

Blood Unit to Make Second Visit Here

The Red Cross Bloodmobile Unit will make its second visit to College Station from 1-6 p. m. May 12-13.

Cadets interested in giving blood should submit their names to their First Sergeants before 6 p. m. tomorrow. Students in composite outfits should volunteer at the Housing Office in Goodwin Hall.

The blood drive is being made in conjunction with Armed Forces Week. A quota of 1,250 pints have been set for the drive. The unit will seek 500 pints of blood here, 250 pints in Bryan May 11, and 500 pints at Bryan AFB May 14-15.

First Transfusion

Apparently, the first blood transfusion ever made upon a human being took place in France in the 1660's. The transfusion was made with blood taken from a lamb or calf.

Later, in 1900, Dr. Karl Landsteiner, an Austrian scientist, discovered that human bloods are of different types, and that an injection of conflicting types could prove fatal.

Since the time of Dr. Landsteiner, scientists have come a long way in perfecting the techniques of transfusing blood.

Blood Sent to Coast

Today, blood is collected from people throughout the United States and rushed to California, after undergoing initial protective laboratory work and refrigeration. There, additional safety checking is done. Then the whole blood is re-iced and flown to hospitals and surgical units in Japan and Korea.

First priority in the use of blood is given to the allocation of whole blood to the Armed Forces for battle front transfusions and in military hospitals.

Second priority is given for im-

McAdams Wins \$25 In Talent Show

H. L. McAdams, senior mechanical engineer from Port Arthur, won top honors in the FFA Talent Show held in Gunion Hall on Saturday, May 2.

McAdams received \$25 for his first place rendition of Hank Williams' famous hill-billy tunes.

Other cash prizes were \$20 to Joe Bickley, \$15 to Martin Burkhead, \$10 to D. B. Whelan, \$5 to Lamar Ashly and \$5 to Jimmy Harrison. Money for the show was donated by C. B. Spencer, agriculture director of the Texas Cottonseed Crushers Association, said Charles Zeigler, president.

The vocational agriculture teachers who acted as judges for the show were T. H. Cunningham of Trenton, P. G. Massey of Corpus Christi and V. L. Vickery of Quitman.

mediate needs at home; such as fires, explosions and other disasters.

Gamma Globulin

Third priority is given for the distribution of blood into derivatives used to meet immediate needs and to establish a national reserve. Two important blood derivatives are Serum Albumin, used by the Armed Forces to fight shock from wounds and Gamma Globulin which helps protect children against the crippling paralysis of polio.

In addition, the national blood program is trying to build up a reserve large enough and mobile enough to combat any possible civilian or military disaster in the United States.

It is estimated that if just one city in the United States were atom-bombed, 12,000 units of whole blood or derivatives would be needed within 72 hours.

According to the National Red Cross, "Any healthy American, as your physician will tell you—with in the age and weight limit specified—can give blood once every three months."

Closing Of Vet Village Is Planned

Vet Village, the veteran housing area across from Kyle Field, will be closed June 15, said Calvin Moore, head of Student Apartments.

The apartments are to be advertised for sale and sold to the highest bidder. The buyer will be responsible for the removal of the buildings. The houses must be vacated by June 15.

All students living in vet village apartments will be housed in College View or in project houses Moore said.

The village will be removed since it will not be needed for the housing of veterans next year, he said.

Michalske

(Continued from Page 3)

honors while playing with such greats as Arnie Herber, Cecil Isbell and Don Hutson from 1929 to 1937.

His coaching career began as head coach of Lafayette college in 1938 and 1939. He was assistant coach of the Packers in 1940, head coach at Iowa State from 1941 to 1946, assistant on the Colt staff in 1948 and 1949 was line coach at Baylor in the Southwest Conference for three years—1950-51-52.

He is married and the father of two girls—age 10 and 15.

Morgan to Address A&S Convocation

Dr. David H. Morgan, dean of the college, will speak on "Significance of Awards and Merits" at the Awards and Merits Convocation of the School of Arts and Sciences, at 9 a. m. Saturday in Guion Hall.

Recognition of honored students by Dr. J. P. Abbott, dean of the School of Arts and Sciences, will follow Dr. Morgan's speech.

Student Appreciation Awards will go to John H. Hill, associate professor of history, Thomas F. Mayo, professor of English, and Jack D. Steele, assistant professor of business administration. Ralph Wallingford, president of the Student Arts and Sciences Council, will give the awards.

Receive Awards

Robert E. Huffman, senior chemistry student from Breckenridge, will receive four awards on the program. They are: General Education Board Scholarships Award, a Faculty Achievement Award, the Nuodex Award of the chemistry department, and first prize of the Houston Paint and Varnish Production Club Award.

Other awards and those to receive them are: Faculty Achievement Awards to Graduating Seniors—Huffman, Frank G. Nedbalek, English major from Bryan; Otto Ashley Prather, Jr., from Donna; Honorable Mention—Robert L. Andrews, Jr., business administration, Terral, Oklahoma; Floyd P. Folson, mathematics, Texarkana; Edward Pete Rodrigues, mathematics, Eagle Pass.

School and departmental awards include:

Department of biology, Julia Ball Lee Memorial Scholarships, Thomas Mayfield Hall, Jr., Galveston; John Earl Hildebrand, College Station; George P. Knippel, Clearwater, Fla.; Billy Ray Maddox, Mercedes; Bobbie Frank McLemore, Jasper;

Department of business administration—R. L. Elkins Awards, to J. Mitchell Spadachene, Houston;

Missing Tree Replacement Set Soon

The memorial trees missing from the drill field will be replaced, but it will be impossible to replace them before Mother's Day, said A. F. DeWerth, head of the floriculture and landscape architecture department.

In answer to a query from a Battalion reporter, Senior Class President Joe Mattei said he will recommend to next year's senior class president, Pat Wood, that something be done about replacing the trees.

Two of the live oak trees which line the main drill field in front of the MSC are missing, but their name markers are still in place.

Students planted the trees in 1922 as memorials to A&M dead of World War I.

DeWerth said the trees were missing when he took over as college landscape director four years ago. He does not know why they were removed.

Summer Town Hall May Be Continued

It is up to the Texas Legislature whether A&M will have a summer Town Hall program this year, said C. G. (Spike) White, assistant dean of men for student activities.

"If the required activity fee bill passes the legislature this week, we'll have a program. If it doesn't pass, I don't know," said White.

The previous activity fee bill ran out last October and the new bill has not yet been voted on. It has been passed by both required committees in the Senate and House but has not reached the floor. It is necessary to know how much money will be appropriated for activities before the program is planned, White said.

If the bill does not pass, some system of student season tickets may be used, he said.

Lumbermen's Association of Texas Scholarship Award, to be announced; T. W. Mohle award, to Ronald Berry Dekell, Chicago, Ill., and Otto Ashley Prather, Jr. Donna.

P. T. Pearce Scholarship, Houston Sales Executive Club, to Paul Edward Gentry, Houston and Robert W. Palmer, Fort Worth; Felix T. Terry Award, to Gail Long, Childress; Wall Street Journal Student Achievement Award, to Rex E. Buchanan, Liberey.

Department of chemistry - Houston Paint and Varnish Production Club Award, second prize to Charles M. Hudgins, Jr., Dallas.

Department of English—Annual Speech Award, Bryan Bar Association, to be announced.

Department of journalism—Rural Journalism Contest Award, to Holloway J. Martin Jr., Groesbeck.

School of Arts and Sciences—Lullie Hughey Lane Scholarship Award, to Lolani Marr Pullen, Lometa.

MSC Sets Record Party Thursday

The MSC Music Committee will sponsor a record listening party Thursday at 7:30 p. m. in the MSC Social Room.

The following numbers will be played—"The Moldau" by Smetana; "Doin' What Comes Naturally" and "No Business Like Show Business" from "Annie Get Your Gun;" "I Could Write a Book" and "Bewitched" from "Pal Joey;" Symphony No. 4, First Movement by Mendelssohn.

"Black Key Etude" and "Revolutionary Etude" by Chopin; "Hora Stareato" and "Flight of the Bumblebee" by Kostelanetz; "Waltz" from "Swan Lake" "Balet" by Tchaikovsky; "Madam Butterfly," Act II by Puccini.

Frank Jenkins will give short commentaries on the selections being performed. Anyone interested is invited to attend the listening session, said Miss Betty Bolander, MSC program consultant.

Wednesday
 5:30 p. m.—Newcomers Club, Hensel Park, Family picnic.
 6 p. m.—Canterbury Club, St. Mary's Chapel, election of officers. Cover dish supper and movie, plans for picnic with TU Club.
 7:15 p. m.—Newman Club, St.

Cow Judging Contest Set Parent's Day

A&M's dairy department will sponsor a cow judging contest at the new dairy center in conjunction with the Mother's Day exhibits Saturday.

Students that have no other judging experience except dairy husbandry 202 will be allowed to participate. Six classes, three Holstein and three Jersey, will be offered. Prizes will be awarded for the winners, said A. L. Darnell, professor of dairy husbandry.

Transportation will be provided by the dairy department. A bus will leave from the bus stop at the entrance to the new area at 7:50 a. m. The contest will begin at 8 a. m.

It will be over in enough time so that those students wishing to participate in the products contest may do so.

A bus will also be provided to transfer these students to the creamery.

Mrs. Terry

(Continued from Page 1)

Gallery Committee advisor and instructor.

The MSC Council recognized Mrs. Terry's outstanding work by presenting her one of the two special awards given this year.

She considers the student art exhibit, now on display in the MSC Serpentine Lounge, as one of the best displays that has been shown in the Center.

As an Aggie-ex said one day, looking at the many paintings on display, "This isn't like it used to be, but it's definitely better."

And Mrs. Terry has played a big part in bringing it about.

Some coeds like their escorts blond; while some prefer brunets — But all agree on Lucky Strike when they choose cigarettes.

Margaret C. Brosman
 University of North Carolina

Nothing-no, nothing-beats better taste and **LUCKIES TASTE BETTER!**
 Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke? You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy-GO LUCKY!

For mildness, freshness, firmness, too, Try Lucky Strike today. Buy the carton, buy the pack—they're better either way!

Samuel Wm. Kaufman
 Pomona College
