## Soccer Team Blanks BAFB In Fifth Win

The Aggie Soccer team won their fifth game of the year by a score of 4-0 over Bryan Air Force Base.

Captain G. Cardenas scored all four goals for A&M to send him into the league scoring lead with 15 goals.

A&M's first goal came on a free kick by Cardenas. On a free kick, the ball is placed 12 yards in front of the goal posts with no one but the goalie given a chance to block the kick.

The second goal came on a pass from the right wing to Cardenas who booted it between the posts.

Early in the second half, the Bryan goalie made an attempt to catch the ball a little too far from the goal and Cardenas kicked the ball over his head for the third score.

The fourth goal came just 10 minutes before the end of the game on a strong 20 yard kick by Cardenas.

"The team is improving all the time, and the new members are really showing up fine," said Cardenas.

Allen Academy comes to A&M for the next game on March 4. The Aggies wind up regular season play against Texas.

### When Grover talks to his dreamboat - something clicks

A call from Dreamboat always clicks with Grover. And an Automatic Message Accounting machine has been clicking too - down in the telephone office - busily punching impressions on a paper tape.

You may be interested in what this ingenious recorder does. It keeps track of what telephone number you called, how long you talked, and records this information in such a way that another machine can automatically prepare a monthly bill.

The development of this new automatic accounting machine is the result of team-

work by Bell Telephone Laboratories, Western Electric and the telephone companies. Telephone people working on this and other interesting and important projects were in college just a short time ago. Perhaps you'd like to join them.

Your Placement Officer can give you details about employment opportunities in the Bell System. Or write to American Telephone & Telegraph Company, College Relations Section, 195 Broadway, New York 7, N. Y., for a copy of the booklet, "Looking Ahead."
