Ike Applauds 'Free-Radio' Work

NEW YORK, Nov. 12 — (AP) — President-elect Eisenhower said last night that Radio Free Europe and Radio Free Asia "are hurting the Reds and giving comfort and encouragement to oppressed people."

Both Eisenhower and Gov. Adlai Stevenson, whom he defeated for the presidency, delivered recorded radio broadcasts endorsing the 1952 Crusade for Freedom, sponsor of the two anti-Communist networks.

New Pilot Training Program to Begin

The Air Force announced an all new pilot training program will go into operation during November.

The new program, which makes use of light, low-powered aircraft, is specifically designed to determine students' ability to fly early in the program.

A considerable improvement in cadet flying safety is expected to accompany the program.

Planes in the 60-90 horsepower class will be used in the first six weeks of primary training.

Pre-flight training has been increased from six to 12 weeks but does not effect student officers, as they do not join their class until it reports to a primary training base.

Flying time in the primary phase has been increased 15 hours; advanced flying time will be decreased 15 hours.

Range, Forestry Group Visits Coast

Dr. O. E. Sperry and 13 Range and Forestry students will take a two day field trip on Nov. 13. The group will go to the Gulf Coast to study coastal marsh succession. Several side trips have been scheduled. These will include trips to the coastal prairie, the pine woods, and a trip to observe hardwood succession.

Each said the effectiveness of the programs beamed to the Soviet satellite countries was reflected in sharp reaction from the Communists.

To Fight Lies
Eisenhower said the purpose of the Crusade broadcasts "was actively to oppose communism—to fight the big lie with the big truth."

"The frenzied counterattacks and denials of the Communists on both sides of the world," he said, "prove that these two radio networks are hurting the Reds and giving comfort and encouragement to oppressed people."

Keep Freedom Alive
Eisenhower said the 13 transmitters of Radio Free Europe and the three of Radio Free Asia were supplying the truth and keeping the spark of freedom alive in people who otherwise might "have succumbed to the philosophy that it is good to be slaves."

He said the Communists had told an infinite number of lies to millions of people and that the free radios gave the oppressed people "a measuring stick to lay against each lie that is told them."

Stevenson said the programs have a "spontaneity and freshness" which "no official information agency can have."

LUCKIES TASTE BETTER!

They're made better to taste cleaner, fresher, smoother!

Take a Lucky from a newly opened pack and carefully remove the paper by tearing down the seam from end to end. Be sure to start on the seam. In tearing don't crush or dig into the tobacco. Then, gently lift out the cylinder. See how free Luckies are from air spaces—"hot spots" that smoke hot, harsh and dry—from loose ends that spoil the taste. Note that Luckies' long strands of fine, mild tobacco are packed firmly to draw smoothly and evenly—to give you a cleaner, fresher, smoother smoke. Yes, Luckies are made better—to taste better! So, Be Happy—Go Lucky! Get a carton today

When rushing season come around For our sorority, The girl who always gets our bid Knows L.S./M.F.T.
Leah Belle Korn
Pembroke College

SPECIAL NOTE!

College students prefer Luckies in nation-wide survey!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette—and by a wide margin. No. 1 reason given—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.
