

Appropriation Bill Endangers Numerous Hospital Projects

Washington, June 11—(AP)—The numerous hospital projects out Texas are at stake in the Health-Education-Welfare Department appropriation bill pending in the Senate.

The drive is under way to get federal aid funds the out from what the Truman administration recommended for 1953 starting July 1.

What happened: The Truman budget recommended \$2.5 billion dollars be provided to states under the Hill-Burton act. Secretary of Health H. H. H. E. W. recommended the funds be \$1.5 billion dollars.

The three separate sets of bills would receive \$2.5 billion dollars—\$1.5 billion in the House to restore to 75 million dollars only six votes. Note the fact that 14 Texas men voted against the amount.

There was no apparent agreement such a stand, which would be the vast majority of Democrats.

Because of most of those opposed to the increase, there were no hospital projects immedately in their districts.

Voters To Restore

Reps. Jack Brooks, Beaumont; Rayburn, Bonham; Olin, College Station; Paul Kilpatrick, John Lyle, Corvallis; Homer Thornberry, Clark Thompson, Galveston; Rep. Wright Patman, not voting. The House passed the increase.

It appears good that the

Senate will increase the House-approved amount, and that the House later will agree.

Texas Senior Senator Lyndon B. Johnson, whose opinion as Senate Democratic leader will bear much weight, wasn't ready to commit himself specifically while the Senate appropriations committee was still studying the matter.

"I will say, however," he said, "that I am certainly sympathetic with the hospital program."

Senator Price Daniel, Texas' junior senator, said:

"I am in favor of at least increasing the amount to 60 million dollars. Maybe I would support the higher figure after I have had time to study the real effect it will have on Texas."

Under the Hill-Burton act each state gets an allocation based on its population and needs.

The state itself then may allocate the funds to cities, counties, state agencies or private non-profit institutions, provided the local sponsoring agency contributes between one-third and two-thirds of the total project cost.

In Texas the local sponsor puts up 50 per cent—the remaining half is supplied out of the federal funds.

Projects have to be recommended by the Texas Health Department, then finally approved by the Southwestern Regional Health-Education-Welfare office in Dallas, before the money is released.

Incidentally, the hospitals section in the Dallas office is to be closed July 1 and its activities transferred to Kansas City unless the Senate restores at least some

Hooper

(Continued from Page 4)

broke records in the shot put in nearly every meet this spring, he has not yet attained the heights he reached preceding the 1952 Olympics when he bettered 57 feet twice—in the Olympic Trials and in the Olympic Games.

Parry O'Brien, the Southern California star who edged Hooper out in the Olympics, has bettered the world record twice this spring with two puts past 59 feet.

of the funds the House cut from the money provided for administrative expenses.

The bill provided only \$750,000 for such administrative expenditures throughout the country. The agency wants \$1,200,000. The Dallas section, serving not only Texas but also Oklahoma, New Mexico, Arkansas and Louisiana, employs 9 people.

Five Texas projects have been approved already and have been promised allocations totaling \$2,275,000 out of next fiscal year's appropriations.

Since the Texas allocation even under the 50 million dollar budget is \$2,920,685, they can expect to get their allocations. That would leave \$645,685 left to be distributed to the others next in line. The Eisenhower budget amount would leave \$1,250,121, and the Truman budget figure, \$2,151,629.

The Texas Health Department largely would determine which of the many cities throughout the state would be picked to share in whatever amount is left for allocation out of the next year's funds.

Toliver Named Outstanding Junior Forester at Camp

The second forestry camp for Texas Negro youths was conducted June 1-5 on the E. O. State Forest near Kirbyville.

Carl Toliver, Marion County 4-H club boy, was named the outstanding 1953 Texas Negro junior forester.

In receiving the award, Toliver competed with 55 other East Texas Negro 4-H and NFA youths. The first Negro forestry camp was conducted on the same site in 1952.

The camp is one of two 1953 summer forestry camps sponsored jointly by the Texas Forestry Association and the Texas Forest Service, a part of the A&M College System. The second camp will be conducted at Caddo Lake State Park near Marshall, July 20-24.

Toliver was selected as the outstanding Negro junior forester after receiving the highest average grade on competitive written tests covering the instruction offered at the camp. The Marion County youth is a ninth grade student in Central High School at Jefferson.

J. D. Wickline, a Kirbyville banker and a director of the Texas Forestry Association, presented prizes to the 21 winners at the close of the camp.

Prizes consisted of forestry equipment and books donated by manufacturers and conservation organizations.

Following Toliver in the order named, prize winners and counties they represent were Benny Nickleberry, Cass; Don Caraway, Shelby; Joe Ross, Walker; Sam Jackson, Montgomery; Billie Graham, Rusk; Roy Harris, Rusk; Riley L. Sturns, Rusk.

Others were Craven Sells, Jasper; Ernest Faultry, Montgomery; Charles Barnes, Jasper; Williams J. Dinkins, Marion; J. H. Hicks, Montgomery; Howard Love, Walk-

er; Alton Staten, Penola; Marvin Benton, Nacogdoches; Gene Hart, Rusk; Raymond Traham, Liberty; James Gipson, Cass; Alfred Fontenot, Liberty; and Codell Booker, Rusk.

Instructors included graduate foresters from the Texas Forest Service and private industries.

The forestry subjects taught at the camp included tree identification, tree and log measurements, timber estimating, improvement and harvest cuts, wood preservation, forest protection, tree planting, forest grazing, woods safety and forest management.

Deep Freeze Owners

The meat picture is changing. Marketings of cattle reached this week the highest point for early June since 1934. Scorching pastures, Korean peace prospects, high feed costs combine to make veal and beef purchases most attractive right now. Let us fill your deep freeze. Carcass prices will range this week as follows:

- Equivalent to Choice Grade lb. 32c
- Equivalent to Good Grade lb. 28c
- Equivalent to Commercial lb. 25c
- Equivalent to Utility Grade lb. 23c

Plus usual cutting and wrapping charges. Half-carasses 1c per pound extra. (Note: We have plenty of Adolph's Meat Tenderizer if you want really to economize by using the Utility and Commercial Grades.)

Extra Special Veal Sale

(GOOD TO CHOICE GRADES)

- ROUND STEAK lb. 65c
- BRISKET STEW lb. 23c
- POT ROAST lb. 38c
- SHOULDER ROUND SWISS STEAK OR ROAST lb. 55c
- SEVEN STEAK lb. 55c

- EXTRA GOOD QUALITY GROUND BEEF lb. 29c
- In 5-Pound Lots, Lb. 28c
- FRESH DRESSED LOCAL FRYERS lb. 49c
- FRESH DRESSED LOCAL HENS lb. 43c
- V. C. MELODY LAKE WEINERS lb. 38c
- HORMEL'S MIDWEST BACON lb. 67c
- DECKER'S SLICED LARGE BOLOGNA lb. 39c
- KRAFT'S MILD HOOP CHEESE lb. 49c
