Official Notice

The Engineering Drawing Department will offer a new five-year course in engineering graphics, E.D. 302, beginning with the Spring Semester 1954. This course has been set up as a technical elective for engineering and science majors who have had E.D. 105 and E.D. 108, or the equivalent, and who wish to expand their ability to apply the graphical method of attack in solving scientific problems. This course will give the student a background knowledge so that he may select the most economical approach, either algebraic or graphical, in solving his technological problems.

Students who are interested in enrolling for this course should have their names at the Engineering Drawing Office, Room C, Anchor Hall.

SUPERIMPOSED???

Only a photographer can superimpose the Bible on the World! History tells us that the few theocrats who tried it failed. Not that the Bible is too small to cover the World. **THE WORLD IS TOO SMALL TO ENCOMPASS THE BIBLE.**

A great truth, you see, is always greater than those who awaken to it! That is why the Bible can change men's lives . . . can give them immortality. Men do not grip the Bible. The Bible grips men!

But don't make the mistake of waiting for the Bible to reach you. It has already surrounded you!

REACH FOR THE BIBLE. In your Home. In your Church.

Learn its Truth. Love its Author. Live its Life.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
