

Timm Named Head Ag Eco Department

Tyrus R. Timm has been appointed head of the department of agricultural economics and sociology to succeed L. P. Gabbard, who goes on modified service May 31.

The announcement was made by Gibb Gilchrist, chancellor of the A&M System.

Dr. Timm will head the coordinated department, including teaching, research and extension in this field by staff members of A&M's Agricultural Experiment Station and the Agricultural Extension Service.

Born at Hallettsville, Dr. Timm received his BS degree in Marketing and Finance at A&M in 1934 and his MS in Agricultural Economics in 1936.

He also received his MS degree in Public Administration at Harvard University in 1947 and a Ph D in public Administration at Harvard in 1949.

Dr. Timm served one year as assistant professor of Agricultural Economics and one year as Extension Agricultural Economist with the New Mexico State College of Agriculture and Mechanic Arts.

He returned to A&M in 1938 as Extension Economist in Farm Management and continued in that capacity until 1946 except for a period of eight months in 1944, when he served as Agricultural Economist with the Office of Price Administration in Washington.

In 1945 he served as Agricultural Relations Advisor to the Administrator of the OPA.

He has served as professor of Agricultural Economics since 1947 and Extension Economist in the department of agricultural economics and sociology.

Dr. Timm is a member of the National Policy Committee of the Farm Foundation at College, and advisor to the Agricultural Commission of the American Banker's Association and chairman of the Southwide Board of the Southern Farm Foundation at New Orleans. He has also served as advisor of consultants on a number of special assignments with the U. S. Department of Agriculture. He is a member of the American Farm Economics Association and the American Society for Public Administration.

Gabbard came to A&M in 1922. He attended Berea College, Kentucky, two years, holds a BSA degree, University of Tennessee; MS degree from the University of Wisconsin and did graduate study at the University of Wisconsin and

Summer Students To Move by May 30

Summer school students must move to their new rooms by 3 p. m. Saturday, May 30 said Harry L. Boyer, chief of housing.

All dormitories except those to be used for the summer session will be closed and locked 3 p. m. Students planning to leave before Saturday may make arrangements with the present occupants of their summer rooms for storage of their possessions.

Students who move early must still clear with their dormitory counselors before moving from their old rooms, Boyer said.

Keys may be turned in to the Housing Office in Goodwin Hall. Key deposits will be returned if accompanied by the yellow receipt showing a key deposit stamp.

Examinations Here to Stay, Get Underway This Monday

It's later than you think!

Final exams begin Monday for all those not lucky enough to be a graduating senior or to be exempt.

Finals will be held twice daily from 8-11 a. m. and from 1-4 p. m. They are scheduled as follows:

Monday at 8 a. m.—All classes held Monday, Wednesday, and Friday at 8 a. m.

Monday at 1 p. m.—All classes held Tuesday, Thursday and Saturday at 8 a. m.

Tuesday at 8 a. m.—All classes held Monday, Wednesday, and Friday at 9 a. m.

Tuesday at 1 p. m.—All classes held Tuesday, Thursday, and Saturday at 9 a. m.

Wednesday at 8 p. m.—All classes held Monday, Wednesday and Friday at 10 a. m.

Wednesday at 1 p. m.—All classes held Tuesday, Thursday and Saturday at 10 a. m.

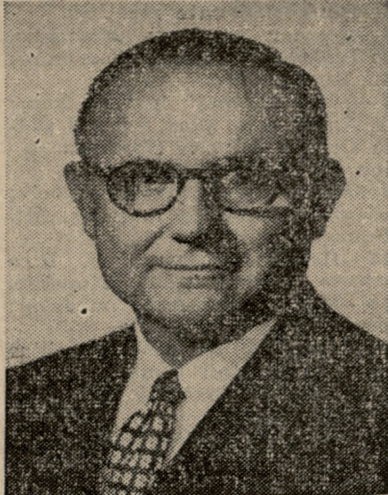

Thursday at 8 a. m.—All classes held Monday, Wednesday and Friday at 11 a. m.

Thursday at 1 p. m.—All classes held Tuesday, Thursday and Saturday at 11 a. m.

Friday at 8 a. m.—All classes held Monday, Wednesday and Friday at 1 p. m.

Friday at 1 p. m.—All classes held Tuesday, Thursday and Saturday at 1 p. m.

All classes with less than two hours of lecture per week will have their final exam set by the course instructor.

Tyrus R. Timm

Final Review Starts Morning of May 30

First Call for final review will be at 9:10 a.m. Saturday, May 30, on the MSC Parade Ground, according to Corps Operations Officer E. D. (Dee) Francis.

Units will pass the reviewing stand in eight-man fronts. Uniform for the parade will be khaki pants, caps and ties. The uniform for seniors is optional. Cadet of-

Fifteen Aggies Take Jobs In Forest Service

Fifteen students of the range and forestry department will report for summer work with the U. S. Forest Service at points scattered from Idaho and Montana to Arizona and New Mexico.

Their jobs will vary from work on white pine blister rust control and smoke jumping to collecting research data on Forest and range Experiment Stations.

Robert C. Wilson, R. S. Marlett, Orville C. Lindsey, Jewel L. McEntire and Ralph B. Benton will work in Idaho.

Ronald G. Gardner and William B. Bell will work in Montana; Earl D. Robison in Wyoming, Eugene Dayhoff, Ronnie C. Roetschke, Gregory L. McFerran and Charles L. Davenport in Colorado.

Page W. Morgan, I. G. Janca, and Howard L. Gary will report either in Arizona or New Mexico.

The following Range and Forestry students will be employed by the U. S. Soil Conservation Service in Texas: Lamon L. Bennett, Donald H. Cummins, Eph I. Cummins, Max B. Green, Kenneth Hall and Kenneth Hill.

There are Roger Q. Landers, Robert Landrum, Mark Nash, Alex H. Ringhoffer, Joseph L. Schuster and Chas. L. Smith.

Valuable field experience and a definite broadening of perspective is obtained from these summer assignments, said Robert B. Rhodes, range and forestry department.

The student has an opportunity to "learn by doing" under the supervision of experienced technically trained supervisors, he said.

The supervisors, in turn, have an opportunity to observe the student and recommend him for possible permanent employment after graduation, said Rhodes.

ficers who are authorized to do so will carry sabers.

Procedure for the traditional "second time around" will consist of units turning left after leaving the drill field the first time, then continuing north on Houston St. until they get to the bugle stand.

Just south of the bugle stand, the troops will turn left onto the drill field and will proceed to their original place in line where the units will execute parade rest.

Dismissal Units

After units are on line again, wing and regimental commanders will dismiss them for approximately 15 minutes. The interval will allow present freshmen, sophomores and juniors to change into sophomore, junior and senior uniforms, respectively.

Following "Assembly," cadets will re-form into units.

Seniors will form two parallel lines facing each other in front of the reviewing stand during the 15-minute break. They will take the salutes of the units as they pass by under the command of the senior non-commissioned officers.

Pacific Duty Goes to 10 AF Seniors

Approximately 10 to 12 Air Force graduates have received orders to report to Parks AFB, Pleasanton, Calif., for overseas processing prior to shipment out of the United States according to M/Sgt. John Teery Sr., Air Force sergeant major.

Most of the men will be assigned to the Military Air Transport Service Pacific Division. Some of them will go to the Hawaiian Islands, Alaska Command and Far East Air Force headquarters, Tenery said.

Army and AF Loses 28 Men Upon Reassignment June 1

By CHUCK NEIGHBORS
Battalion News Editor

Twenty-eight Army and Air Force officers and enlisted men stationed at A&M will leave June 1 for other assignments upon completion of their four-year tours of duty.

The Army will lose 24 officers and enlisted personnel, and the Air Force will lose 15 officers and airmen.

Four Air Force lieutenant colonels are going to other assignments.

Lt. Col. C. R. Stapp will attend Air Command Staff School at Maxwell AFB, Ala. Tentative assignments have been received for Lt. Col. B. P. Browder, who will go to B-29 aircrew school; Lt. Col. Dale Honeycutt, scheduled for the Far East; and Lt. Col. A. B. Currie, also set for the Far East Command.

Three majors, Seale, Lamond and D. W. Johnson will be reassigned.

Capt. J. D. Muehleisen, former head of the installations section, has not received a specific assignment as yet.

Howell Reassigned

M/Sgt. R. J. Howell has been reassigned to Laughlin AFB in Del Rio. Master sergeants T. C. Black and John Mercer have received tentative assignments to Camp

Public Schools Not 'Godless' In Refusing to Teach Creed

Some Korean Vets Exempt Matriculation

Korean veterans who have used up G. I. benefits now may apply for exemption of the matriculation fee under the Hazelwood Act.

This can best be explained by an example. A man enters the service on or before the Korean war. Under the G. I. Bill, he is entitled to receive educational benefits for the length of time spent in the service.

If he spends 24 months in the service, he is entitled to only 24 months of educational benefits. These benefits include student activities fee, matriculation fee, and medical service fee.

If his 24 months of educational benefits expire before he graduates, he may apply for an extension of benefits under the Hazelwood Act.

In the case of A&M students, the only benefits covered in the Hazelwood Act is exemption from the matriculation fee.

To apply for a matriculation fee exemption, the student must present to the registrar a form from the school's veterans advisor saying his G. I. Bill benefits have expired and he is now eligible for exemption from the matriculation fee.

Oak Ridge Physicist Speaks Tonight

A director of the Oak Ridge National Laboratories will speak on "Producing and Using Separated Stable Isotopes" at 7:30 p.m. today in the new Physics Lecture Room.

Dr. C. P. Keim, director of the Stable Isotope and Production Division, Oak Ridge National Laboratories, will arrive here this afternoon, said Dr. J. G. Potter, head of the physics department.

"Everyone is invited," said Potter. Keim graduated from Nebraska Wesleyan University and did graduate study at the University of Pittsburgh and the University of Nebraska.

Having served in an administrative and research capacity in the Oak Ridge National Laboratories since 1944, he specialized in the fields of monomolecular surface films and surface chemistry, electrical discharges of gases and isotope separation and properties. He is a member of the American Chemical Society and the American Physical Society.

OKLAHOMA CITY, May 21—(AP)—A prominent educator, smarting from religious criticism, told some 2,500 delegates at the annual convention of the National Congress of Parents and Teachers last night that public schools are not "Godless" because they refuse to teach a definite religious creed.

William G. Carr, executive secretary of the National Education Association (NEA) from Washington, D. C., said those who want public schools to teach religion "assume that their own private system of religious belief is the one essential prerequisite to moral and ethical behavior."

He added the critics ignore the constitutional guarantee of freedom of religion.

Carr spoke at the closing session of a three-day convention, which drew delegates from all 48 states, Hawaii and the District of Columbia. He added:

"The current attacks on education, whether well founded or merely malicious, supply a further reason for both parents and teachers to clarify once more the distinction between teaching a religious creed and teaching the moral and spiritual values which are basic to all creeds."

Carr said the nation's public schools, in their legal framework, must advocate no religious creed. He said, however, "the public is also obligated to teach about religion as a valued part of our American heritage. It should make clear the important part which religious faiths have played... in giving direction and vitality to our American way of life."

Carr warned that while instructors should not teach any particular creed, they must not teach against creed "or against religion in general."

The educator said the impact of war, the growing amount of leisure time, the changing patterns of home life, and the incidence of juvenile delinquency all cry of the need for improvement in moral and spiritual teaching in our schools.

Students Get Journalism Internships

Three journalism majors will serve official newspaper internships this summer, said D. D. Burchard, head of the journalism department.

These internships, sponsored by the Texas Daily Newspaper Association, last for 10 weeks. The interns work in all departments of the paper where they are assigned.

Jerry Bennett, new co-editor of The Battalion, will serve a news internship on the Forth Worth Press. Joe Hipp of San Antonio will serve a news internship on the San Antonio Express, while Gardner Collins will serve an advertising internship on The Houston Press.

Although not on an official internship, Calvin Pigg, junior from Bryan will work as a vacation relief man on the Refugio, Timley Remarks.

Harri Baker, city editor of The Battalion, will take over the editorship of the Big Ben Sentinel at Marfa for the month of August while the publisher is on vacation.

NEWS BRIEFS

Army Active Orders Delayed; Water Tower Shows 'Welcome'

JEAN ROSS, secretary to Dr. Fred Jensen of the chemistry department won a gold pencil Monday at the Rotary Club's "Secretary's Day" luncheon at Maggie Parkers Dining Room in Bryan.

She won the prize for guessing the correct number of hair pins in a jar.

All members of the club brought their secretaries to the luncheon which was held in their honor.

S. A. Lynch head of the geology department, was program director for the affair.

ACTIVE DUTY orders for Army cadets to be commissioned at graduation May 29 have not yet been received, said Col. Shelly P. Myers, PMS&T.

He attributed the delay to hold-ups at Fourth Army Headquarters where quotas for service schools have not been received. Myers said he hoped to have the orders before graduation and they could arrive at any time. Air Force graduates have been receiving orders for the last several days.

WELCOME TO AGGIELAND once again decorates the face of the A&M water tower. The water tower will soon bear the insignias of all the military organizations on the campus. Repainting of the water tower should be finished sometime next week.

THE TEXAS Conference for Veterinarians will begin Wednesday, June 3, when an expected 300 persons register for the short course in the MSC.

A banquet will be held at 6:45 Thursday, June 4, in the Ballroom. A luncheon at 12 noon Friday in the Assembly Room will highlight the course.

CADETS to receive commissions in the Army or Air Force at graduation must be at Duncan Hall Friday, May 29, at 7:30 a. m. to take the oath of office, said Lt. Col. J. J. Wilderman, executive officer of the Army Detachment. No one will be given his commission May 29 unless he completes the 7:30 a. m. oath, said Wilderman.

THE PHYSICS department will offer graduate and undergraduate courses the first semester of summer school.

The undergraduate courses are College Physics 201, for architects and arts and sciences students, and General Physics 203 for engineering students.

Courses offered in graduate School of Physics are 601-A Analytical Mechanics 601 - A and Advanced Optics 611.

DR. J. H. QUISENBERRY, head of the poultry husbandry department, returned recently from Mexico.

Personal Items May Be Stored In Walton Hall

Students may store personal belongings for the summer session in the basement of Dormitory 3 or in the basement of Ramp K Walton Hall. These places will open Friday for storage.

Storage rooms will be open on the following schedules: Friday May 22, from 3 to 5 p. m. Tuesday, May 26, from 2 to 5 p. m. and on Thursday May 28 from 2 to 5 p. m.

Students planning to attend summer school the first term only may store baggage in Ramp K Walton Hall on July 17 from 4 to 6 p. m.

Students who will attend summer school the second term only will store baggage in Ramp K Walton Hall by the above schedule. They may take it from storage on Monday, July 20, from 2 to 4 p. m.

All baggage will be stored at the student's own risk, but all possible precautions will be taken to safeguard it, said Bennie A. Zinn, assistant dean of men.

A storage fee of 40 cents will be charged for lamps, foot lockers, and other small items. Large articles will be charged according to size. Bicycles will be stored for one dollar each. These charges will be paid at the time of storage.

Quisenberry spent seven days in Mexico advising Mexican poultrymen on the management of both laying and broiler flocks. He said management and nutrition were the two main problems confronting the Mexican poultrymen.

He was the guest of J. O. Jenkins during his stay in Mexico.

ORDERS FOR ground force seniors receiving their commissions this spring should be here by Friday, May 29, according to the commissioning section.

The orders are expected to begin arriving the middle of next week and keep coming in each day until all are received. It is hoped by the military that all orders will be in before graduation, the commissioning section said.

A SOIL SURVEY of Brazos County is being conducted by the Agronomy 410 Soils Morphology class. Groups of three students each have been assigned areas in various parts of the county for study.

Soil characteristics, erosion, and recommendations for improvement of these conditions are the major factors in the problem.

Weather Today

CLOUDY and WARM

WEATHER TODAY: Cloudy and warm with strong winds up to 20-25 mph. The high yesterday was 88 and the low 65.
