

Three File For Council Election April 7

Three men have filed for College Station City Council positions. The election will be April 7.

They are J. A. Orr, 400 W. Dexter, Ward One; G. W. Black, 205 Walton, Ward Two; and Ernest Seeger, 305 Patricia, Ward Three.

Orr and Black have served on the council before.

Deadline for filing is Saturday, March 7, a month before the election.

Out-going councilmen are W. H. Badgett, Ward One; Joe H. Sorrells, Ward Two; and A. B. Fitch, who moved from Ward Three. These men are eligible for re-election to the council but have not filed.

Remaining on the council are Marion Pugh, Ward One; Harry Boyer, Ward Two; and A. B. Boyett, Ward Three. Their terms will end next year along with Mayor Ernest Langford's.

Candidates for the council must be qualified Texas voters and residents of College Station for two years. They also must not owe any back taxes.

There will be no referendum issues in the April 7 election, said Ran Boswell, city manager.

AF Survey

(Continued from page 1)

many of the forms filled out by those not desiring flight training was the fact that the Air Force was over-emphasizing the pilot program.

One senior said, "If a person doesn't want to fly, no amount of persuasion will make him want to fly."

Time Should Be Equal

Many felt that the time required for active duty should be the same. Either equalize it at four years or make both flying and non-flying enlistments three years, was one suggestion.

A senior who intends to go to flight school feels the AFROTC should give more preliminary training in "everything from Link Trainers to jets. Another flight senior thinks the program would be "swamped" with applicants if both enlistments were made the same.

Singing Cadets Back from Austin

One of the most cordial receptions given the Singing Cadets this year was the one received by them in Austin yesterday, said W. M. (Bill) Turner, director.

Singing before the House of Representatives, the glee club presented a special program for Texas Independence Day. Among their selections were "Onward Christian Soldiers," "The Spirit of Aggieland," "The Eyes of Texas," and "Sound Off."

The next tour of the A&M singing group will be March 12-15 when they will visit Brownwood, Amarillo, and Sherman.

Vegetable Institute Closes in MSC

The fifth annual state-wide Vegetable and Fruit Institute is being held in the MSC, said John E. Hutchison, extension horticulturist and program chairman. The institute will end today, he said. The program, sponsored by the horticulture department, features tomatoes, onions, watermelons, and salad vegetables.

Outstanding authorities are discussing the various phases of growing and handling fresh vegetables and fruits, Hutchison said.

There are many fruit and vegetable growers, shippers, carriers, processors, and representatives from allied interests, county agriculture agents and vocational agriculture teachers attending meeting, he added.

A "get-acquainted" banquet for those attending was held in the MSC last night.

Engineer Riflemen Given Gold Medals

ROTC Engineer Rifle team members were presented gold medals by Johnny Scott of Monday, president of the local chapter of the Society of American Military Engineers.

Medal winners were Harold R. Cain of Fort Worth, Edmond R. Dawson of Corpus Christi, Howard S. Mims of Dallas, Carroll R. Martin of El Campo, Carl W. Wilson and Alfred P. Williams of Waco.

They fired in seven matches, including two against Rice Institute and University of Texas. In the national SAME, they fired a score of 1756. Final results of the SAME are not yet available.

Alfred P. Williams, having the highest score and highest competitive average, including a 376 out of a possible 400 in the nationals, will be awarded the San Antonio Post SAME trophy on Mother's Day, May 10.

Mays' Lecture Closes Teacher Meet in MSC

The untrained individual or society has little chance for advancement in the world of today, said Dr. A. B. Mays, University of Illinois, in his speech at the fifth annual Industrial Teachers Conference Friday night.

Dr. Mays, retired head of the industrial education department at the university, was principal speaker at the conference. His subject was "The Role of Vocational and Non-Vocational Practical Arts Education."

Chris H. Groneman, head of the industrial education department at A&M served as general chairman for the conference. Almost 250 teachers, supervisors, directors and teacher-trainers for industrial arts and vocational education attended the two-day meeting. Texas, Louisiana, and Arkansas were represented.

Dr. David H. Morgan, dean of the college, and Edwin Arnold of Overton, president of the A&M Industrial Education Student Club, welcomed the group to the campus.

Poultry Contest Slated in Memphis

The Junior Poultry Judging Team is scheduled to attend the Southern Collegiate Poultry Judging Contest in Memphis, Tenn., April 16-17. The team will compete in three divisions; production, breed selection and market products. The production division consists of judging five classes of hens against trap nest records.

The breed selection division consists of breeder and potential breeder selection. Market products will make up the last division.

The teams competing will be representing all the land-grant colleges of the south.

The contest is sponsored by The Memphis Feed Manufacturers.

Building Permits Total \$15,500 in CS Area

Three building permits, totaling \$15,500, were issued in College Station during February.

Two were for the building of new houses. They were issued to the B. W. Construction Company and the Marion Pugh Lumber Company.

The third, issued to Wayne Todd, was for additions to a house.

Nine permits were issued in January.

"Amazing variety and practical wisdom"

says DR. ANDREW W. BLACKWOOD Temple University, Philadelphia, Penna.

"The Reader's Digest helps a busy man to understand life in these United States, in the United Nations, and even in Soviet lands. With amazing variety, and a world of practical wisdom, each monthly issue helps the reader to interpret life on earth today, with more than a few glimpses of tomorrow."

Each month, Reader's Digest editors comb through more publications than any one person could read in two years, and select whatever seems of outstanding interest.

Each article is carefully condensed to preserve both its content and flavor. The wide range of subjects stimulates new interests, encourages a further search for knowledge.

In a real way, Reader's Digest helps continue the education of millions of readers in America and all over the world.

* * *

In March Reader's Digest, you'll be interested in *The Earth Is Born*—latest scientific theories on how our earth began, how it will end; *We CAN Win the War in Korea*—William Bullitt's analysis of how we can end the bloody stalemate; *Fred Walter's Amazing Cinerama*—how a self-made scientist is bringing breath-taking realism to movies.

MSC to Present Guatemalan Cellist

College Concert Series will present Carlos Taniagua, cellist, and his company Friday, March 6, at 8:15 p. m. in the Assembly Room of the MSC. The concert will be open to the public.

Taniagua is sponsored by the Guatemala government, sent here on a Rotary Club scholarship. A native of Guatemala City, he studied under Henrick Joachim at the Guatemala Conservatory for eight years and under Horace Britt, Belgian cellist and founder of the University of Texas string quartet. He has also played with the Salvador and Guatemala Symphony Orchestra.

Program for the concert includes "Sonata in D Minor" by Corelli, "Concerto in B Minor, Opus 104," by Dvorak, "Preludio from Suite No. 3" for unaccompanied cello, by Bach, "Sonata" by Sammartini, "Song Without Words" by Mendelssohn, and "Mazurka" by Popper.

Public Schools Give First Program

The first program of the Public School Week series was broadcast yesterday from 5:45 to 6:30 p. m.

Statements from Gov. Allan Shivers, Mayor Ernest Langford, Supt. L. S. Richardson, chairman of the School Board, E. E. Brown and Dr. F. C. Bolton, president of the College Station Development Association and Chamber of Commerce were read.

This was followed with a skit on Texas history.

The series of six broadcasts is a part of Public School Week, March 2-7. All of the broadcasts will feature students from A&M Consolidated High School, junior high, elementary school and Lincoln School for Negroes.

These programs are designed to create interest in the students' activities in the schools.

Starting with today's broadcast featuring music and interviews of elementary school students, the time and length of the program will be 6 to 6:30 p. m. daily.

Over 1,100 Cadets Take ROTC Tests

More than 1,100 cadets took part in the ROTC surveys and tests. Included in this figure are 750 seniors and 400 undergraduates.

"There were no totals or results tabulated here," said Col. Taylor Wilkins, assistant commandant. "The tests for the Air and Ground Force will be sent to Lackland Air Force Base in San Antonio."

Orders for the testing came from the Departments of the Air Force and Army. Six schools are taking these tests which may serve as the basis for a revised ROTC program.

The tests will be completed when the make-up physical tests are completed. Only seniors are taking these. The other three classes took written tests or surveys.

Results of the physical testing covered a wide margin. The numbers of push-ups ranged from 0 to 22. Darrow Hooper took tops in basket ball throwing. He threw one nearly 155 feet.
