

# Addison Defends Ag Defense Play

Gangling, net-punishing Gene Schwinger of Rice Institute, leading Southwest Conference seasonal scorer, heads the list of players who have taken the court against A&M this season, said James Addison, hustling junior center of the Aggies.

Schwinger has scored 266 points in 13 games and is threatening to break the all time conference scoring record set by another Rice immortal, Bill Henry.

**Addison Real Hustler**  
Addison is probably one of the most improved players on the Aggie five and has earned the respect of all with his constant hustling. He appeared in only nine games last year and scored only seven points. Through the Rice game, he had scored 56 points and had played in every game.

The six foot, six lipan product was second on the squad in rebounds with 60, trailing only Leroy Miksch. He also holds one of the best free throw records on the squad, 26 of 38. James has connected on one third of his field goal tries, sinking 15 of 45.

Comparing Schwinger with Baylor's John Starkey, leading scorer in conference play and called the most improved player in the league, Addison said, "Schwinger is a much smoother player than Starkey, and I think he is a better all around player."

Starkey scored 28 points against the Cadets in Waco but Addison thinks he will have a much tougher time Saturday night, with 6 foot 8 1/2 inch Roy Martin guarding him.

A "sinking" defense, in which the two outside defenders drop back to clog the middle, should also confine Starkey's scoring efforts, Addison believes.

### Race Wide Open

Asked about the conference title outlook, James replied, "Just say I don't think Texas will win it. I hate to choose between Rice and Baylor because both have good clubs. TCU has to be considered, too, after they beat Arkansas in Fayetteville." He credits SMU's great showing in the conference tournament, which they won, to some fine heads-up playing.

"I think we're going to get steeper and become a better ball club," James said. "We haven't (See ADDISON, Page 4)

# Bobby Jackson, David Bonnen Are Tiger Aces

By JERRY ESTES  
Battalion Sports Writer

Two of the reasons for the Consolidated Tigers success in basketball and football this year are Bobby Jackson and David Bonnen.

Both boys, who are quiet and very unassuming about their athletic talents, are excellent football and basketball players. Jackson is a fine tennis player, while Bonnen plays baseball with considerable ability.

Jackson, a 6-4 junior, is the big offensive punch with 250 points

in 21 games for a 12 point average. He is a good hustler on rebounds and a fine team man.

### All-Tournament Selection

In tourney play this year, Jackson has been selected to three all-tournament teams, including the Sinton tournament which consisted of all class AA teams with the exception of Consolidated.

Consolidated reached the finals of this class AA tourney before losing by three points.

Coch Chafin considers Jackson one of the finest basketball pro-

spects he has ever coached. "Jackson should make some school a fine boy," Chafin said.

Football is also one of Jackson's favorite games. He was the only member of the CHS squad to be selected for All-District honors on both the offensive and defensive team. He was selected for an end position.

### Jackson is Versatile

As if playing basketball and football weren't enough, Jackson is a good tennis player. Last year, he teamed with Fred Anderson to reach the state finals in the double competition of class AB.

The Tigers are currently tied with Snook for the district basketball lead, both with a 7-1 record. They met Snook Feb. 10 in a game that could easily decide the championship. "We have at least a 50-50 chance, and I think we can beat them" said Jackson.

### Bonnen Defensive Ace

Bonnen, the 17 year old 5-9 junior, is the sparkplug and defensive ace of the team. He has also done his share of the scoring with 150 points for a 7.1 average.

As Bonnen declined to talk about himself, Jackson said Bonnen had been a source of spirit to the team all year, and was the big factor in defeating Hempstead, the Tiger's bitter rival, in the tournament finals at CHS this year.

When asked about the team's chances against Snook, Bonnen just replied, "We are ready." Snook's victory over the Tigers earlier this year came when three of the Consolidated starters were out with the flu.

### Four-Sport Athlete

Fullback is the position Bonnen holds down on the Tiger football team. He also is a good baseball player, playing any infield position when called upon.

Track also receives its share of time from Bonnen, who runs anything from the dashes to the mile run.

Consolidated has three district games yet to play: Feb. 6, Somerville comes to the Tiger gym, Feb. 10 CHS travels to Snook, and Feb. 13 Sharp winds up the season with a game here.

# A&M Keglers Start MSC Games Today

A school-wide bowling tournament, open to any regularly enrolled student of Texas A&M, will be held at the MSC starting today and running through Wednesday, Feb. 11.

Sponsored by the MSC bowling committee, the tournament is held at the beginning of each school semester in the hope that the Texas A&M Bowling Club members may contact the very best bowlers among the students (both graduate and undergraduate) and encourage them to become members of the MSC Bowling Club to represent the MSC in competition against other college and university bowling teams.

### Open to All Students

Special invitation is extended to fish and graduate students to participate, and the ten students who bowl the highest scores during three-line sessions (a total of nine lines of bowling) will constitute the two teams to compete in intercollegiate bowling, provided they become members of the Bowling Committee (Club) of the MSC.

### Team is Flexible

During the course of the semester, club members with the highest averages will constitute the Bowling Teams of the bowling club. A bowler must retain one of the top ten averages to continue representation of the club. Initial semester averages will be based on the results of this tournament. A student may join the club

at any time after the conclusion of the tournament and be eligible to represent the MSC upon completion of nine lines of bowling, provided his average places him among the top ten.

Entry blanks are available at the desk of the MSC bowling alleys, and MSC Bowling Club members invite discussion of any phase of the tournament or of the activities of the bowling club.

In order to qualify for the MSC Bowling Club, three lines may be bowled during each of any three of the following bowling sessions:

- Feb. 4-1-5; 7-10 p. m.
- Feb. 5-1-5 p. m.
- Feb. 6-1-5 p. m.
- Feb. 9-1-5 p. m.
- Feb. 10-1-5 p. m.
- Feb. 11-1-5; 7-10 p. m.

# Baseball Players Will Meet Today

Freshman baseball candidates and varsity baseball prospects who have not registered with Baseball Coach Beau Bell are asked to meet at 5 o'clock this afternoon on the south side of DeWare Field House for a short meeting. Date for opening drills for both squads is set for Feb. 15, Bell announced.

# "Represents education that continues,"

says **GEORGE GALLUP**  
Founder of the American Institute of Public Opinion, formerly Professor, Pulitzer School of Journalism, Columbia U.

"A serious weakness of the American educational system is the missing link between what we are taught in school and what we learn after leaving school. The Reader's Digest represents education that continues. It arouses and satisfies keen interest in the vital issues of the day and in varied fields of lasting knowledge."

Look at the wide range of subjects in any issue—The Reader's Digest is designed for the well-rounded individual who cultivates interests far wider than the confines of any particular field.

From the wealth of material that is published each month, the editors select those outstanding articles no thoughtful person would want to miss. Each article is condensed to present the essentials clearly, yet preserve the full content and flavor of the original.

The Reader's Digest offers a continuing liberal education for millions of men and women with alert, open minds.

In February Reader's Digest, you'll be interested in *Silicones—Magic Sand*—story of the new chemical family that may prove one of science's most useful gifts; *Our Children's Debt to John Dewey*—portrait of our "most complete expression of American genius," whose own children inspired progressive education; 20-page book condensation: *Back Down the Ridge*—William L. White's war classic on how new medical methods are saving our wounded in Korea.

You can study all your life  
To get a Ph.D.,  
But you've learned nothing till you've found

# A QMC Is Grid Champion by 7-0

A hefty, well-polished A QMC football team, utilizing precision ball-handling and sharp line blocking, marched 75 yards with the second half kickoff to edge Sq. 6, 7-0, in the Class A grid finals. It was the fifth successive year A QMC has played in the finals.

The game's end found Sq. 6 leading in penetrations and first downs, but their great back, Rusty Coleman, couldn't get away for one of his brilliant downfield scampers.

Closely hounded by defensive linemen throughout the game, Coleman came within inches of the tying touchdown on the game's last play. Fading deep into his own end zone, he fired a 60 yard pass which was just in front of its intended receiver.

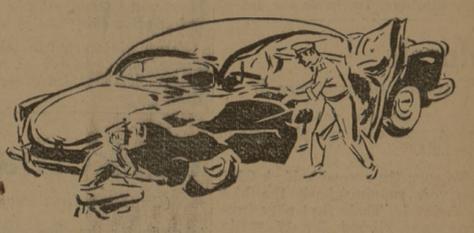

On the preceding play, a beautiful 60 yard pass had been caught beautifully, putting the ball on the 25 yard line. An illegal use of

hands penalty nullified the play, however, costing Sq. 6 a possible touchdown.

Neither team could rack up large gains in the first part of the first half, with some stubborn defensive line play highlighting the action.

Late in the first half, Sq. 6 moved the ball to the 2 yard line, Coleman doing most of the work. He ran for eight on an attempted pass after failing to find an open receiver, then shot a short pass to Bob Rigney, who bobbed and weaved for 24 yards to the 15.

Back for another pass, Coleman appeared to be smothered, but came out of a swarm of linemen to dash nine yards for a first down. He completed a pass up the middle to the two, then was swarmed under for a six yard loss on another pass. A 12 yard loss on a fumble and an incomplete (See MURALS, Page 4)
