The contest will be divided into

two divisions, with a prize given for each division winner. The two winners will draw for one of the five prizes ranging from \$2.50 to \$8.75.

In the first division of the contest, each bowler will turn in a one-line score, and the score that is closest to the number drawn from a box by the manager will win.

In the second division, bowlers may turn in any number of lines. The lines will be graded with a key and the winner determined by the most points for one line.

Both divisions of the contest are set up to give low and high bowlers an equal chance.
