

Wrestlers Go To El Paso International Tourney

Wrestlers left last night for El Paso where they will compete in the international tournament. The team consists of Aden Braslau and Ted...

is the first time the team has received an invitation to an international meet," said Fields. They went to the national amateur fencing league meet in Detroit in June, 1951. They won fifth in epee in that meet.

season, I think we have a good chance to finish up near the top," he said. Tech has the majority of their team back this year which won the tournament last season. Fields, Pafford, Magee and Braslau are the returning lettermen of this year's Aggie varsity squad.

Co-Op Fishing Contest Has Five Pound Bass

"There have been some entries in the fishing contest that will be mighty hard to beat," said Ed Garner, owner of Student Co-Op and sponsor of the contest. The contest, which began March 25 and runs through Thursday, offers prizes for the largest bass, crappie, bream and catfish.

Leading fish entered thus far in the bass class is a five pound, one ounce fish caught by Frank Lawyer, professor in the architecture department. The fish was hooked in the H. T. Holland tank near the A&M motor pool.

pond, is the leading entry in the bream class. A whipping 21 1/2 pound catfish was entered by Charles Pinson, senior animal husbandry student. The only rules of the contest are that the fish must be caught within a 50-mile radius, and must be brought to the Student Co-Op for official entry. Prizes for the bass, crappie, bream, and catfish classes are an Airex spinning reel, an Action-Rod flyrod, tackle box with large assortment of flies, and a salt water surf rod.

B Co. Wins Class C Rifle Competition

B Co. won Class C Intramural Rifle competition Wednesday with a team score of 834. Sqdn. 22 was second with 743; Sqdn. 21 was third with 679.

In Class A Volleyball games Wednesday, A ASA beat the Maroon Band 2-1; Sqdn. 7 beat B FA, 2-0; Sqdn. 6 beat Sqdn. 5, 2-0; A Eng. beat A AF, 2-0; Sqdn. 4 beat Sqdn. 3, 2-1; A QUC beat Sqdn. 13, 2-0.

Leading in Class a Softball are: Sqdn. 7 in League A; A Sig. in League B; Sqdn. 15 in League C; A Ord. in League D; Sqdn. 14 in League E. Class C Softball leaders are: Sqdn. 23 in League A; B Co. in League B; C Co. in League C.

A&M Army Cadets To Visit Ft. Hood

Fifteen junior Army cadets from A&M will observe training and facilities available at Ft. Hood the weekend of May 1. The Aggies, along with Army cadets from 21 other Texas schools and colleges, will be guests of the 1st Armored Division in observance of ROTC Day.

Cadets To Try Giant-Killer Act As Series Opens with Mustangs

Melvin Work will be the Aggie starting pitcher when the SMU Mustangs invade the Kyle Field diamond this afternoon for a two game series.

The Mustangs, conference leaders in the baseball race going into today's game, boast a league record of seven wins and a single loss.

With a conference mark of three victories and three defeats, the

Farmers are definite underdogs to the Ponies in the series which ends Saturday. Joe Hardgrove is due to start on the mound in Saturday's game.

Defensively, the Aggies have been on a par with the conference opposition, committing 15 errors to a like number by league foes. However, the outfield defensive work has been outstanding, with one bobble by Tex Farmer to mar an otherwise perfect record for conference games. Farmer patrols the centerfield area, while Lester Byrd is the leftfielder and Eric Miller is the rightfielder.

Aggie Tennis Team To Play Baylor

Aggie netmen will be seeking their second conference win tomorrow when they play Baylor in Waco.

The Cadets conference record stands at one win and two lost. Another loss would completely eliminate them from the title race.

SMU is the only Aggie victim in conference play, losing 4-2. A&M has lost to Texas 6-0 and Rice 4-2.

Eugene Letsos, the Farmer's number one player, will lead the A&M attack. Following in ranking order are Tommy West, Ronny Wolff, and Jack Jacobson.

Letsos and West will form the number one doubles team, and Wolff and Jacobson will make the number two team.

Coach Beau Bell has recently been shuffling his infield lineup in an effort to find more hitting power. Jerry Lastelick and Jim Parrish are both being tried at third, and either may get the call for this afternoon's contest.

Don Heft and Don Ellis are battling for the shortstop berth, and either may be today's starter at that spot.

Leissner Secure

Second base duties seem to have been taken over by Charles Leissner and is the likely choice for the keystone position.

At first will probably be Captain Bill Munnerlyn, although Coach Bell may want to take another look at Sam Rowland at the initial sack. Rowland played the position in the Monday night

game with the Bryan Amateurs, and although he failed to hit in four trips to the plate, he drove in an Aggie run with a long fly. He also handled 13 chances on first without any trouble.

Another contest is taking place for the catching chores, and either Jimmy Williams or Jerry Robinett may be calling for the pitches this afternoon.

TCU Next

Monday afternoon the TCU Horned Frogs come to the Aggie diamond for one game. TCU holds a victory over Rice for its only win in league play. A&M won two games from the Frogs in Fort Worth earlier in the season.

Jerry Nelson will probably pitch against TCU.

Drawing Contest Prizes Total \$170

Between 80 and 100 students will compete for \$170 dollars worth of prizes to be awarded in the four divisions of the engineering drawing contest scheduled Saturday.

The four divisions in which students may compete are: freehand pictorial drawing, freehand lettering, instrumental work drawing or a contest in solving a descriptive geometry problem.

A set of drawing instruments or the equivalent will be given to the first place winner of each division, neering drawing department. Prizes will be awarded to the second and third place winners.

The prizes will be given at the Engineering Awards Merit Day Program, on May 2, Street said.

The judges will be H. N. Abramson of the aeronautical engineering department, R. V. Andrews of the chemical engineering department and R. M. Wingren of the mechanical engineering department.
