SPORTS SHORTS

By GUS BECKER
Sports News Editor

The A&M Student Aid Fund was helped considerably this fall when the Air Force and Ground Force played a football game with over \$2000 going to the Fund.

There was not only monetary profit from the game, but enjoyment for the student body. It also gave the coaches a chance to look over the material they wouldn't have had time for otherwise.

Since the football game was so successful, the Student Aid Fund committee might find it to their advantage to try and stage an Air-Force-Ground Force basketball game.

A basketball game would be easier to hold than the grid game. The same system could be used, in that the seniors graduating from the Cadet cage squad could coach the opposing quintets.

Since there wouldn't be as many men involved a preliminary game between the Air Force - Ground Force freshman could be put on to give more boys a chance to play.

The game, if staged, would probably be well received by all parties concerned. The Student Aid Fund Committee would certainly be able to use the money involved.

The Air Force would jump at the chance to avenge their 0-7 loss to the Army on the gridiron, while the Army would like a chance to hand the Air Force boys another loss.

The senior coaches would have a chance to coach before they leave school, and Coach Floyd of the varsity might discover some players for the future Aggie cage teams.

If the Student Aid Fund Committee wouldn't want to put on the game, the March of Dimes might find it profitable.

UN Club to See Film 'Egypt, Old and New'

The film "Egypt, Old and New" will be shown at 7:30 p. m. tonight at the UN Club meeting in the YMCA Chapel.

Soccer Team Plays In Houston Sunday

The Aggie soccer team, holding down first place in the league with a record of two wins, one tie, and no losses, journey to Houston Sunday for a game with the University of Houston team.

The Ags last Sunday scored a 1-0 victory over the Texas soccer team on the Aggies' home field, the only score coming in an early second half boot by Mauricio Lasega.

Owl Invasion Set For Saturday at Field House

By BOB BORISKIE
Sports News Editor

The Aggie varsity basketball team will try to snuff out the last Rice Owl championship spark, and the Fish basketballers will again try to register their first win of the season against the Owlets in a two-game duel at DeWare Field House Saturday night.

very much to pull the Owls down into the also-ran group.

Featuring high-scoring Gene Schwinger, the hub of the Owl offense, the feathered tribe will be feeding the ball to Schwinger at every opportunity. The assignment will probably fall to Roy Martin, rapidly improving Aggie soph center who did a commenda-

Miksch may be called on to share watchman duties over Schwinger.

The other forward positions will be filled by either Rodney Pirtle or Bob Johnson, two sophos who came to the varsity squad from last year's Fish team and through driving styles and good basket shooting talents, have nailed down many starting assignments.

Moon Returns

At guard will be Don Moon, soph fireball and outstanding dribbler who has returned to the Aggie line-up after missing several games, and Don Binford, junior player who has temporarily lost the knack of coaxing the ball through the basket.

James Addison, junior center, and Don Heft, senior forward, are players most frequently called on by Coach John Floyd to keep the attack moving or to plug up the defense.

Leroy Miksch

Wrestling to Open Spring Intramurals

Wrestlers kick off feature intramural sports activities for the second semester Tuesday afternoon, as the spring semester's sport program gets into full swing.

Schedules have been drawn up and sent out and a demonstration of basic holds, break aways, and scoring will be held today in the little gym at 5 p.m.

No spectators will be allowed at wrestling matches this year. Only the unit athletic officer or his representative may attend.

Handball also gets underway Tuesday, with schedules having been drawn up.

All-Intramural football and basketball teams are being selected by athletic officers and will be released within the next week.

Tigers Clinch Flag With Easy 66-52 Win

By CLIFTON BATES
Staff Correspondent

The Consolidated quintet clinched the district pennant last night with an easy 66-52 victory over the Milano Eagles in Milano.

Milano started out fast, built a 15-13 edge at the end of the first quarter, and added to their lead to leave the court at halftime, sporting a substantial 35-30 margin.

Coming back for the second half with lots of zip, the Tigers, led by Bobby Jackson, surged to the front, setting up a one point margin going into the fourth quarter, 47-46.

The final stanza found the Tigers getting inspired play from Fred Anderson, who scored six points, followed by David Bonnen with five, and Pinky Cooner, tallying four. With this high-scoring trio leading the way, the Tigers continued to pull out in front to win going away, 66-52.

The Consolidated Tigers also won the "B" game in very easy fashion, chalking up a 25-9 bulge

by halftime, and stretching the margin in the second half to win by a lop-sided score of 57-27. Pinky Cooner led Tiger scoring in the game, stripping the netting for 19 points. He later played a sterling game in the "A" encounter.

With the district title already safely tucked away, the Tigers wind up district play tomorrow night at Consolidated Gym with Sharp, starting at 7:30. There will be no "B" game played.

Box score:

A&M Con. (66)	Milano (52)
fg. ft. fl. tp.	fg. ft. fl. tp.
Mothersal 3 1 4 7	MaGee 4 2 2 10
Andrews 3 1 3 7	Black 0 0 1 21
Jackson 8 4 3 20	Owens 3 2 5 8
Bonnen 3 2 2 8	Brashear 2 2 5 6
Cooner 3 2 3 8	Hood 0 0 0 0
Anderson 5 6 1 16	Ribford 3 1 1 7
	Springer 0 0 4 0

Attention June Graduates

GOODYEAR AIRCRAFT CORPORATION

INTERVIEWING FEBRUARY 17-18, 1953

Representatives of Goodyear Aircraft Corporation, Akron, Ohio will be on your campus to interview seniors and graduate students in the following technical study:

- MECHANICAL
- INDUSTRIAL
- ELECTRICAL
- METALLURGICAL
- CIVIL
- ENGINEERING
- PHYSICS
- MATHEMATICS

for opportunities in

- Design—Complete lighter and heavier-than-aircraft and components, airframes, power plant installations; controls, hydraulics; electronic systems; fuel cells, canopies, wheel and brakes, etc.
- Production Engineering—All phases metal fabrication manufacture.
- Plant Engineering—Light heat power application including machine design.
- Tool Planning including Tools, Dies, Jigs, and Fixtures.
- Development—Missile, airship, jet aircraft and helicopter projects; electrical and electronic systems, servomechanisms, fiber resin laminates and many other projects having both military and non military applications.
- Stress and Weight Analysis

Apply NOW for interviews at your Placement Office

In a Career in Petroleum

Plan to see representatives of Stanolind Oil and Gas Company, who will be on the Texas A & M campus next Tuesday, February 17.

K. C. Thompson, division geophysical supervisor, will interview men majoring in geological, geophysical, and electrical engineering, mathematics, and physics, for positions in Stanolind's geophysical department.

J. C. Lipscomb, division title surveying supervisor, will interview men majoring in civil engineering for positions with Stanolind's title survey section of the company's land department.

D. D. Gillespie, division engineer, will interview men majoring in mechanical, petroleum, and chemical engineering, for positions in Stanolind's producing department. Gillespie will also interview juniors majoring in these fields of engineering for possible summer employment.

Stanolind is one of the five leading producers of crude oil, natural gas and natural gas liquids in the U. S. The company has exploration operations throughout Texas, New Mexico, and the entire Gulf Coast, Mid-Continent, Rocky Mountain, and Canadian areas.

Excellent opportunities are provided for capable, qualified applicants. You should investigate Stanolind before making any job decision.

For an appointment to see either Thompson, Lipscomb, or Gillespie, contact Mr. Wendell R. Horsley, Director, Placement Office.
