

FLOWER AUTHORITY—Mrs. Earl B. White, nationally accredited authority for flower show schools was a guest of the A&M Garden club Friday where she spoke and made several arrangements. Pictured working at one of her arrangements are (left to right) Mrs. Marion Pugh, garden club president; Mrs. White; and Mrs. C. B. Campbell, who introduced the speaker.

At Garden Club

Flower Authority Speaks

Mrs. Earl B. White, nationally accredited authority on flower show schools, was guest speaker for the A&M Garden club for two lectures at 2:30 and 7:30 p. m. Friday in the lecture room of the Petroleum building.

In her afternoon talk, "Flower Arranging Through the Ages," she pointed out the similarities and difference of flower arranging from its beginnings in the Orient to modern times.

She compared the delicate arrangements native to China and Japan with the massive bouquets made in the Victorian, French and Georgian style.

She then presented the modern idea in flower arrangement, explaining the Hogarth curve, an S-curve arrangement method. She emphasized that simplicity, depth and rhythm were the elements to strive for in good arrangements.

In her evening lecture, "Flower Arrangement for the Home," she told Garden club members that flower arrangements should harmonize with decorations in the home.

She suggested the extensive use of plants "that we can find by the way-side."

Both lectures were illustrated with flower arrangements that she had prepared earlier and others that she made during her talks.

In her arrangements she made extensive use of chrysanthemums, dried flowers, and other decorations that are available during autumn. She also brought a collection of unusual vases and bowls for flower arrangements.

Mrs. White was introduced by Mrs. C. B. Campbell. Hostesses for the meetings were Mesdames A. D. Folweiler, W. E. Briles, Edward Madeley, W. M. Potts and O. H. Franks.

Church Briefs

Prairie View Dean To Speak Here

The Rev. Lee Phillip, dean of the chapel at Prairie View A&M College, will be guest speaker for the meeting of the Wesley foundation at 7:45 p. m. Wednesday.

His subject is "Prayer and Personal Morality." He plans to bring several Prairie View students with him.

Supper will be served at 6:10 p. m. and will be followed by the meeting.

A Thanksgiving party and dinner, sponsored by the faculty and student wives, will be the program for the Hill foundation at 6:30 p. m. Wednesday in the Cabinet room of the YMCA.

The dinner is free for all Hill members.

CHS Conducts Sadie Hawkins Day Activities

After services at 6:15 p. m. Wednesday, Newman club members will have a wiener roast at the Bryan Knights of Columbus grounds.

Mass will be held at 6:45 a. m. Friday at St. Mary's chapel.

The Christian Science society will meet at 7:30 p. m. Wednesday at the Memorial Student Center.

Evening prayer at 7:15 p. m. Wednesday at St. Thomas Episcopal chapel will be followed by a meeting of the Canterbury club.

Holy Communion will be followed by breakfast at 6:30 a. m. Wednesday.

The Lutheran Student association will meet at 7:15 p. m. Wednesday. Rev. Swygert will conduct a program of Bible study.

The Women's Missionary society

Saturday was Sadie Hawkins day at A&M Consolidated high school.

Sponsored by the junior class, the annual dance featured at Sadie Hawkins day race complete with Clifton (Marryin' Sam) Bates.

Winners of the award for the most original couple were Bob (Daisy Mae) Jackson and Janice (Li'l Abner) Lattimer. They were married in an impressive mock ceremony by Marryin' Sam and received corn cob pipes for wedding gifts.

Marie Lewis received the best Daisy Mae costume award; Melvin Free was best Li'l Abner, and Jean Adams received the award for the top Moonbeam McSwine costume.

The race was held in the gymnasium, and the girls danced with the boys they caught. Decorations included bales of hay, crepe paper and balloons carrying out a hill-billy theme.

The dance was sponsored by the junior class to raise funds for the annual junior-senior banquet. About \$10 was raised for the affair.

SADIE HAWKINS DAY—Pictured getting the "business" from Clifton (Marryin' Sam) Bates at the A&M Consolidated high school Sadie Hawkins day dance are "bride and groom" Fred Anderson and Helen Ross.

What's Cooking

Tuesday

5 p. m.—Institute of Aeronautical Sciences, Engineering building. All juniors and seniors requested to attend. Will plan field trip to Convair and Chance Vought Aircraft companies.

7:30 p. m.—AIEE meeting, room 207, Engineering building. Mr. Kappey, resident engineer with International Shoe Company, will speak. Dues payable.

Kream and Kow Klub meeting, lecture room, Agricultural Engineering building. Awarding of Borden Agricultural scholarship and talk by Byron Blalock of the Borden company.

8 p. m.—P. E. club meeting gymnasium. Discuss barbeque; select representatives for local, state, and national conventions.

Wednesday

5:15 p. m.—A&M Gymnastics club meeting, little gym. Any one wishing to work with the team for the year is invited.

8 p. m.—AVMA Auxillary meeting, social room, MSC.

Newcomers Will Hold Bridge, Canasta Party

The Newcomers club will have a bridge and canasta party at the home of Mrs. John A. Way 1106 Ashburn, at 2 p. m. Wednesday. Prizes will be awarded to the winners.

An old-fashioned canvas bag and a mallet are still fine to use when you want to chop ice.

Presbyterians Set Supper Saturday

The Seekers class of the A&M Presbyterian church will have a covered dish supper at Saturday 6 p. m. in the Recreation hall of the church. There will be a social following the supper.

The hostesses for the supper are Mr. and Mrs. Dale Handlin, Mr. and Mrs. Mountney, Mr. and Mrs. Thigpen and Mr. and Mrs. Walker Jacobs.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

"Your hair's no yoke!" bellowed Sheedy's gal. "Those cowlicks look awful. Why not take the bull by the horns and get yourself some Wildroot Cream-Oil, America's favorite hair tonic? Keeps hair combed without greasiness. Makes you look cuddly. Removes loose, ugly dandruff. Relieves annoying dryness. Contains Lanolin. Non-alcoholic. I won't cow-tow 'til you start using it heifery day." Paul was utterly stunned, so he bought some Wildroot Cream-Oil for just 29¢. He told his girl the good moos and now they're hitched for life. So just steer yourself down to any toilet goods counter for a bottle or handy tube. And remember to ox your barber for Wildroot Cream-Oil too. You'll be the cream of the campus—and that's no bull.

Wildroot Company, Inc., Buffalo 11, N. Y.

"HOW GOES IT?" dials New York—and a building in Illinois answers

Shell Oil Co. wanted a small brick building in Illinois to be able to teletype automatically to a dispatcher in Radio City—more than 800 miles away. The building in Dennison, Ill., is one of four pumping stations on an important oil line. For efficiency, all these stations were to be controlled from New York. Bell System engineers were asked to help.

These remote-control installations represent salesmanship, research and engineering skill on the part of many Bell System people. That's the reason there are rewarding opportunities in many lines for college people in the telephone company. Why not check soon with your Placement Officer on your chances to start with the Bell System after graduation?

Shell Oil Co. wanted a small brick building in Illinois to be able to teletype automatically to a dispatcher in Radio City—more than 800 miles away. The building in Dennison, Ill., is one of four pumping stations on an important oil line. For efficiency, all these stations were to be controlled from New York. Bell System engineers were asked to help.

Now the New York dispatcher operates these stations by using an ordinary telephone dial. By dialing a number, he can make a pumping station automatically report back its meter readings by teletype! He also dials numbers to open and shut valves, start and stop pumps, and summon an attendant. It's done through Bell System facilities.

These remote-control installations represent salesmanship, research and engineering skill on the part of many Bell System people. That's the reason there are rewarding opportunities in many lines for college people in the telephone company. Why not check soon with your Placement Officer on your chances to start with the Bell System after graduation?
