"It would have everything the present high school doesn't have," said Les Richardson, superintendent of schools.

The building now being used by the high school would be turned over to the elementary school.

Caudill, Rowlett, and Scott Architects, a Bryan firm nationally known for its school buildings, will be in charge of construction.

Besides the bond issue, the school board plans to raise the school taxes to pay for the new buildings.

Taxes would be raised 40 to 50 per cent, giving an increased revenue of \$18,000 a year. Since the maximum school tax is now being collected, the increase would be effected by an increase in property evaluation. The school board

has the power to raise the evaluation.

The average school tax is now \$45 per person. The school board estimates an increase of \$22.50, bringing the average tax up to \$67.50. Their figures are based on evaluation of the average home at \$3,000.

An increase in the school tax would not necessarily affect city taxes.

The ball's all yours, Coach Now let's see you run with it. And if you will send me two season passes on the 50-yard-line—not too high up—I and the missus will be there rooting for you at every game next fall.

On second thought, it would be somewhat picyanish for a football coach with four platoons and 150 scholarships to send just two season passes. For such a four-fold revelation, it would be more fitting if you made it eight.

MY BROTHER'S KEEPER

It was Cain who asked defiantly, "Am I my brother's keeper?" Cain was a murderer, you know!

Ruthless men, seeking their own aims without thought for the worth or welfare of their fellows, have always asked that question.

But in America, our forefathers made the principle of Christian brotherhood a cornerstone of national life.

And they gave us religious freedom; for in the free and unlimited practice of our religion, brotherhood becomes an everyday reality.

You see, the Statue of Liberty cannot guarantee real brotherhood. . . nor can the Constitution. But YOU, and the man next door, and that other man across town. . . you become real brothers by worshipping the same FATHER.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
