

Four Left in Race For Aggie Coach

The Texas A&M athletic council hopes to have a new head coach at the end of this week.

The council will interview four prospective candidates for the position recently vacated by Ray George, on Wednesday and Thursday of this week (Jan. 27-28).

Dean W. L. Penberthy, chairman of the council, in a press conference following the Jan. 23 meeting, stated that the council hopes to name a head coach from the interviews this week but if an agreement is not reached with any of the four, then a new list will be studied.

The council has scheduled interviews with Johnny Vaught of Mississippi, J. V. Sikes of Kansas, Dick Todd, SMU assistant last fall and Mike Michalske, the current Aggie line coach.

Vaught is the head coach at Ole Miss where, since 1947, he has enjoyed successful seasons in guiding the Rebels to their only Southeastern conference championship.

Sikes resigned following the 1953 season at Kansas. A former Aggie star (1926-28) Sikes was head coach at Kansas from 1948 to 1953.

Todd, also a former A&M star (1936-38), is a former player and head coach of the Washington Redskins professional team and was a part-time assistant at SMU last fall. He currently lives on a ranch at Crowell. He was an assistant coach at A&M in 1949.

Michalske, a former head coach at Iowa State of the Big Seven, 1941-45, has been line coach at A&M one season, coming here from

Baylor. An All-American guard at Penn State in 1927, Michalske was an all-pro guard at Green Bay during his tenure there from 1929 to 1937.

The council also announced at the press conference Jan. 23 that spring practice would have to be postponed at least until Feb. 15. It has been originally set for Feb. 1.

It was also pointed out by council members that the new coach will be given a free reign in the naming of his assistants. Two of George's assistants—Backfield Coaches Dalton Faircloth and Gil Steinke—resigned following the past season. Faircloth will become head coach at Greenville high school March 1 while Steinke is the new athletic director and head coach at Texas A&I, his alma mater.

Roundballers Get New Start In Game Feb. 1

With 13 games behind them Coach John Floyd's Texas Aggie cagers resume Southwest conference play Feb. 1 against Arkansas in Fayetteville.

The Aggies have been idle since Jan. 15 during first-semester exams and the between term holidays.

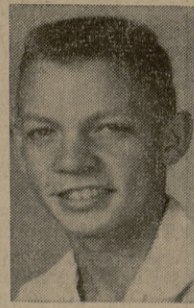

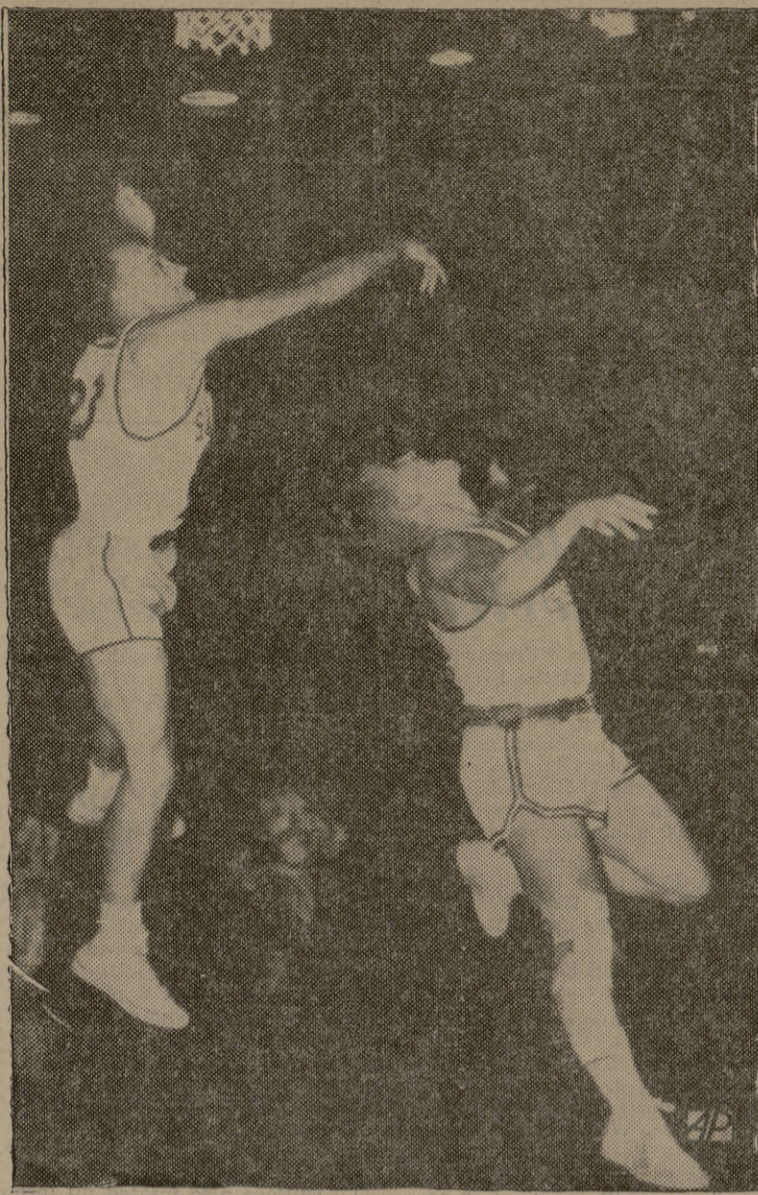

A&M goes into the Arkansas game with a 1-13 record overall and a 0-4 record in the conference. Of the nine games remaining on the schedule only the Houston contest, scheduled here Feb. 24, is a non-SWC affair. The Cadets' lone win came at the second game of the season here, a 56-46 decision over Trinity of San Antonio. A&M extended Houston, Texas Tech, Baylor and Texas before bowing in close games.

Two of the nation's top scorers Bob Pettit of LSU and Arnold Short of Oklahoma City—have faced A&M. Pettit, the 6-9 national scoring leader, hit for 27 against the Aggies at Baton Rouge while Short, the No. 3 scoring leader, tallied 30 against A&M.

Scoring leader for A&M is still Roy Martin, 6-9 center from Waxahachie with 139 points and a 10.7 average. Right back of him is James Addison, the only senior on the squad, a 6-7 forward from Lipan with 122 points and a 9.4 average. Sophomore John Fortenberry of North Little Rock, Ark., is third with 109 followed by Pat McCrory of Waelder with 64 and Joe Hardgrove of Fort Worth with 57.

The remaining varsity games follow:

- Feb. 1—Ark. at Fayetteville
- Feb. 6—SMU at Dallas
- Feb. 9—Rice here
- Feb. 13—SMU here
- Feb. 16—Texas at Austin
- Feb. 20—TCU at Ft. Worth
- Feb. 22—Arkansas here
- Feb. 24—Houston here
- Mar. 1—Baylor at Waco

AT THE BALLET?—Nope, it's not at the Ballet, but Don Glover, left, of Sheppard air force base and "Cotton" Fitzsimmons, right, of Midwestern University look as if they were ready to start a second chorus during a basketball game in Wichita Falls. Glover has just uncorked a shot at the basket, and Fitzsimmons is watching to see if it went in. It did.

In winning over Lamar Tech B team, Lon Morris, Allen Academy, Baylor Cubs, and Texas Short-horns while losing a single game to the Rice Owlets, the Fish have averaged 63.2 points per game and have limited the opposition to a 52.2 average.

To further clarify your thinking, to help you decide where your particular skills will find the greatest opportunity by comparing one field against another, NAS has opened the way for you to secure first hand information from leading companies in the fields that interest you most.

NAS can do this because, as advertising representatives of more than 700 college newspapers, we are in daily contact with many of the most important and progressive companies in America. These companies not only constantly seek college-trained men and women, but often plan far ahead in competing with one another for the most promising prospects.

So, you see, this new NAS career plan is a service both to college students and business leaders. Here's how it works:

The coupon below indicates the fields in which the greatest opportunities exist today. You check those that interest you as a possible career. We'll do our best to see that your inquiry is referred to one or more of the leading companies in those fields. Of course, we can't guarantee a response. We're merely volunteering our services as a link between the campus and the business world. But in many cases you'll hear directly from leading companies in the fields you've chosen.

Their information should first of all give you a practical, down-to-earth picture of what the industry itself offers in the way of a career. Secondly, at the company level, it may include valuable facts and figures about working conditions, pay, and chances for promotion. Finally, filling in this coupon may even lead to job offers that would otherwise never have come your way.

So act now. If you're a junior, or even a sophomore, it's not too soon to join the seniors in considering a business career. The sooner you start, the more information you collect, the better your chances to find the right job after college.
