

REAL COWBOYS—Eight Aggies received top ratings in the 32nd annual All-Aggie rodeo held here. (Kneeling, left to right) Charles Davis, sold most tickets; Ray Kirchner, best all-around cowboy and calf roping event winner; Charlie Bouse, runner-up to Kirchner; (Standing) Virgil Patrick, calf roping winner; R. S. Higgins, bull riding winner; Lowie Rice, third in points and steer wrestling winner; and Bobby Rankin, bareback bronc riding winner and Rodeo club president.

Newsom Discusses County Agents

F. W. Newsom, county agent from Jeff Davis county, talked on county agent's duties at a meeting of the Saddle and Siroloin club last night. "We are actually a part of the extension service and serve as a means of giving new information, developments and practices to farmers and ranchers," he said. Newsom then gave members an idea of the type of farming and ranching done in Jeff Davis county. Harry McCampbell gave a report on the refreshment committee set up to serve county agents. He also discussed the meats judging team's trip to Kansas City and some results of the contest. Jim Bob Steen, county agent from Presidio county, talked on the work and benefits students should get out of a college education. Saturday morning was set as the time club members would meet at the arena to complete the clean up job.

NEW STUDENT CENTER—St. Mary's Catholic chapel at the North Gate will have a new student center soon. The building, which is being built behind the present church building, will have meeting rooms, recreation facilities, a classroom, a library, a lounge and a kitchen. The main room of the building will open onto a patio with a barbecue pit.

News Briefs

EXTENSION STUDENT chapter of the ex-students of TSCW will have a banquet at 7 p. m. Thursday night in the assembly room of the Memorial Student Center.

THE FIRST act of the Intercollegiate Talent show on March 19, 1954 will be Bob Short. He was picked last weekend by representatives of the MSC Music committee at the annual Pigskin Review at SMU. His act is called "Phonetic Punctuation."

TWO 1953 FORD engines were given to A&M's mechanical engineering department by the Ford Motor Co.

The engines are a 115 hp V-8, passenger engine, and a 155 hp truck engine.

Senior mechanical engineering students will use these engines in their laboratory.

DR. CHARLES N. Shepardson

and Dr. T. R. Timm are attending the Texas Sheep and Goat Raisers' convention in San Antonio. Shephardson in dean of the School of Agriculture and Timm is head of the department of agricultural economics and sociology.

THE TEXAS Student Chapter of the American Foundry Society will visit the Lone Star Steel Co. in Danger Field next week.

About 30 members are expected to make the trip which includes a study of foundry production, iron processes, and making pipe from steel.

THE DEEP EAST Texas A&M club will sponsor a dance Dec. 29 at Reo Palm Isle in Longview. The dance will feature the Aggieband Orchestra, and profits will be used for a scholarship award.

FOUR A&M BUSINESS administration students attended the annual conference on labor arbitra-

tion Friday in Houston. The students were Walter Hill, Carl Wall, Gus Wulfman and Paul Roper.

THE HORTICULTURE society will leave Dec. 12 on its annual field trip to Florida. The purpose of the trip is to observe citrus and sub-tropical growing methods. They will be gone 10 days.

"PATENT LAW and the Chemist" will be discussed by Russell H. Schlattman, of the patent department of the Texas division of Monsanto Chemical company, at 8:15 p.m. Thursday in the lecture room of the Chemistry building.

Aggies Nominated

(Continued from Page 5)

Broussard is considered one of the future greats of the Southwest conference. He loves to play and revels in handing out crunching blocks and tackles.

Fred's linebacker has been the talk of the area's sports-writers and coaches.

Easley's tremendous power and speed have earned him many compliments. Time after time this season, he has bulled through the line for good gains with tacklers draped over him. Some fans have voiced the opinion that if he were used more, Bob would soon earn himself a place on the all-conference team. Both Broussard and Easley are sophomores.

Little can be said about Ellis that hasn't been said already. He is the boy that makes the Aggie offense click, he is the player most responsible for A&M's success this season.

Don is a skinny 170 pounder without a football uniform on. But when he steps out on the field and takes the snap from Broussard, it's time for the opposing team to get ready for fireworks.

Around 600 Extension Agents Attend Meet

Around 600 extension agents are attending the annual Extension Conference here.

Agents from every county office in Texas are here for the five-day conference which ends Friday.

Purpose of the conference is to give agents the latest information from research in agriculture. Subject matter is divided to include farm and ranch enterprises.

The training discussion subjects are agronomy, animal husbandry, dairy husbandry, horticulture, poultry husbandry, range management and techniques and aids in mass communications.

Main sessions for agricultural agents will be held in Guion Hall and for home demonstration agents in the MSC Ball Room.

Women extension agents are studying newest methods in home demonstrations. Former students

of TSCW will hold their annual banquet Thursday evening in the MSC Assembly room.

The joint Agents' association banquet will be held in Sbisla Hall Wednesday evening.

Whispering Pines Club Elects Stine

Sam Stine of Lufkin has been elected president of the newly formed Whispering Pines club.

Other officers are Dick Case, Center, vice-president; Kerry Whitton, Nacogdoches, secretary-treasurer; and Steve Lilly, Nacogdoches, social chairman.

The club was organized to promote fellowship among students of Nacogdoches, Shelby, St. Augustine and Angelina counties and to boost Aggies at home, Stine said.

The club meets every first and third Thursday in Room 228, of the Academic building.

What people see is registered on their eyes upside down and the mind turns the image over to put it in proper perspective.

Walton Cannons To Be Chained

The "wandering" cannons in front of Walton Hall will be chained down.

G. W. Skladal, Adj. 1st Composite Reg., said that the plan for the job will be submitted to the B. C. U. this week.

The cannons will be kept in place by chains embedded in cement.

Ags Invited to Dance In Bryan Saturday

All Aggies are invited to a dance at Maggie Parker's in Bryan Saturday night.

The dance is being given to raise money for the Stephen F. Austin high school band to attend the Mardi Gras.

Claude Harris' orchestra will play for the dance. It begins at 8:30 p. m. and lasts until 11:30 p. m. Admission is \$1.00 stag or drag.

2000 HOMELESS... LINES DOWN.
URGENT... REPAIR QUICKLY.
Gale winds ripped through Alabama and Georgia last spring, destroying 500 homes, leaving 2000 homeless, killing and injuring 382. Thousands of telephones were out of order—hundreds of poles damaged and destroyed. Communications had to be restored quickly. They were! Here's how:
1. Engineering teams rushed to the stricken area. In hours, they determined material and men needed to restore service.
2. Based on these reports, equipment—as far off as Chicago and New York—began rolling toward the area.
3. Telephone crews arrived from as far away as Atlanta and Birmingham—engineering and accounting forces, construction, cable testing and repair teams.
4. Red Cross, hospital and other essential installations were rushed.
5. The public was informed of progress by daily newspaper and radio releases.
Result: in 3 days, Columbus, Georgia—which suffered 10 million dollars property damage—had half its out-of-order telephones working and Long Distance service nearly normal. In another 3 days substantially all service had been restored.
Planning and co-ordination among many telephone people with a variety of skills made this quick recovery possible. It illustrates vividly the teamwork typical of Bell System men and women.
There's room on this team for a wide range of college graduates—business and liberal arts, as well as engineering. Plan for your future by getting details now about job opportunities in the Bell System. Your Placement Officer has them.
