### Smith

(Continued from Page 1)

with him," Smith said.

At first Smith thought he was going to try to be boss at the Ranch.

"I must have had at least a fight a day for the first two months," he said. "I just didn't know how the place worked."

After Smith got interested in the work, he found that the other boys were trying to help him. Soon he was active in everything that went on at the Ranch.

Smith is still directly connected with the Ranch. He works there during the summer, as disciplinarian and physical education instructor. He plans to work there full time after his graduation in May.

"There's no problem at the Ranch," he said. "Discipline is handled by the boys themselves. They don't want to spoil any of it. If one boy tries to act up, the others quiet him down."

### SP Railroad Raises First Class Fares

The 10 per cent increase in passenger rates, recently granted by the Southern Pacific Railroad by the Interstate Commerce Commission, is now in effect both in Texas and out on first class fares.

The increase is effective between points in Texas and Louisiana but not between points in Louisiana.

Students leaving College Station for points in Texas who do not purchase first class tickets will pay the same price as before. Basic coach rates have not been changed by the new order.

### Horticulture Club Plans Barbecue

The Horticulture Society will have their annual barbecue Thursday, May 14, according to Jim Kennedy, president.

The barbecue will be held at Hensel Park and approximately 30 persons are expected to attend. The faculty and their families are to be special guests, he said.

This will be the last meeting of the society for the year and final business matters will be discussed, continued Kennedy.

# TRIPLE THREAT MAN

## The Brains of the Team

**Teamwork can work miracles.** In a football game the man who sparks these miracles is the quarterback. He's the man who calls the signals. There's a man who calls the signals for an Air Force flying team, too!

They call him an Aircraft Observer.

**Do YOU have what it takes to become an Aircraft Observer?**

It isn't easy. It's tough. You have to be a MAN to qualify as an Aircraft Observer. But when you are one, brother, you're SOMEBODY! The success or failure of a mission involving over a million dollars worth of flight equipment depends on you.

**THE AIRCRAFT OBSERVER IS THE SOMEBODY WHO:**

- As **Bombardment Officer**, is number one man on a bombing run, the man who controls the plane in the target area!
- As **Navigation Officer**, is the pilot's guiding hand on every flight!
- As **Radar Officer**, is master of a new science and operator of the device that sees beyond human sight!
- As **Aircraft Performance Engineer Officer**, is the one who "keeps the plane flying", the man who knows his plane inside and out, who keeps it fit for the skies and stays there!

If YOU can accept a challenge like this, your place beside the best—you'll find your future.

**TO BE QUALIFIED** you must be single, a citizen and 26½ years old, have had at least 2 years of high school, be in tip top physical shape. If this describes YOU, too, can qualify. Today!

**HERE'S WHAT YOU'LL GET!** The world's best food and plenty of it. Uniforms, flight clothes, Medical and dental care. Free insurance. Free Uncle Sam's greatest aircraft.

**AND THEN, AFTER GRADUATION**, you'll have wings, and earn more than \$5000 a year as a Lieutenant. You'll enjoy an adventurous life with a hand-picked crew of real men. You'll be OF THE TEAM, A TRIPLE THREAT MAN. You'll be a Lieutenant, as a Navigation Officer, as a Bombardment Officer, as a Radar Officer, as a Performance Engineer.

**THE SOONER YOU APPLY, THE SOONER YOU FLY!**

GET THE DETAILS: Visit your nearest Air Force Base or Air Force Recruiting Officer. Or write to Director of Training, Headquarters, USAF, Washington 25, D.C., Attention: Aviation Cadet Branch. If you are in a school that has an Air Force ROTC program, see your Professor of Air Science and Tactics.
