

Bowl Game Stars Intramural Results

(Continued from Page 3)

At Mobile, Ala., the Senior Bowl, where the players throw away their amateur standing by accepting \$400 for the losers and \$500 for the winners, was the site of the second bowl game for Little and Graves.

Shares Quarterback Chores
Little was a starter on the defensive team, coached by Steve Owen, coach of the professional New York Giants, while Graves was scheduled to share the quarterbacking chores with Jack Scarbath, Maryland's All-America quarterback.

Graves soon took over the load of signal calling because the South was using the straight T instead of the split T. "Scarbath is a great player and quarterback," said Graves, "but it was just like learning to play football all over again under the different formation, and he just didn't have enough time to make the change."

The North won 28-12, but Graves was the outstanding offensive player for the South. He set up one touchdown with his passes, and scored the other himself from 11 yards out.

Best Player
"Harry Agganis was the best player I saw in either game," said Graves. Agganis is the southpaw slinger from Boston University who put on a one man show at the quarterback slot for the North. "As for defense, Graves continued, "I think Little was as good as anyone I played with or against."

Graves said that there was added compensation for the players. "We got free show passes to every theater in town, and we tried to visit them all," he added laughing. "At least it gave our wives something to do," he said.

Little, Rush, and Graves will be graduated in June. Little is the only one who has definite plans to play pro ball.

(Continued from Page 3)

40-and four 20-yard line penetrations. Chubby Eddy unreeled the most spectacular play of the tilt, snaring a fumble in the air and racing for a touchdown.

A Cml. edged Sq. 2, 7-6, in a game featured by fine clutch defensive play by both teams. A Cml. drove inside the Sq. 2 40-yard line four times but was stopped cold. Sq. 2 bruised inside the opposition 20 twice but was unable to score.

Stymied most of the game by a hard-charging defensive line, A QMC ground out a 7-0 decision over Sq. 13 in the remaining football contest. A QMC more than matched its opponent's defensive play, as it halted Sq. 13 outside their 40 throughout the game.

Held to a 10-4 lead at the half, Sq. 8 roared back in the second half as Joe Boring dumped in goals from all angles to score a 36-12 basketball win over B Inf. Boring poured in 17 points in the second half, including eight field goals, and finished with a total of 19 points. Smith, with ten, and Broussard, with six, followed in the scoring. Henry Temple counted six points for the losers.

In other basketball games A Arm. nosed out Sq. 9, 12-10, and Sq. 10 beat A FA, 15-10.

Two second half field goals laid in by Greg McLair were largely responsible for the A Arm. win, although Frank Pollard was high scorer with eight points. Pollard scored six in the first half. High for Sq. 9 was Joey Cohen, with six.

Bob Winckler and H. R. Patterson scored five points each to pace Sq. 10. Joe Jennings, A FA, tossed in three field goals to take high scoring honors.

St. Thomas' Chapel To Have Annual Meet

Election of a treasurer, vestryman, and delegate to the Diocesan Council will be the highlights of the annual parish meeting of St. Thomas' Chapel on Monday, Jan. 12. The meeting will be held at 6 p. m. in the Chapel.

A covered dish supper will precede the election. Presentation of the activities of the parish also will be given.

Movies for the children will be shown during the meeting.

Sq. 20 and A Cml. scored tennis wins, Sq. 20 blanking Sq. 23, 3-0, and A Cml. beating A Ord., 2-1.

J. Warrick and W. Davis took the first set, 6-0, Corky Pence and Bob Young won the second, 6-1, and W. B. Neumann and J. C. Dunne notched the third, 6-4, in Sq. 20's victory.

For A Cml. Zumwalt and Wheeler took the first set, 6-4, but A Ord. evened the score as Mitchell and Edge shot out a 6-4 decision in the second set. In the deciding set, Scott and Fox won a forfeit.

In horseshoes contests, Co. F. blanked Co. G. 3-0, and Co. I and Sq. 11 won 2-1 decisions over Sq. 17 and A Eng.

A. & M. RINGS

On the basis of fall semester grades some students will become eligible to order an A&M ring. Such students may now leave their names with the ring clerk in the Registrar's Office. Their records will be checked and eligibility for the ring will be determined by Feb. 3, 1953. Orders for the rings will be taken between Feb. 3, and 10, 1953 for March 10 delivery. The ring clerk is on duty from 8 a. m. to 12 noon each week day.
H. L. Heaton
Registrar.

MASTER OF SCIENCE DEGREES

Hughes cooperative plan for

Purpose TO ASSIST outstanding graduates in obtaining their Master of Science Degrees while employed in industry and making significant contributions to important work.

Eligibility June 1953 college graduates and members of the armed services being honorably discharged prior to September, 1953, holding degrees in the following fields:

ELECTRICAL ENGINEERING
PHYSICS
MECHANICAL ENGINEERING

Those chosen to participate in this plan will be from the upper portion of their graduating classes and will have evidenced outstanding ability. They must also have displayed some degree of creative ability and possess personality traits enabling them to work well with others.

Citizenship Applicants must be United States citizens, and awards will be contingent upon obtaining appropriate security clearance, as work at the Hughes Research and Development Laboratories may be related to National Defense projects.

Universities Candidates for Master of Science Degrees must meet the entrance requirements for advanced study at the University of California at Los Angeles or the University of Southern California.

Program Under this Cooperative Plan, commencing June 1953, participants will follow this schedule of employment at Hughes:
FULL TIME—from June, 1953 to Sept., 1953.
HALF TIME—from Sept., 1953 to June, 1954.
FULL TIME—from June, 1954 to Sept., 1954.
HALF TIME—from Sept., 1954 to June, 1955.
Recipients will earn five-eighths of a normal salary each year and attend a

university half time during regular sessions working on their Master's Degree.

The salary will be commensurate with the individual's ability and experience, and will reflect the average in the electronics industry. Salary growth will be on the same basis as for full-time members of the engineering staff. In addition, the individuals will be eligible for health, accident, and life insurance benefits, as well as other benefits accruing to full-time members.

For those residing outside of the Southern California area, actual travel and moving expenses will be allowed up to ten per cent of the full starting annual salary.

Tuition, admission fee, and required books at either the University of California at Los Angeles or the University of Southern California, covering the required number of units necessary to obtain a Master's Degree, will be provided by Hughes Research and Development Laboratories.

Approximately one hundred Cooperative Awards are made each year, if sufficient qualified candidates present themselves.

Candidates will be selected by the Committee for Graduate Study of the Hughes Research and Development Laboratories.

Application forms should be obtained prior to February 15, 1953. Completed applications accompanied by up-to-date grade transcripts must be returned not later than February 28, 1953. Selections will be made during the month of March.

Application Procedure

If you can make the grade, the U. S. Air Force will award you a commission, your wings and pay you over \$5,000 a year!

CAN YOU "take it" 6 days a week? For 52 weeks? Can you meet the high standards required to be an Aviation Cadet? If you can—then here's a man-size opportunity! An opportunity to serve your country and build a personal career that will fit you for responsible positions both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the beginning—

your opportunities for advancement are unlimited.

ARE YOU ELIGIBLE?

To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a *minimum* requirement—it's best if you stay in school and graduate. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER

If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks!

HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination.

3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet Training Class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details: Visit your nearest Air Force Base or Air Force Recruiting Officer. OR WRITE TO: AVIATION CADET HEADQUARTERS, U. S. AIR FORCE, WASHINGTON 25, D. C.
