

Church Club Plans Tamalada Tuesday

The annual Tamalada will be given next Tuesday, November 3 by the Women's Auxiliary of St. Thomas' Chapel. It will be held from 5 to 7 p.m. in the parish hall. The Tamalada is a Mexican supper which has met with marvelous success since it was first held three years ago, said Mrs. Frank Vaden, co-chairman for the affair. Mrs. Armstrong Price is the other co-chairman.

Only 250 tickets will be sold and they are "going pretty fast," said Mrs. Vaden. Tickets are one dollar for adults and 50 cents for children.

The public is invited to the Tamalada and reservations may be made by calling the church office at 4-9404. Mrs. Spencer Buchanan and Mrs. Harold Hornbeck will accept reservations by phone and will deliver the tickets.

Profits Will Be Used

The profits will be used for this year's project of the auxiliary which is the re-decorating of the parish hall, Mrs. Vaden said. Hostesses for the Tamalada will be Mrs. R. H. Shuffler, and Mrs. Fred Smith. The members of the Young People's Fellowship will serve the tables. Mrs. J. B. Baty is president of the auxiliary.

CHS Girls To Give Coke Party Saturday

A coke party for about 40 of their friends will be given at 3 p.m. Saturday by four A&M Consolidated high school girls at the home of Janet Folweiler, 1028 Walton East.

Hostesses, in addition to Miss Folweiler, are Fay Simms, Rita Hughes and Jean Ann Smith. Decorations will carry out a Halloween theme.

Carl Jobe Honored By Staffs With Party

The staffs of Student Activities and Student Publications honored Carl Jobe with a party Wednesday night at the home of Mr. and Mrs. C. G. (Spike) White.

About 40 guests attended. Jobe is acting director of student publications at A&M. He will be married to Alice Ewell Walker of Galveston tonight in Galveston.

Girl Scouts Honor Founder With Activities

College Station Girl Scouts will end observance of national Girl Scout week tomorrow.

The 47 Girl Scout troops in the Bryan-College Station area have been honoring the late Juliette Gordon Low, founder of the national organization, with a week of special activities. Tomorrow is the founder's birthday.

Observance of the special week started Sunday, with each of the Girl Scout troops attending the church of its choice. Activities this week have emphasized health, safety, arts and crafts, citizenship and international friendship.

College Station troops 36 and 37 had a party together at the Girl Scout Little House. Troop 36 is led by Mrs. R. L. Baggett with Mrs. P. L. Frost as assistant.

Mrs. John S. Denison is leader of Troop 37. Mrs. Charles H. Cole is assistant.

Ander Is Named Committee Head

A reception committee was chosen yesterday by the A&M Consolidated high school student council.

Fred Anderson was appointed chairman of the committee. Assisting him will be Garland Andrews, Jean Puddy, Jerry Oden, Jimmy Simpson, Ann Williams and Lucy Rogers.

The council also proposed that Mrs. J. T. Duncan, librarian, be in charge of the school's lost and found. The council picked officials for fire drills. They are Robert Cleland, timer; David Bonnen, in charge of switch; Roland Beasley and Bobby Jackson, to be stationed in the halls.

The next meeting of the council will be next week, said Barbara Mullin, reporter.

Blood Drive Set For November 18

The blood drive at A&M will be held Wednesday, Nov. 18 at Sibbs hall.

The goal for this year is 250 pints.

Students who are under twenty-one, and who care to donate blood should see their dorm masters or first sergeants to obtain permission slips. Non-dorm students and non-students may phone 4-5014 for appointment.

"This is the only time the bloodmobile is scheduled to be here, but if this drive is a success another one will be planned for early spring," said Bill Reed, chairman of the blood donor drive.

Football

(Continued from Page 1)

a spirited fight for the lead.

Ellis has tossed 192 passes and completed 51 for 610 yards, with 6 interceptions. Four of his passes went for touchdowns.

McHan is third passer of the conference with 31 completions out of 64 attempts, with 2 scoring tosses and 3 interceptions.

The workhorse Razorback quarterback also ranks fourth in the SWC among leading ball carriers with 252 yards picked up in 91 carries.

Only in the Aggie line, where Line coach Mike Michalske seems to have found seven starting stalwarts who please him, do the same players reappear each Saturday to answer the opening whistle.

Starters at ends will be Bennie Sinclair and Bill Schroeder. Sinclair is a junior and Schroeder a sophomore. Sinclair is second among the conference pass receivers, taking 14 for 201 yards and 2 touchdowns.

Tackles will be Durwood Scott and Lawrence Winkler. Scott is one of the three seniors who will start Saturday's contest. Ellis and Magouirk, both backs, are the other two. Winkler is a junior and the tackle combination of Winkler and Scott gives the Aggies a quality of football at tackles that ranks with the best in the conference.

Tate and Theriot Great Guards. The same thing may be said of the Aggie guards. With juniors Marvin Tate and Sid Theriot crashing through to make tackles short of the line of scrimmage, the Aggie defensive record has been good all season and is improving with each game.

At center is another sophomore, Fred Broussard, but one who has handled the change from tackle (his normal position) to center with amazing efficiency. Broussard is big, but fast enough to move about to make linebacking look easy. He has been a real rock in the Aggie line.

If the field is dry Saturday in Little Rock, the passing battle between Ellis and McHan could produce the same type of high-scoring contest the two teams had in 1952, when Ellis was on the receiving end of three touchdown passes from Ray Graves, the Aggies' great quarterback last season.

Experiment Station Receives Grants

Texas Agricultural Experiment Station Grants-In-Aid

The Texas agricultural experiment station has received the following grants-in-aid:

American Cyanamid Company, New York, N. Y. — \$300 to be used for research on turfs.

Commercial Solvents Corporation, Terre Haute, Indiana—renewed grant of \$2,000 for studies on the use of antibiotic and vitamin B-12 products in starter and grower type feeds for chickens and turkeys.

Continental National Bank, Fort Worth—\$200 to be used in the investigations of hyperkeratosis, conducted by the department of veterinary research.

Distillers Feed Research Council, Inc., Cincinnati, Ohio—\$3,000 to be used in support of studies in which various sources of unidentified growth and hatchability factors are being evaluated and relationships between such factors and known nutrients are being studied.

Dow Corning Corporation, Midland, Michigan—\$500 in support of the study of bloat in beef cattle.

Hercules Powder Company, Naval Stores Department, Wilmington 99, Delaware—renewed grant of \$2,500 for support of research on beneficial insects.

Lathoff Grain Company, Danville, Ill. — \$3,000 in support of studies on determination of the value of partially dextrinized starch products in finishing feeds for broilers and turkeys, and determination of the relationship between such products and other nutrients commonly used in poultry feeding.

Lederle Laboratory, American Cyanamid Company, Pearl River, N. Y.—renewed grant and increased amount from \$800 to \$1,200 to be used in support of research on the effect of feeding an animal protein factor supplement containing aureomycin to lambs and the effect of this supplement upon wool growth, and also the effect of aurofac and enterotoxemia in lambs.

Niagara Chemical Division, Middeport, N. Y. — \$350 in support of studies on evaluation of formulations of benzene hexachloride-DDT for control of cotton insects.

Pacific Molasses Company, San Francisco, Cal. — \$3,000 in support of research on the value of molasses in feeds for chickens and turkeys and of the relationship of this product to other nutrients and factors in poultry feeds.

Phillips Petroleum Company, Bartlesville, Okla. — \$1,500 for support of cotton defoliation studies for the 1953 season.

Pioneer Hi-Bred Corn Company, Des Moines, Iowa—\$6,000 in support of investigations on the relationship of metabolic patterns in poultry to production and performance.

Publicker Industries, Inc., Philadelphia, Penn. — \$3,250 in support of research on the value of dried molasses as solubles with distillers, dried grain solubles and other sources of the whey or fermentation factors.

Southwestern Sugar & Molasses Company, New York, N. Y. — renewed grant of \$3,000 in support of studies on the effects of molasses and other ingredients of varying qualities on heating and spoilage in mixed feeds.

Standard Brands, Incorporated, New York, N. Y. — \$750 for determining the nutritional value of active dry yeast in the ration of growing chicks.

Texas Cottonseed Crushers' Association, Inc., Dallas — renewed grant for \$1,000 in support of cotton breeding studies at Lubbock Substation.

Western Condensing Company, Appleton, Wis.—renewed grant of \$3,500 in support of research on the value of dried whey in poultry feeding.

Local Womens Group Starts Radio Series

The College Station-Bryan Business and Professional Womens' society will start a series of public service radio programs Monday.

The 15-minute programs will be broadcast weekly over station KORA, at 9:45 p. m. each Monday.

Members of the society will alternate in giving the programs. Mrs. John Bishop of Bryan is president.
