

Fite-Nite Results

(Continued from Page 3)

filled Fite Nite program. Fans were hard-pressed to keep up with all the action, with both boxing and wrestling bouts run off at the same time.

Robert Rowland, Sq. 11, snared both the 137-pound wrestling and boxing titles in his outstanding performance. After decisioning Odes Mattiza, AAA, in the ring, Rowland came back with 20 minutes rest to pin Gene Andrews, BFA, in 1:30 to take the mat crown.

Outpointing Jerry Pyle, Sq. 7, '52 fish camp, by a 4-2 score, in the 147-pound final, Rudy Henson, Sq. 5, took home his third intramural wrestling title. Rudy counted twice on take-downs in each of the first two periods.

Defending champ Phil Randol, A Inf., showed his explosive hitting power in gaining a first round TKO of O'Neil, Sq. 6, in grabbing the 177-pound boxing title. Randol fired home a power-filled right hook to the head near the end of the round that put O'Neil helpless against the ropes.

Power-hitting Guillermo Cardenas, Bizzell, and James Earle, Sq. 8, slugged their way to repeat

wins in the 157-pound and 147-pound ring bouts. Cardenas out-hit Billy Brown, A Ord. Earle put the stopper on Pete Ramirez, Sq. 10, '52 137-pound fish champ. Making good use of his longer arms, Earle staggered his shorter foe several times with savage right hands to the head. He had Ramirez helpless on the ropes in the third round.

Giant Fred Broussard, Sq. 8, floored Jerry McGuire, Sq. 14, with a straight right to the face in the first round to take the heavyweight boxing crown. It was Broussard's only solidly-landed punch of the fight.

Big H. D. Maxwell, A Arm., gained the referee's nod over ponderous Delbert Davis, Co. C, in the heavyweight wrestling final. The score was knotted, 1-1, at the end of the bout. Davis was defending heavyweight champ.

Here is a summary of the Fite Nite program:

Boxing

123 pound—Russell Condon, A Inf., decisioned Dan Alexander, Maroon Band;

130 pound—John Greer, AAA, decisioned Gene Dayhoff, Sq. 9;

137 pound—Rowland decisioned Mattiza;

147 pound—Earle decisioned Ramirez;

157 pound—Cardenas, decisioned Brown;

167 pound—Jesse Couch, Sq. 18, decisioned Tom Skrabanek, Sq. 10;

177 pound—Randol TKOed O'Neil;

191 pound—Russ Blocker, Sq. 6, decisioned Rowe Caldwell, B Inf.;

Heavyweight—Broussard TKOed McGuire;

Wrestling

123 pound—Paul Cameron, Sq. 4, decisioned Clarence Gay, Sq. 14, 5-4;

130 pound—Robert Beattie, A Eng., decisioned Edgar Fisher, A Eng., 2-0;

137 pound—Rowland pinned Andrews;

147 pound—Henson decisioned Pyle;

157 pound—Don Johnson, A Ord., decisioned Bill Dodd, Sq. 11, 3-2;

177 pound—John Benafield, Sq. 11, decisioned Charles Granton, A Inf., 9-7;

191 pound—Gus Shaw, Sq. 3, decisioned Jerry Van Hoosier, C FA, 7-6;

Heavyweight—Maxwell decisioned Davis.

Rodeo Team

(Continued from Page 3)

the Big Spring Junior Rodeo. He now ranks second in the NIRA steer wrestling averages.

Final roper on the team is Joby Connell of Barksdale, Connell won the double muggin' at the All-Aggie Show this year.

Entering the bull riding events will be Jim Watson of San Augustine. Watson first in bull riding at the Oklahoma A&M and Texas Tech NIRA rodeos last year.

Alternate for the Houston show is J. W. McDonald, a senior from Moody. He will substitute for team members unable to participate in roping and bull riding events.

Spring Training

(Continued from Page 3)

ing scored the other Maroon TD's. Ronald Robbins, Maroons and Charles Ritchey, Whites were the quarterbacks. Don Ellis and Ed Hennig, were both out for baseball.

Connie Magouirk looked very good at the left halfback position, as he made long runs, almost going all the way several times.

Although the Aggies will not be too deep in depth, "you don't ever get too deep," commented coach George.

First 'Half-Wing' Awarded Student

The first pair of flight training wings was presented Monday to James H. Thomas, senior electrical engineering major from Denton. Col. John A. Way, PAS&T, made the presentation at Easterwood Airport.

The wings are authorized for all senior, junior and sophomore AFROTC cadets who have applied or who intend to apply for flight training. Cadets will receive certificates from Way which allow them to buy wings.

Thomas was among the first to apply for flight training. He applied on Oct. 23, 1952.

The wings are used as an incentive to induce more cadets to apply for flight training, said Way. They have been awarded before to AFROTC cadets at some northern universities, he said.

The Exchange Store received a shipment of the wings last week. They cost \$1.50 each.

Teague to Speak Here Friday Night

Olin E. Teague, congressman from the sixth District, will speak at 8 p.m. Friday on "How Congress makes a law." The program will be held in the MSC Ballroom.

Teague is the author of the Korean G.I. education bill. In a letter to J. T. Duncan of the history department, Teague said he hoped all Korean veterans would attend the speech.

The program is being sponsored by the history department.

Commentator Late For March Issue

The Commentator, due to come off the presses late this month, will probably be delayed, said Roland Bing, manager of student publications.

The numerous inspection trips being made by the staff, and a slowdown by photoengravers, are the main reasons for the magazine not reaching the students on time, Bing said.

The Engineer, also due the last of March, will not be out until early April because of the same delays, he said.

The Agriculturist will not be printed, as has been previously reported, but the Southwest Veterinarian will be published later this spring as scheduled Bing said.

IF YOU CAN WIN THESE WINGS YOU CAN EARN \$5,000 A YEAR AFTER GRADUATION

Important facts about the opportunities for as a Commissioned Officer—Pilot or Aircraft Observer in the United States Air Force

Must I be a college graduate to take Aviation Cadet Training?
No. But you must have completed a minimum of 60 semester hours or 90 quarter hours toward a degree. In addition, under the new Aviation Cadet training program, you must be between the ages of 19 and 26½ years, unmarried, and in good physical condition—with high requirements for eyes, ears, heart and teeth.

How long before I get my commission?
60 calendar weeks. You will receive the finest aviation training in the world—training that not only equips you to fly modern military aircraft but prepares you for executive and administrative work as well. At the completion of your training, you will have acquired a commission as a 2nd Lieutenant and the coveted silver wings of the United States Air Force.

Where do I take my training?
Pre-flight training will be at Lackland Air Force Base, San Antonio, Texas. Primary, basic and advanced training will be taken at any one of the many Air Force bases located throughout the South and Southwest.

What happens if I flunk the training course?
Every effort is made to help students whose progress is unsatisfactory. You can expect extra instructions and whatever individual attention you may require. However, if you fail to complete the course as an Aviation Cadet, you will be required to serve a two-year enlistment to fulfill the minimum requirement under Selective Service laws. Veterans who have completed a tour of military service will be discharged upon request if they fail to complete the course.

What pay do I get as an Aviation Cadet? And after?
As an Aviation Cadet you draw \$109.20 a month pay. In addition, you get summer and winter uniforms, flight clothes, equipment, food, housing, medical and dental care and insurance . . . all free. After you are commissioned a 2nd Lieutenant you will be earning \$5,300.00 a year—with unlimited opportunities for advancement.

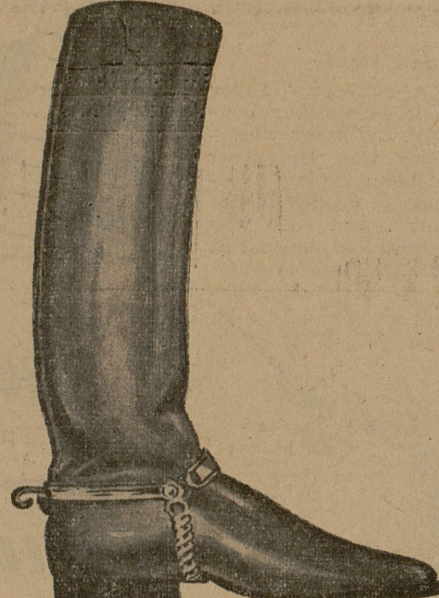

Are all Aviation Cadets trained to be Pilots?
No. You can choose between becoming a Pilot or an Aircraft Observer. Men who choose the latter will become commissioned officers in Navigation, Bombardment, Radar Operation, or Aircraft Performance Engineering.

Your future is assured if you can qualify! Here's what

- 1 Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
- 2 If application is accepted, the Air Force will arrange for you to take a physical examination at government expense.
- 3 Next, you will be given a written and manual aptitude test.
- 4 If you pass your physical and other tests, you will be scheduled for an Aviation Cadet training class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

WHERE TO GET MORE DETAILS
Visit your nearest Air Force Base, Air Force Recruiting Officer, or your nearest Air Force ROTC Unit. Or write to:
