

Comics Censorship Board Discussed

A censorship board to pass on comic books, similar to the present censorship program for movies, was the main topic Monday morning in the Child Study club's discussion held in the home of Mrs. Melvin Brooks.

Mrs. Charles Workman led the comic book discussion which was based on information in some recent magazine articles concerning

New Mrs. America Contest Announced

Two Brazos county firms are local sponsors for the national "Mrs. America" for 1954.

Qualifications, according to contest managers, are attractiveness, good grooming and homemaking ability. Contestants must be married.

Entry blanks will be in the Jan. 14 issue of Better Living magazine and must be returned to Southside Food market, one of the sponsors, before Feb. 27.

Entries will be judged by the Lone Star Gas company, the other sponsor. In addition to appearance, entries will be judged on cooking, laundering and other housekeeping chores.

The local winner will receive \$100, and will compete in the state finals. National winner will be chosen from the state finalists at Ormond Beach, Fla., during the latter part of April.

comic books offered to our youth today.

Coffee and sweet rolls were served by hostesses Mrs. Flake Fisher and Mrs. Brooks.

Chairman, Mrs. E. R. Lemon brought up two items of business, material concerning homemade Christmas toys and topics for future discussion group meetings.

The next Child Study club meeting, to be held 9:30 a. m., January 12, will have Rev. Norman Anderson, pastor of the A&M Presbyterian church, lead the discussion, "Religion in the Home."

Trio May Be Next Recital Program

The Music Arts Trio of Houston has been tentatively scheduled for the next performance of the Memorial Student Center Recital series. The program will be the week after the Christmas holidays.

Last week's performance by violinist Gaetano and pianist Albert Hirsch, also of Houston, drew approximately 200 persons.

Other programs being considered for the future are a woodwind group from Texas Christian University and a cellist from the University of Texas.

Serve citrus salads often with meat, poultry or fish courses during the winter. An orange and onion salad is delicious with roast duck; grapefruit and red apple make a refreshing accompaniment to roast pork.

Plans are swinging into high gear for the A&M Consolidated high school Christmas dance set for Dec. 18.

The dance sponsored by the senior class, will honor all former students of the school. Sandra Couch, chairman, extended an invitation to all the Consolidated exes.

Committees have been appointed for the dance. They include Janice Latimer, Mary Gaddis and Pat Owens, decorations committee; Jerry Holmes and Janie Daniels, posters committee.

Mary Lou Lloyd, Carolyn Landis and Martha Ann Williams, refreshments; Marilyn Floeck and Penny Laverty, floor show; and Fred Anderson, music.

Decorations will carry out the Christmas theme. Tables will be arranged in night club style.

The dance is semi-formal. Admission will be 50 cents for both students and former students.

Also scheduled for Dec. 18 is the annual CHS Christmas party during school hours. During balloting yesterday, the home rooms decided to exchange gifts between class members.

The students have been asked to spend about 50 cents for the gifts, and every home room plans to donate about 10 dozen cookies.

Jim Forsythe's home room is planning a party for Dec. 19. Tentative plans call for a hayride going out the Wellborn road.

Last week home rooms chose representatives for the school assembly committee, which is headed by Faye Simms.

Those elected were Betsy Burchard, Mary Beth Hagler, Janet Folweiler, Jack McNeely, Jean Puddy, William Arnold, Jerry Holmes, Nell Ross and Patsy Williams.

Mrs. A. R. Orr's tenth grade home room elected Nadine Smith as program chairman this week.

A Christmas decorations committee was also chosen by the class. They are Shirley Brown, Joann Norwood, Bobbi Miller and Frances Nemece.

The Library club has rescheduled its party for next Tuesday after the last one was rained out. The club will journey to Kurten for a skating party.

Two TV Aerials To Serve Campus

Two TV aerials to be mounted on top of the new P. E. building will serve the entire campus in the future by leads piped through the steam tunnels.

Two antennas will be "stacked" on top of each mast. Each of the antennas will be placed so as to get the best reception from various stations.

The cost of the antenna system will be about \$1,000. The antennas and masts will be 40 to 60 feet higher than the building.

If you are a kitchenette cook, you'll find it is wise to start and end your meals with a cold course. Then you can use your limited heating space for the main course.

Dames Club Sets Date For Xmas Party

Saturday, Dec. 12, was the date set for the University Dames club Christmas party at their meeting last night in the South Solarium of the YMCA.

Plans call for an old fashioned Christmas party at Hensel park at 8:30 p.m. according to Niece Wolfe, party chairman.

Members are to bring a 25 cent gift to exchange during the evening. Those planning to attend should call Niece Wolfe at 4-4912 before Thursday night.

The decorations committee headed by Dorothy Brown also reported on their plans for the party.

Members wishing to donate food or gifts for the Christmas basket were asked to take their contributions to Louise Longnecker, E-7-B College View.

Hostesses for last night's meeting were DiAnn Weiner and Mikie Koshi. After the meeting the members played bridge and canasta.

Will Play Bridge O

Bridge Club to Give Party

A Christmas party with Bridge-O games will be given by the Aggie Wives Bridge club at 7:30 p.m. Thursday in rooms 2A and 2B of the Memorial Student center.

Band Wives Plan Christmas Party

A Christmas party for all married band members and their wives will be sponsored by the Band Wives club at 7 p. m. Saturday at the home of George and Beverly Millsap.

The club members have been asked to bring canned goods, old clothes and toys to the party to be used in packing a Christmas basket for a needy family in this area.

Chairmen for the party are Betty Connolly, Beverly Millsap and Thelma Zak.

A spaghetti dinner is planned followed by an evening of cards and dancing.

Bridge-O, according to this week's hostess, Mary Maikin, is similar to a Bingo game. Members are dealt the cards, and as one person, the caller, takes cards from another deck, the players remove the called cards from their hand. The player to first get rid of her cards is winner.

Twenty-five prizes will be awarded by the members of the prize committee, Lilly Gilchrist, Jeannine Williamson and Lou Stern. Only paid up members will be allowed to compete in the Bridge-O game. Afterwards regular bridge will be played.

Gwen Smith is refreshments

chairman for the party. Hostesses are Mary Maikin, Betty Patterson, Arlene Morris and Sue Bresie.

Last week's hostesses were Sarah Whitehead, Mary Procter and Lou Stern.

Winners last week were Sammie Galbraith, high prize for the regulars; Jean Leinweber, low prize for the regulars; Betty Patterson, high prize for the intermediates; and Kathryn Curl, low prize for the intermediates.

Sponsor last week was Mrs. E. E. McQuillen. Sponsor for this week will be Mrs. E. L. Angell assisted by Mrs. McQuillen and Mrs. J. J. Woolket.

THERE'S A WONDERFUL FUTURE FOR YOU IN ENGINEERING

If you have not yet made up your mind about your major, ask your placement bureau about the many advantages of becoming an engineer.

Never before has engineering offered such a wonderful future in American business and industry, for the companies seeking men with engineering training are almost unlimited in variety and scope.

Last year, for instance, over four hundred and fifty companies throughout the country took the trouble to contact a leading engineering college for prospects, many of them com-

panies you would least expect to be interested in hiring engineers.

Would you like to know more about these companies and the opportunities they offer? Then fill out this coupon and turn it in as directed. The business office of this paper will forward it to us. Inquiries are welcome from men of all four classes.

As advertising representatives of more than 700 college newspapers, we are in frequent contact with important companies all over the nation who seek engineering prospects. We will do our best to see that your inquiry reaches the proper source so that interested companies can contact you directly. No replies guaranteed but filling in this coupon may lead to an excellent job some day.
