The College Station Council of Church Women will observe the World Day of Prayer with a special service at 10 a. m. Feb. 20 at the A&M Presbyterian Church.

Mrs. Dan Davis, president of the Council, will preside. Mrs. E. G. Fuchs of Our Saviour's Lutheran Church will be the program leader. The theme of the day is "Walk as Children of Light."

A trio composed of Miss Doris Coulter, Mrs. J. G. Moffitt, and Mrs. F. C. Whitmore will offer two vocal selections.

Worship Service

Christian people all over the world will be praying at the same time and using the same worship service. The World Day of Prayer originated in the late 1800's

and has been observed annually since then.

Mrs. J. Gordon Gay, program chairman for the World Day of Prayer said that all people of this community who are interested are urged to attend.

The unusual Sunday School class whose members attend in couples, serve as officers by couples and even have a couple to teach and sponsor them installed the new officers in a candlelight service in the Upper Room Chapel of the A&M Methodist Church Sunday.

The new officers of the Kum Dubl class are Jean and Warden Mayes, president; Harold and Conchita Taylor, vice president; Bill and Beverly Daniels, secretary-treasurer; Charles and Mary Alice Jordan, worship and study chairmen; Lottie and Dora Yates and Tommy and Bobbie Houston church loyalty and evangelism chairmen; Benton and Marie Storey, social action chairmen; Bud and Lura Griffin and Betty and Bill Bradley, recreation chairmen; and Mrs. Gladys Hager, sunshine chairman.

Organ Prelude

The service was opened with an organ prelude by Mrs. Pat Harcastle. Phil Rouse gave the history of the class. Following the installation service, the lesson was taught by Dallas Belcher who is co-sponsor and co-teacher with Mrs. Belcher of the class.

Dr. T. F. Mayo, of the English department, will discuss "Culture and Architecture" tonight at the first meeting of the Architectural Wives Society in the YMCA. The new officers will assume their duties.

Mrs. Helen Wiegler is the new president. The other officers are Mesdames Jo Ann Rush, vice president; Jean Ross, secretary treasurer; Virgie Sellars, program chairman; and Gayle Byner, social chairman. Mrs. Richard Vrooman will be the sponsor.

All wives of students majoring in some phase of architecture may join in the activities of the club on the second and fourth Wednesdays of each month.

Programs on architecture will be presented on the second Wednesdays: The programs will include "Colors in Architecture" by Dick Vrooman architecture in-

structors, on Mar. 11; slides and discussion of famous buildings by Ernest Langford, head of the architecture department, on Apr. 8; "Opportunities of a Young Practicing Architect" by William Caudill, Bryan architect, on May 13.

Book Review

The fourth Wednesday programs will include a book review, bingo party, and a discussion and showing of contemporary fabrics on Feb. 25, Mar. 25 and Apr. 22, respectively.

Mrs. D. H. Morgan is having get acquainted coffees this week. Her guests include faculty wives. In December, Mrs. Morgan was hostess for several similar coffees.

Mrs. Mary Cox, state food and nutrition specialist for the Extension Service, gave a demonstration talk on food and nutrition for the family at a meeting of the Dames Club last week.

Mrs. Joan Parker and Mrs. Shirley Mahan were hostesses at the refreshment hour following the program. About 20 Dames and their guests were served refreshments.

Study Club

Mrs. A. W. Melloh and Mrs. M. T. Harrington spoke about Women in the News at the Campus Study Club meeting last week. Hostesses for the afternoon were Mesdames Jack T. Sloan, M. H. Butler, and Lynn L. Gee.

Robert L. Boone, accompanied by Miss Betty Bolander at the piano, gave a program of vocal selections for the Newcomers Club last Wednesday. The Newcomers will meet next Wednesday in the cabinet room of the YMCA and entertain their husbands at a game party beginning at 8 p. m.

for officiating, winners' medals, tie-clasps for athletic officers, watches awarded to senior managers, and sweaters given to sophomore and junior managers.

Barbecues held for athletic officers and intramural officers are also financed by the \$2,800.

Welch said all these things would be done away with if the student activity money is not made available.

Equipment for use in intramural athletics which amounts to \$1,500 yearly is purchased through Exchange Store profits. Operation of the program, however, is carried on through the student activity fee assessment of 50 cents per student.

The intramural program also finances other athletic teams which compete in intercollegiate athletics, Welch said. Included in these teams whose expenses are paid through intramural funds, are the tumbling club, handball club, soccer team, soft ball team, wrestling team, and weight lifting team.

Welch said these organizations would be disbanded or forced to pay their own expenses if the student activity fee is not allowed to be collected.

"We have already closed the little gym after 5 p. m. because funds have been lost from approximately 12 per cent of the students who did not pay their student activity fee this semester," said Welch. The intramural director claimed sports participation for students is almost a necessity.

"There are few places with such

ideal conditions for offering sports activities for student competition. The boys at A&M have indicated their desire to take part in these activities. If they aren't playing in a game they are out in some vacant lot throwing a ball.

"Fifty cents is very little for students to pay for the pleasure of participating in intramurals. Their overall participation is indicated by the fact that 3,800 took part in the first semester alone, and 13 more sports will be carried in the spring semester."

Nothing-no, nothing-beats better taste and LUCKIES TASTE BETTER! Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke? You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy-GO LUCKY!

I've tried all kinds of cigarettes To find the one that's best - It's Luckies' cleaner, fresher taste That way outranks the rest!
