Aggies talk about the things on the table—I decided I wasn't hungry after all.

In desperation I stopped another student. "Say, fellow, I've got troubles—"

He shook his head, which bore a black-braided cap, knowingly "Write a letter to the editor" was his advice. That sounded like a good idea, so here it is.

Now, can anyone please tell me the way to Kyle Field?

BATTALION CLASSIFIED

BUY, SELL, RENT OR TRADE. Rates . . . 3c a word per insertion with a 1c minimum. Space rate in classified section . . . 6c per column-inch. Send all classified to **STUDENT ACTIVITIES OFFICE.** All ads must be received in Student Activities office by 10 a.m. on the day before publication.

Large Group Visit Campus Friday

Almost 200 persons toured the campus and its facilities Friday. About 1,000 more are expected to make another tour Friday, Oct. 31.

The tour was sponsored by the Texas Agricultural Experiment Station.

County agents from each county were in charge of individual groups, and two counties were represented by their entire commission courts. They were DeWitt and Lavaca Counties.

Those who toured the campus and facilities saw and heard demonstrations and discussions at the Beasley Laboratory, beef cattle, swine, sheep, poultry and dairy centers, grass nursery and turf plots, brush control experiments, entomology laboratory and the new horticulture greenhouse.

Brazos County Moms Honor Fish Mothers

The first meeting of the Brazos County A&M Mothers Club will be held in the South Solarium of the YMCA Thursday at 3 p.m.

The freshman mothers will be honored at a special hour following the meeting. The senior mothers will be hostesses.

All mothers of A&M students are invited to attend, said Mrs. O. A. Ashworth, president.

Nutrition Conference Ends Two Day Meeting

The Texas Nutrition Conference ended a two-day conference Friday at the MSC. Approximately 200 members attended one or more of the sessions held during the two-day period.

Members representing colleges throughout the United States attended the conference.

NOSE, THROAT,

and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
