UT, Aggie Friendship **EDITORS NOTE:**

This article should not be read and then forgotten. It has deep and intelligent meaning especially now when relations are so tense between two American campuses. Holland Winder '52 submitted the article to The Battalion. It appeared in the Houston Post during World War II.

Heart-warming was the letter written from Germany Editors, The Battalion: Jan. 4 to the Austin American-Statesman sports editor by Open Letter to John Clark Pfc. Barrett H. Wyont of Austin.

"I have a little story to tell you about the Texas Aggies | Darling Aggies" may not have parts of the country are concerned, have passed 21 years of age. and the Texas Longhorns.

An Apology to Houston

The Battalion wishes to apologize to the citizens of Houston for a sentence in one of its recent editorials.

In the editorial condemning the beating of three Aggies by U of H students The Battalion stated, "It seems the re- how does A&M turn out more and sidents of Houston are trying to live up to their reputation as the most criminal in the south". better officers than any other school in the U. The Battalion feels that the numerous criticisms it has received because of this generality are justified. Houston is rules at A&M, he is not capable of a great city. We do not blame the editorial's Houston critics for feeling indignant.
