THE KEYS OF TOMORROW

Boys and girls like the two in this picture are the raw materials from which good citizens are made. They hold the keys of tomorrow and are the hope of America and the world.

As they grow older, they will acquire knowledge and receive training designed to fit them for the duties and responsibilities of life. They will realize that they have an important stake in government and in human society as a whole.

But they must be trained—and must train themselves—to meet these responsibilities as they develop. They must be taught that obedience to law and respect for the rights of others is essential to the common good.

There is no better training in the elements of good citizenship than is embodied in the teachings of the Church and the great principles of the Bible. They are the touchstone of good citizenship and the spiritual basis of our inherited faith.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SUMMER SCHOOL ATTENDANCE
Some of our students are making plans to attend the 1953 Summer Session in some other college or university. Such students should check with the Registrar's Office to make sure that the work completed elsewhere is acceptable in transfer to A&M.

Courses will not be accepted in transfer for degree credit unless they are (a) substantially equivalent in character and extent to those offered at A&M, and (b) with essentially the same prerequisites as similar courses offered at this college. Students who fail a course in any subject and subsequently take such course or subsequent courses in the same subject at another college may be required to pass validating examinations in such course or courses before they will be accepted for transfer degree requirements.
