## Pushing Showdown Rhee

### Outcome Predicted Soon

(AP)—The United States is pushing a quick showdown with Rhee Thursday by making the South Korean government concede to the terms of a truce with the North Korean truce de-

Eisenhower's special messenger S. Robertson, executive secretary Thursday in a statement from Rhee that the South Korean government is expected to become a party to the armistice crisis within 24 hours. By that time, Rhee is expected to become a party to the armistice crisis within 24 hours. By that time, Rhee is expected to become a party to the armistice crisis within 24 hours.

Eisenhower told a press conference in Washington that a satisfactory solution to the Korean problem was in the making and that he would set a specific time for the armistice crisis within 24 hours. By that time, Rhee is expected to become a party to the armistice crisis within 24 hours.

There are strong indications that the United States should continue its position to a truce, it is expected that the U. S. from the Korean peninsula will be with an armistice.

Informal sources expressed the view that the Reds would accept even without Rhee's agreement to the armistice terms.

Gen. Mark Clark, UN commander, and Gen. Douglas MacArthur, UN chief, met for four hours Wednesday in a conference of the Allied top field commanders to discuss the situation.

There was no announcement of a secret meeting, but it was said that it was certain they would meet in the case of a Korean truce.

## er Campers Force Base Wire Climber

(AP)—The Texas A&M University ROTC cadets, led by Robert W. Palmer and Robert W. Palmer, senior business majors from Fort Worth, respectively, were the winners of the ROTC wire-climbing contest held last night in the ROTC building.

Palmer and Roberts' detail appeared to be climbing the barbed-wire fence which surrounds the ROTC building when they were caught.

Palmer and Roberts are serving a 30-day suspension for their actions. They were caught climbing the barbed-wire fence which surrounds the ROTC building when they were caught.

## Gamma Delta Chi Members Elected to Committee Posts

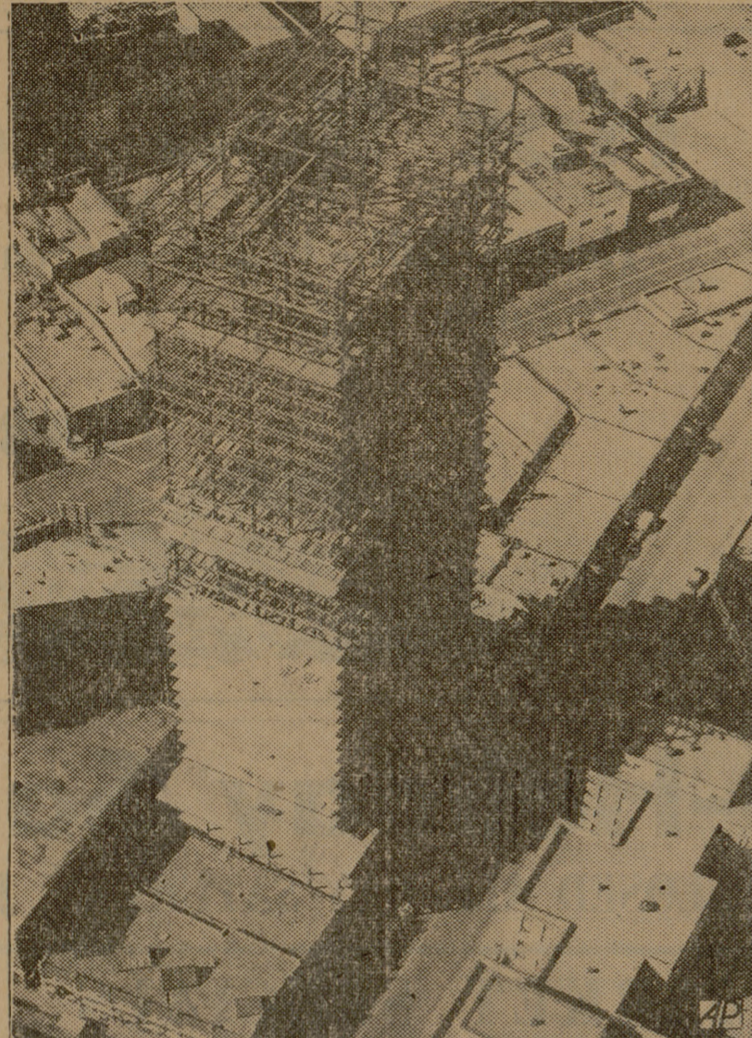

Members of the Texas Professional and United Fraternity of Sigma Delta Chi, professional fraternity, named to important positions of the Texas Sigma Association by Jack Fort Worth Star-News president of the new association.

Committee assignments were made through the organization's headquarters in Houston.

Publications director, Transcontinental Gas Corp., is chairman of the relations committee. Also a member of the resolutions committee.

George Bohot, president of the University of Houston chapter, is a member of the resolutions committee. Officers of the state organization include Donald Burchard, head of the Department of Journalism of A&M, vice president; Daniels, president of the Texas Gulf Coast Chapter, secretary; and Brian Spinks, Houston Post reporter, and Bohot, members of the executive council.

The state headquarters of the organization are in the city of Houston, the residence of the secretary, who this year is Daniels.

STATE'S TALLEST—An aerial cameraman shows the framework of what is to be Texas' tallest building. To be completed in 1954, it is the Republic National Bank Building in Dallas, 36 stories high, not counting four basement levels. Concrete work is progressing upward.

## Majors Back in 1st After Stiring Clash

By BOB BORISKIE

The Bryan Majors surged back into first place in the Big State League last night with a marathon 19-inning 4-3 victory over the Temple Eagles at Travis Park.

Combined with the 7-3 Tyler loss to Austin, the win moved the Majors one half game ahead of Tyler. Outstanding performance of the game came from Vic Stryka, who relieved Bill Lenihan for the Majors in the eighth inning with one out, and then held the visit scoreless for 11<sup>2</sup>/<sub>3</sub> innings and allowed only three scratch bingles.

Temple opened the game with two scores on two hits and a walk, but Bryan came right back in the bottom of the first with two runs on two walks and a long double.

Bryan went ahead in the game for the first time in the seventh inning when Lou Fitzgerald opened with a line single to center, and was promptly moved down to second base on a neat sacrifice bunt by Frank Scarpace. Then, when Temple's Al Joe Hunt booted John Goodell's grounder, Fitzgerald scored from second to put Bryan ahead by a 3-2 margin.

However, Temple tied the game up again in the top of the eighth. After left fielder White struck out, shotstop Wilkinson drew a walk and Hunt followed with a solid single to left field. When the count on left fielder Jones went to two balls and no strikes, Manager Jimmy Adair decided to take out Lenihan, and Stryka got Jones to hit a grass-cutter to Fitzgerald, who tossed over to Goodell for the force at second, but the throw to first was wide, and Wilkinson scored the tying run.

Sparkling fielding plays broke up several scoring chances by both teams as they battled down through the extra innings.

In the near-fatal fourteenth, Temple loaded the sacks with only one out, but a short fly by catcher Tate didn't allow the base runners to advance. Then third baseman Kires drove a hot grounder at Allen Maul on first, who bobbled the ball but recovered in time to relay the ball to Stryka covering first for the third out.

In the nineteenth inning, four hours and sixteen minutes after starting time, Scarpace opened the Bryan half of the inning with a walk. Goodell then flew out to left field, and with the hit and run sign on, Bob Saulsberry singled, sending Scarpace to third. Wes Gibson, who got four hits in eight times at bat in the game batted his game-winning single.

Fourteen Eagles Whiff  
Lenihan and Stryka each struck out seven Eagles in the extra-inning encounter and Stryka picked up the win to give him credit for all three Bryan victories in the current home stand.

Work Started To Repair Bizzell Hall  
Bizzell Hall is to be repaired and repainted, according to an order issued by Robert O. Murray, Jr., non-military counselor.

Occupants are authorized to move to Leggett Hall as their rooms are needed for the workman. With the exception of the counselor's office the entire hall will be vacated by July 19 at five p.m.

Work is expected to be completed before the fall registration in September.

## Ike Reiterates Hands-off Stand On Revolts Behind Iron Curtain

### Jet Pilot Destroys MIG Without Shot

First Lieutenant Raymond C. Nutt of Bryan got credit for a MIG fighter plane under unusual circumstances Tuesday, according to a United Press report in Dallas Morning News.

Nutt, who sports a fierce-looking handlebar mustache, wondered if he scared the enemy pilot. The 24-year-old Texan said he expected the MIG he was chasing would get away. But, for no apparent reason, the Communist pilot swung his plane into a sharp turn and bailed out giving Lt. Nutt his first MIG destruction claim.

Twisting his long mustache, Nutt later quipped: "He saw this handlebar and said, 'Ivan, here I come.'" The lieutenant's wife lives at 1003 Travis Street in Bryan.

### Local Demos Hear National Chairman Stress Party Unity

Stephen Mitchell, national chairman of the Democratic Party, met today with local Democrats at a luncheon in Bryan, and again stressed the need for party unity.

Many other counties were represented at the luncheon, with Democrats in attendance from Harris, Robertson, Houston, Leon, Navarro, Burleson, Grimes, Madison, Washington, Bell, Falls, and Walker Counties.

Master of ceremonies for the occasion was District Judge W. S. Barron. Travis B. Bryan was general chairman for the program, and Dr. Charles F. Pitts of the College Avenue Baptist Church gave the invocation before the luncheon.

During his tour of Texas, Mitchell has spoken on a wide variety of topics concerning the nation as well as the people of Texas.

Opening in Abilene, his first speech accused the Republican administration of installing a "hard money" policy to stop inflation, but that such tactics will lower farm prices, kill industrial expansion, and reduce employment.

Speaking in Denton on Tuesday, Mitchell predicted that leading Republicans in Congress would make an effort to force through a national sales tax. He further charged that Eisenhower was failing in one of his major campaign promises—a stronger national defense—and that the President faced failure in the other two—a balanced budget and a reduction in taxes.

Mitchell said the Republicans are finding out the facts of life. "They made a lot of campaign promises about reducing taxes and building a better defense. The next election is going to be a test of their performance on promises," he said.

### A&M Camera Club To Hold Pic Clinic

The A&M Camera Club will conduct a snapshot clinic on Tuesday, July 7, at 7:30 p.m. in the Social Room of the Memorial Student Center.

This meeting is designed to benefit all camera enthusiasts who would like to take better pictures with the camera and film they now use. Special emphasis will be placed on vacation snapshots. The meeting will be open to the public.

A three-man panel will discuss the faults most commonly met at the snapshot level and illustrate these faults by projecting special example pictures on to a screen for all to see. The panel can better serve a given person by examination of his or her snapshots and visitors are urged to bring sample shots taken by them. Both color and black and white will be discussed.

Mr. Allan N. Brown will act as chairman of the panel with Mr. Perry A. Glick and Mr. Ron Logan assisting.

### Aggie-Ex in Japan

YOKAHAMA, Japan—Army Major Gerald M. Cravens, son of Mr. and Mrs. E. O. Cravens of San Antonio, recently joined the Signal Corps Section at Far East Army Headquarters in Yokohama, Japan.

### City to Observe July 4th as Part Of Picnic Today

Independence Day will be commemorated in College Station tonight with a fireworks display as part of an annual community picnic at A&M Consolidated football field.

The festivities, which will include the only city-wide observance of July 4th, will get underway at 5:15 p.m. with an all-star game between two teams recruited from the Recreation Council's softball league. K. A. Manning will be in charge of play on the Consolidated diamond.

Last year nearly 1,000 persons turned out with each party bringing their own basket lunch. Comment was so favorable on the fireworks display that this year a larger kit was purchased from an Illinois firm. Approval for the exhibition was received from the city Council.

Gala-colored rosettes and a sprinkling fountain beginning at 8:15 p.m. will enable the community's youngsters to vicariously participate in the fascinating novelty of lighting fireworks.

Formation of a United States flag will appropriately wind-up the show and perhaps symbolize for some persons the birth of the Republic. Raymond Rogers will be in charge of the display.

Members of the sponsoring Recreation Council will operate concession stands during the function. Cold drinks will be sold by Dr. Joe Campbell and Isaac Peters with Walter Manning handling pop corn sales.

### Business Session Winds Up Rural Church Program

A business meeting Thursday concluded the eighth annual Rural Church Program held at A&M which for three days stressed the problems of developing a stable farm population and permanent rural civilization.

Outstanding business leaders appearing on the program included E. B. Germany, president of Lone Star Steel Co.; R. R. "Bob" Smith, oil operator and civic leader in Houston; John Harmon of the Southern Manufacturing Association; William Shepard of Alcoa, and Dooley Dawson of the Second National Bank of Houston.

Awards in the state Church Improvement Contest, sponsored by Sears, Roebuck and Co., were presented during a luncheon Wednesday. Cal Johnson of the Sears company presented awards and certificates to Monhalia Methodist of Cost, Lake Creek Methodist of Cooper, St. John's Evangelical & Reformed of Burton, St. John's Lutheran of Warrenton, St. Martin (Roman Catholic) of West, Bethel Methodist of Waxahachie, Luther Evangelical & Reformed of Orange Grove, Cason Methodist of Cason, Palestine Methodist of Paris, and Pine Forest Methodist of Como.

Executive Board members and guests of the Christian Rural Overseas Program attended a dinner Tuesday to plan the sending of a shipload of supplies to refugee families in Germany.

The ship, to leave the port of Houston about Aug. 1, will carry powdered milk, butter, cheese, wheat, rice, cocoa, old clothes and other supplies. In addition, 65 dairy heifers will be aboard for distribution among refugee families placed on German farms.

### Poultry Clinic Slated July 17

A one-day Poultry Disease Clinic will be held in the MSC July 17. About 150 poultry breeders, hatcherymen, and poultry service men are expected to attend the clinic, said Dr. J. H. Quisenberry, head of the Poultry Department.

Authorities on diseases will discuss disease problems and how they affect anyone connected with the poultry industry.

The clinic is jointly sponsored by the Poultry and Veterinary Medicine Departments.

NOMINATED—William Steger, Longview attorney, has been nominated by President Eisenhower to be U. S. attorney for the Eastern District of Texas. He will succeed Warren G. Moore.

### W. H. Holzmann's Services Praised By A&M Directors

Tribute was paid to W. H. Holzmann, now retired from the position of comptroller of the A&M System to modified service, by the board of directors.

A resolution expressing "its sincere gratitude for the 31 years of faithful and efficient service he has rendered to this System and to make public expression of its admiration for the ability, integrity and diligence of this outstanding public servant," was presented to Holzmann recently.

Holzmann came to A&M in 1922 as cashier in the fiscal office and for many years had been comptroller of the System.

The resolution cited Holzmann as one of the outstanding figures in the field of administration of college fiscal affairs in the nation. "The manner in which he has managed the fiscal affairs of this System has set a pattern which is the goal of every state supported institution within this state."

Not forgetting his hobby in its tribute, members of the board added "their personal expression of affection and appreciation for the privilege of having worked with Walter H. Holzmann" and wished him "happiness and success in his new duties as well as 'good fishing' in the additional time he now has to devote to his favorite sport."

### '52 Grad in Germany

WITH 28TH INFANTRY DIV. GERMANY—Second Lieutenant Jody W. Damron, who was graduated from A&M in 1952, is serving in Germany with the 28th Infantry Division.

### Sore Throats Lead County Sick Report

Strept throat, with a total of 14 cases, again leads the Morbidity Report for the week ending June 27, according to the Bryan-Brazos County Health Unit.

Second on the list is measles with a total of 11 and third is dystertery (bacillary) with five. Other diseases on the report are tuberculosis, three; chickenpox, two; pneumonia, two; and mumps, syphilis, and brucellosis, one each.

DISASTER AREAS—The shaded area in Texas and Oklahoma encompasses 192 drought-stricken counties—152 in Texas and 40 in Oklahoma—designated formally by President Eisenhower as disaster areas. The action makes cattlemen and stockmen in those counties eligible to share in the eight million dollar allocated by the President from his emergency fund for drought relief.
