

Garrett Named Editor Of Engineer Magazine

Jack Garrett, junior from Del Rio, has been named editor of the Engineer magazine for 1953-54 by the Engineer Council and Engineering committee.

Also named to head the publication were Roland Bahlmann, associate editor, and Rodney Heath, business manager. Bahlmann is a junior from San Antonio, and Heath, also a junior, is from Corpus Christi.

"Selection of the editor and his assistants is based on initiative, editorial work, and experience in magazine work," said James Richardson, present editor of the magazine.

Garrett, who has worked on the Engineer for one year, is sergeant-major of the second regiment, first battalion. Bahlmann, also editor of the Wesley Foundation News, is a member of the Singing Cadets. Heath is on the MSC Council.

"All freshmen who will be sophomores here next year are eligible to work on the staff," Richardson said. Present plans are for eight issues next year.

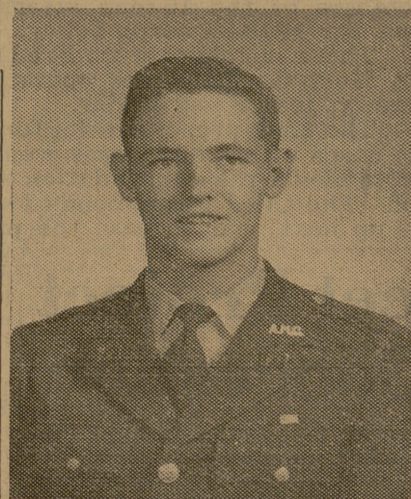

"We expect to have another good year," Richardson added.

The society president, a junior representative, and a senior representative from each of the engineering societies make up the Engineer Council.

Three members of the Council and the editor of the Engineer from the Engineer committee.

Combo to Play For Rue Pinalle Saturday Night

Cafe Rue Pinalle will be held at 8:30 p. m. Saturday in the MSC, said Miss Betty Bolander, program consultant.

Tickets may be purchased at the desk in the MSC bowling alley for \$1.00, Miss Bolander added.

Music for Rue Pinalle will be furnished by a dance combo composed of Ernie Horres, Doug Krueger, and Bill Ard. Ernie Martelino, who is replacing Roddy Peoples, will play the piano.

Special entertainment will be provided by Carmen Hines, vocalist from Fort Worth, and Billie Biggs, modern jazz dancer from SMU. Both Miss Hines and Miss Biggs have appeared here before.

John Childs, master of ceremonies for the evening, will also do impersonations.

Plant Colloquium Talks on Parasitism

"Levels of Parasitism" in Plants will be discussed at the Plant Science Colloquium to be held at 8:30 p. m. Friday in room 2B of the MSC.

"This topic should raise questions that may provide some of the liveliest discussions we have had this year," said James Mahan, chairman of the Guiding Committee. Dr. G. W. Watkin of the department of Plant Physiology and Pathology will be the discussion leader.

The meeting will be open to all students and staff members who are interested.

The Battalion

Lawrence Sullivan Ross, Founder of Aggie Traditions
"Soldier, Statesman, Knightly Gentleman"

The Battalion, official newspaper of the Agricultural and Mechanical College of Texas, is published by students four times a week, during the regular school year. During the summer terms, and examination and vacation periods, The Battalion is published twice a week. Days of publications are Tuesday through Friday for the regular school year, and Tuesday and Thursday during examination and vacation periods and the summer terms. Subscription rates \$6.00 per year or \$5.00 per month. Advertising rates furnished on request.

Entered as second-class matter at Post Office at College Station, Texas under the Act of Congress of March 3, 1879.

Steering Group Lists 'Fish Area' Proposals

The following list contains the advantages which the steering committee for 1953-54 corps policy believes a consolidation of the Corps of Cadets would have over the present system of freshman segregation.

This list was presented to President M. T. Harrington last night. He agreed to consider the proposals.

The advantages pertain to academic, military, morale, and student activity improvement.

Academic

1. More rigidly enforced C.Q. would encourage better study habits.
2. Freshmen would be encouraged to study during free hours as well as during C.Q.
3. Freshmen could make a wiser selection of field of study by being in contact with those further advanced.
4. Freshmen could discuss their work with those who have taken it previously and who understand their problems. They would have access to complete quiz files.
5. The freshmen would develop a competitive academic spirit due to competition within and between outfits.
6. A freshman would be more interested in his basic courses since he would see how they are necessary for his future work.

Military

1. There would be two and one-half upperclassmen to each fish.
2. More responsibility would be given to the sophomores.
3. It would relieve readjustment for fish coming to the new area.
4. It would eliminate the "two-year fish."

Morale

1. A&M is built on spirit.
2. The spirit is divided now. It is characterized by a "go to hell" attitude among the upperclassmen, and an "on the ball" enthusiasm among the fish. The new spirit would be a shot in the arm to the older Aggies.
3. Correction within the outfit would lessen the obvious hazing during public yell practice.

4. A&M is loser without spirit. Men could be taught the feeling of being an Aggie in yell practice as well as out.

5. Good traditions which make an Aggie would be in constant usage. Traditions are a sort of a "moving spirit" and could be constantly taught by example by the upperclassmen. Examples: Corps trip traditions and the Aggie line.

6. Examples would be set by all upperclassmen instead of a few. With the constant reminder that spirit really exists at A&M, more upperclassmen will be setting the example and living the life of a true Aggie.

7. The feeling of one family—a freshman's duties with and for his upperclassmen would deepen the life-blood of A&M now. By living under a good officer, freshmen will be "good fish" and will be ambitious.

8. Men have and feel friendship of a united group.

9. Since men will return to the same outfit next year, each man will do his best to make a good record, thus improving personal as well as outfit standards. There would be less laxity in duties.

Student Activities

1. More freshman participation in intramurals will eliminate the tendency to hold back and will create more interest in the outfit—the feeling of working for and with your group.

2. Freshmen will be better informed as to the wide variety of clubs (home town, honor societies, student publications, etc.) on the campus and will better realize the advantages of participation in these organizations.

3. Reluctance to associate with upperclassmen in club work would be greatly reduced due to association within the outfit.

4. Freshmen could more easily be brought to realize the advantages of taking part in student elections.

5. Freshmen would become better known and their opinions would be given more consideration in all places—the school, the outfit, instructors, and college officials.

6. By personal observation and on the basis of participation in intramurals, clubs, and student elections, cadet officers will be better able to determine which men will hold rank.

'Long Voyage Home' Shown Tonight by Film Society

"The Long Voyage Home" will be shown tonight by the A&M Film Society at 7:30 in the MSC Ballroom.

The film is based on a play by Eugene O'Neil.

"Arsenic and Old Lace" is one of the films to be shown by the society during the 1953 summer session, said Ed Holder, president.

This film has received much acclaim from the general public and is one of the best that will be shown, Holder said. "Julius Caesar" and "Les Miserables" will be shown also, he added.

The complete list of films for the summer is as follows: "Hand-over Square," June 2; "Foreign Correspondent," June 8; "Suez," June 11; "Blockade," June 16; "Cristina," June 18; "Captain Kidd," June 23.

Concession Sites Given By Payne

All clubs planning to operate concession booths on Open House Day, May 9, are asked to contact Tom Payne of the Intercouncil Committee for locations.

To avoid duplication, all sites will be given on a first come, first served basis, Payne said.

AF Instructors Assigned to Camp

Summer camp assignments have been issued to 15 Air Force instructors here.

Majors Waldo F. Burt, H. O. Johnson, Julius C. Lowell, and John S. McCannon; Captains C. B. Do-lead, Benjamine E. Paschal, and Randolph G. Phillips; Master Sergeants John P. Collins and John W. Tenery; and Technical Sergeants Turner M. Buford and Marcellas Oberste will go to Bryan Air Force Base.

Major Luther J. Westbrook and Master Sergeant Marion L. Daniel will report to Biggs Air Force Base at El Paso.

Majors Orlan H. Franks and Basil L. Hoyle will go to Ellington Air Force Base in Houston.

These instructors will have to report to their respective bases by June 15.

Seven Students Apply For Flight Training

Seven students had applied by 3 p. m. yesterday for physical and mental tests leading to Air Force observer of flight training, said Major T. J. Rowland, head of the testing team.

The recruiting team will remain in the MSC Gift Shop area until 5 p. m. today. Men who sign up will be tested at Lackland Air Force Base in San Antonio.
