Job Calls

The city of Monahan has an opening for a city engineer. They are particularly interested in a man who is not only well-grounded in the technical engineering aspects of city management, but also in the broader and more general aspects of the administration of municipalities. Civil engineering majors may qualify for this opening.

The Featherlite corp. has a vacancy in their Austin office for an architect or civil engineer interested in sales and promotional work. The work would consist of calling on architects, engineers and others in the building industry promoting the use of Featherlite, a structural expanded shale aggregate.

There are opportunities available with Carbide and Carbon Chemicals Co. at Oak Ridge, Tenn., in their atomic energy installations for men trained in chemical, mechanical, electrical, civil and industrial engineering, physics, chemistry and mathematics.

The Plymouth Cordage Co. in Plymouth, Mass., manufacturers of hard-fiber rope and twine, would like to secure two or three mechanical or industrial engineers who have had some experience in production work. It is essential that these men be willing to locate for indefinite periods anywhere in the United States or Canada that their services may be required.

TIME and GOD

It is no accident that men, the world over, have built clocks into the steeples of their churches:

Reduce life to its simplest components and what have you? TIME and GOD.

Time marks the beginning of life. It measures the growth of our bodies. It provides opportunity for our work and play. It reveals to us our human limitations. And then, one day, Time leaves us behind . . .

But God is the origin of life. He measures the growth of our souls. He provides our strength and forgives our weakness. He reveals to us His limitless Love. And, never deigning to leave us behind, God beckons us on—even beyond the circle of time.

A parable then: the clock in the steeple!

Man finds material security and temporal happiness as he learns to respect Time.

Man finds spiritual security and eternal happiness as he learns to love God!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Deferment Tests Now Available

Applications for the Nov. 19 and April 22 student deferment tests are now available at the Selective Service office in the Varisco building in Bryan.

No application post-marked later than midnight, Nov. 2, will be accepted for the Nov. 19 test, said J. E. Terral, director of test administration.

The results of the test will be reported to the man's local Selective Service board for use in considering his deferment for scholastic reasons.

AS Graduates Still At A&M Can Get Degree

Students who have finished air science but have not received their academic degree need not worry about being drafted.

These students will continue school under the 1-D classification until they are graduated, according to air force spokesmen here.

This category defers students enrolled in Army or air force ROTC.
