

# Opportunity Awards To Be Presented Again

This year, for the seventh consecutive time, Opportunity Award Scholarships will be made available to deserving boys throughout Texas who would otherwise be denied the opportunity of attending A&M.

Each year these awards have grown in number, from 12 in 1946 to five times that number for the current year. Winners are selected on the basis of scholarship, leadership, character, need, and the results of their efforts on the competitive examinations held on the campus each spring.

### Given Annually

The amount of the awards ranges from \$200 to \$500 and is given the winner annually for a period of four years, providing he maintains a scholastic average and standard of personal conduct acceptable to the Scholarship Committee.

Early in January every high school principal in the state was requested by the College to submit the names of deserving students. By the middle of this month announcements and applications will have been mailed to these students and to county agents, A&M clubs, and vocational teachers who might pass them on to other interested and qualified boys.

### April 10 Deadline

The deadline for filing applications this year will be April 10, and the competitive examinations will be held early in May here at College Station. Winners will be announced by July 1.

## Loveless Writes Manager's Article

Sidney L. Loveless, Manager in College Station of the Central Texas Agency for the American General Insurance Company, has an article published in the current issue of *Manager's Magazine*, nationally-circulated journal published by the Life Insurance Agency Management Association of Hartford, Conn.

Mr. Loveless, manager for American General at College Station since 1948, had been an agent with the company before graduating from A&M in 1938. Mr. Loveless served in the Army from which he was discharged a lieutenant colonel. He is a graduate of an Agency Management Association management school.

This school year finds 250 students enrolled at the College through the Opportunity Awards Program. For 1952-53 these students will receive benefits totaling \$71,200 from their scholarships.

### Started With Gift

This program which began in 1946, originated with a gift of \$50,000 from A&M men through the Association's Development Fund. Mr. and Mrs. Jesse H. Jones of Houston, through the Houston Endowment, Inc., added \$50,000 for agricultural scholarships in the same pattern. Since that time many Texans have joined to make this one of the major scholastic programs of the country.

As a supplement to the awards, students are given the opportunity of earning additional money through student jobs on the campus and summer employment. By such employment it is possible for the award winner to finance his college education completely.

## Tax Increase

(Continued from Page 4)

identical board with one exception. This is that this board created by the city council would not be supported by taxes, but in the same manner as the present recreation council—through fees and voluntary contributions. This means simply that a board, exactly like the tax supported board would be created, but it would receive no tax aid.

The main purpose of both boards as stated in the proposed ordinance would be, "To conduct a constructive and wholesome program of recreational activities for the benefit of all the inhabitants of the city, particularly the youth."

### Need for Taxes

The need for a tax-supported board was pointed out by Burchard at the city council meeting. He said, "If people want a recreational program, then it is evident that the support must come from tax sources."

This need, he continued, has been brought about by the decrease in contributions to the recreation council. Burchard emphasized that the recreational facilities provided by the proposed board would be primarily for the youth, but everyone in College Station could and is encouraged to participate.

Burchard said he felt confident the motion would carry in the April 7 election.

## Freeport Man Named Prexy

FREEPORT, Jan. 29 — L. D. Deere was installed as president of the Brazoria County A&M Club at the club's annual meeting Wednesday night in the Freeport Community Building.

New vice presidents are Homer Moore of Alvin, Edward G. Boehm of Angleton, H. W. Up-

ham of West Columbia, J. R. Smith of Sweeny, H. P. Ogburn of Brazoria and Ed Ivey of Freeport. R. W. Lorenz of Lake Jackson is secretary and O. M. Brown of Angleton treasurer.

Brazoria County students at A&M College were guests of the club at a "get acquainted" session.

## Pressure Put On Eisenhower

(Continued from Page 5)

said there was no excuse for dropping the old index. He said it opened up the possibility of strikes and industrial unrest because of anticipated disagreement between employers and unions on rewriting their escalator clauses to fit the new index. He said the government has no business "to pull the

rug out from under these contracts."

Of special significance to the whole question is Reuther's contract with the auto industry, covering 1.25 million auto workers. This contract, signed in 1950 and good into 1955, cannot be reopened in any way—unless the old index is discontinued.
