

THIS THE SPIRIT—Maroon and white band sophomores put up their sign Sunday night on the southeast corner of drill field. The site of this picture is now covered with several other unit signs for the University of Texas game. The bands put up a combined sign for both band units.

More Work Planned On Beautification

Students might as well get used to running obstacle courses around the Academic Building, because as soon as the sidewalks in front are completed, other work is to begin, according to Howard Badgett, head of A&M's physical plants.

Plans are now being made for tearing down Pfeuffer hall, and for reworking the Hart hall parking lot.

No definite date has been set for tearing down Pfeuffer; however, it should be in the near future, Badgett said.

The Hart Hall parking lot will probably be reworked during the Christmas holidays.

"The future beautification of the grounds around the Academic building lies with the students," Badgett said.

As soon as all the sidewalks have been finished, a survey is to be made as to how well they are used by the students.

If the students use them, and stay off the grass, an underground sprinkling system similar to that of the Memorial Student Center may be installed, Badgett said.

There is an overall plan for beautifying the campus already drawn up and blueprinted. The plan will be put into effect a step at a time, as funds become available.

The plans also include new flower beds, shrubbery and trees to be set out around the campus.

Poultry Team Leaves For Chicago Meet

The senior Poultry Judging team will leave for Chicago Nov. 27 for the annual Intercollegiate Poultry Judging contest.

"Members of the team have not been announced," said Cecil Ryan of the poultry department, "since they are still competing to get on the team."

Dr. E. D. Parnell will announce the team members at a kick-off banquet Nov. 24.

The contest will be in Chicago Dec. 1-2, and awards will be presented at an awards banquet Dec. 2.

A&M Students Win \$400 Total Prizes

Cash prizes amounting to \$400 were awarded to five A&M student winners in the third annual Featherlite competition to design a county courthouse. All are seniors in architecture.

First prize went to James Cecil Walden; Richard S. Atmar, second; Willard C. Sholar, jr., third; Pete Nick Manos, fourth; and Charles E. Burgess, fifth.

The entries of all five winners will be entered in state-wide competition against winners from University of Houston, Rice Institute, University of Texas, and Texas Technological college.

Those competing for team membership are Eugene Rozacky from Taylor, Charley Kammerdiener from Gainesville, Alton Fuchs from Cameron, and James Newman from Garland. Three will be on the team while one will serve as an alternate.

Ryan stressed the point that anyone taking agriculture could try out for the poultry team.

The Poultry Science club banquet will be held in the Memorial Student Center at 7 p.m. Nov. 24. Judging coats trimmed in maroon will be presented to the team members at that time by the Texas Poultry Improvement association.

Judging will be done at the University of Arkansas and at several processing plants while on the way to Chicago. A stop will be made at the Purina research farm on the way back.

Out of 11 A&M teams taken to Chicago in years past, none have placed lower than fourth. In 1949 they placed first. In 1952 Bill Huffman, senior poultry husbandry major from Longview, was high-point man.

The trip is sponsored each year by the student activities office and the Poultry Science club. The Poultry Science club uses proceeds from the Texas Chick, Poultry and Egg show which they sponsor each year to finance judging trips.

Legion To Hold Barbeque Dinner

Members of the College Station American Legion Post 541 and their wives and friends will hold a barbeque dinner at 6 p. m. Thursday. The dinner will take the place of the post's regular meeting. Adjutant Lawrence DuBose said.

The dinner will be held in Shiloh hall, one mile south of College Station on highway 6.

Entertainment will be provided by a men's choral group. Plates will be \$1.00 each.

Four Bring Deer To A&M Meats Lab

Four people have brought deer to the A&M meats laboratory to be dressed and stored.

Those who brought their hunting catches are C. H. Warren, C. G. (Spike) White, Dr. Dan Russell and W. L. Penberthy.

Penberthy's deer, which weighed 127 pounds dressed, was the largest. Warren had two deer.

The dressing service is provided for anyone who has a frozen foods locker at the meat laboratory.

Looking For A Career With A Fast-Growing Electric Company?

Texas Electric Service Company, one of the largest utility companies in Texas, (But not so large that an ambitious young man wouldn't be noticed) offers numerous opportunities for college graduates. Representatives of the company will be glad to give you more details about the types of job opportunities in this rapidly growing electric utility firm.

A REPRESENTATIVE OF THE TEXAS ELECTRIC SERVICE COMPANY WILL BE AT TEXAS A&M THURSDAY AND FRIDAY, NOV. 19 & 20. ARRANGE WITH THE PLACEMENT OFFICE FOR AN APPOINTMENT.

Dean Kills Deer With One Bullet?

The A&M meats laboratory has doubts about Dean of Men W. L. Penberthy's account of his recent hunting trip.

Penberthy brought a six-point deer by the laboratory to be dressed and stored in his locker there.

He said he killed the deer with a single shot. But when the animal was dressed, two slugs were found in the carcass.

35 Students Needed As Special Policemen

Thirty-five students are needed to act as special policemen the morning of the A&M-University of Texas football game, said Fred Hickman, chief of campus security.

LETTERS

(Continued from Page 2)

think of us, but we do care what the people of the state of Texas think about us.

We understand the lipstick, but people knowing nothing of the school could get the wrong impression.

Your statement about giving freshmen senior boots was outspoken and uncalled for. If the seniors want to give the freshmen boot privileges, it is their right and all the other classes should keep their mouths shut about the matter.
