## Dr. Layer Speaks To AAUW Meeting

Dr. Robert G. Layer of the economics department spoke to the College Station-Bryan branch of the American Association of University Women yesterday afternoon in the Consolidated high school cafeteria on "Socialism in American Capitalism."

New members introduced by Mrs. J. G. Potter, membership chairman, were Mrs. Harry Tiers, Mrs. R. O. Berry, Mrs. J. P. Barlow and Miss Mary Louise Adams.

Mrs. Lewis Knowles announced a reading contest which will be sponsored by the Education committee in November.

All children of the elementary schools in the College Station-Bryan area will be eligible to enter.

Mrs. Omar Sperry and her committee, Mrs. R. D. Lewis and Mrs. C. W. Simmons, presented two budgets. The group approved the larger budget.

Details of the "white elephant" book sale scheduled for the November meeting were given by Mrs. Horace Blank. Members were asked to bring their books to Carnegie or Consolidated libraries by noon Nov. 9.

The group voted to assist the Mental Health Society of Brazos county in its current program upon the suggestion of Mrs. Melvin Rotsch.

Following the meeting Mrs. Walter Delaplaine invited the members to remain for coffee and a discussion.

Mrs. Spencer Buchanan was in charge of the social hour.

## Betty Gilmore Marries Jimmie Stone Here Sunday

Miss Betty Gilmore, daughter of Mr. and Mrs. Henry Gilmore, became the bride of Jimmie Stone, son of Mrs. Annie Stone, in a ceremony Sunday at 9:30 a. m. at St. Anthony Catholic church.

The bride wore a white gown of bouffant net over satin cascading into a peacock train. The lace bodice met a net illusion at the high neckline. The fingertip French illusion veil fell from a square cap trimmed in rhinestones. She carried white orchids.

The bride's attendant, Miss Anna Louise Marino as maid of honor. Her sister-in-law Mrs. Sam Dicharo was matron of honor.

Bridesmaids were Misses Carolyn Fazzino, cousin of the bride, Janie Patranello, Jackie Saculla, and Phyllis Grizzaffi.

Miss Jo Marie Scanliss and Miss Anthonette Ruffino, cousins of the bride, were flower girls. The attendants dresses were strapless with a lace top covered by a lace bolero. They wore matching hats sprinkled with rhinestones and matching ruffled mitts. The maid of honor's dress was lavender, and she carried lavender carnations.

Best man was J. J. Marreale of Galveston, cousin of the bride. Groomsmen were Garent L. McMiller, Gene Steveson, Johnny Kellogg, and Bob Potter. Ushers were John Fazzino and Sam Dicharo. The bride's brother, Ray Henry Gilmore, was ring bearer.

The bridesmaids wore pink and carried pink carnations, and the matron-of honor and flower girls were dressed in yellow.

The bride was given in marriage by her father Henry Gilmore. Mrs. Mary Newland played organ selections.

Following the ceremony a reception was held at the Fellowship club. A. J. Winn played for the reception.

Those assisting in the serving were Mesdames Phillip Urso, Preston Ruffino, Luke Marino, Joe Scanlin jr., Luke Degelia, Fred Jordan, Tony Renia, John Fazzino and Frank Fazzino.

Mrs. Stone chose as her going away outfit a champagne brown suit with rhinestone trimmed white collar and cuffs. She wore brown accessories and a white orchid corsage.

Mr. and Mrs. Stone will make their home at 702 N. Parker in Bryan. Mrs. Stone attended St. Joseph's school and Stephen F. Austin high school in Bryan. The groom is a graduate of A&M Consolidated high school.

## Move over, Famous Towers

The world's most famous towers are, left to right, the Eiffel Tower, the Tower of London and the Leaning Tower of Pisa.

But in America, the tower-come-lately (extreme right) may rapidly become as familiar as the old landmarks of Europe. It is one of the Bell System's radio-relay stations which speed telephone calls and television programs coast to coast.

In May, 1948, these towers connected only five Eastern cities. Five years later the TV network included 95 towns and more are being added all the time.

Being the first network of its kind in the world, the planning, research, engineering and construction requirements are providing real opportunities for the kind of people who like to pioneer.

If working on new developments appeals to you, check with your Placement Officer for the details on employment with the Bell System. There are positions open for electrical, mechanical and civil engineers, as well as business administration and arts and science graduates.
