# Cardinal Camp Supervised By Veteran Scout

ST. LOUIS — (Spl.) — Veteran Cardinal Scout Fred Hawn will supervise the trout sessions at Buffalo Stadium in Houston on Monday and Tuesday, August 6 and 7, it was announced today. He will be assisted by Scout Dick Kerr.  
 "Many talented players from the State of Texas are starting in our farm system today and at some time in the future may be stars with the Cardinals in St. Louis," William Walsingham, Jr., Cardinal vice-president, related.  
 "Among the many Texans helping man Cardinal teams are Infielder Danny Lynch from Dallas, Pitcher Jimmy Michalec of Shiner, Infielder Jim Miller from Joshua, Outfielder Bobby Powledge of Houston and Outfielder Russ Rac from Galveston.  
 "Danny Lynch has already progressed to the AAA level in the Red Bird farm system and is with our Columbus, O., club in the American Association," Walsingham said.  
 "Russ Rac and Bobby Powledge are both playing Class A baseball for us and doing quite well. Powledge is at Columbus, Ga., in the Sally League and is hitting .279. Rac is a star with our Omaha, Nebr., club in the Western League and is the team's second leading hitter with a .311 average. Russ is also leading the equad in RBI's with 66 and is the club's leading home run hitter with 17 and in doubles with the same number. Michalec is also with Omaha.  
 "You can be sure that everyone in the Cardinal organization is pulling for these youngsters to come through to the big leagues," the Red Bird official stated. "The Cardinals give their players all the possible advantages and opportunities possible." Workouts in Houston are slated for 10 a.m. both days.

for operation of the State, Commerce and Justice Departments in the current fiscal year.  
 On the House's insistence, the bill left out an earlier Senate-approved provision for \$12.5 Million in federal aid to the nation's airports.  
 3) Senate passage, by voice vote of a one-year extension of the Reciprocal Trade Agreements Act.  
 The Act calls for creation of a 17-member special commission to study the whole range of U.S. trade policies and submit a report by next March 3.

Written into the bill is authority for the President to clamp quotas or higher import duties on farm products by executive order—without waiting for Tariff Commission recommendations—when he considers U. S. farmers are endangered by foreign imports.  
 Earlier in the day, Senate GOP leaders announced that the White House had yielded on its 11th hour demand for a jump in the federal debt limit.  
 Senate Majority Leader William F. Knowland, (R-Calif.) said the President and his top fiscal aides agreed at a White House breakfast conference to wait until next year, if possible, for action on the debt issue.  
 In 1953 legislative session, the lawmakers completed action on a whopping \$53.5 Billion in new funds to operate the federal government and carry on the defense buildup here and abroad.  
 The total was \$12.7 Billion less than former President Truman recommended in his farewell budget last January and \$3.5 Billion less than Mr. Eisenhower requested in his revised budget.  
 By comparison with some of Mr. Truman's clashes with Congress, the lawmakers gave Mr. Eisenhower a fair amount of cooperation on major issues—notably on defense and foreign aid—but showed no inclination to rubber-stamp every White House proposal.
