

# Hi, School

Plans are being made for the A&M Consolidated high school Future Homemakers of America annual sweetheart banquet. Two lucky senior boys will receive the coveted honor at the banquet at 7:30 p. m. Saturday at the Knights of Columbus hall. Guest speaker for the evening is School Superintendent L. S. Richardson. Cupids and hearts will accent the decorations, and place cards will be a heart-shaped lollipop tied with a bow tie for the boys and net for the girls.

The first full practice for the opera "The Lowland Sea", to be presented in April, was held Sunday afternoon. The cast will hold complete rehearsal each Tuesday at 7:30 p. m. R. L. Boone is director.

## Janice Wins Good Citizen DAR Award

Janice Latimer, senior at A&M Consolidated high school, was announced as the winner of the Daughters of the American Revolution good citizen award for this year. The award will be presented at a school assembly in the near future. This award puts her in competition for the district award and the state award, which is a \$100 bond.

The honor was given on the basis of dependability, service, leadership, patriotism and scholarship. It is always given to an outstanding senior girl.

Janice is the daughter of Lt. Col. and Mrs. Hugh M. Latimer, 506 Gilchrist. Three finalists were chosen for the faculty, and the winner was elected by the students.

## New School Bus Serves CHS Area

A new 54-passenger school bus has begun servicing the College Hills area for the Consolidated school system. The new bus replaces the old 1947 model, 42-passenger bus. The new bus makes the seventh of the fleet that serves the Consolidated school district.

The student council at a meeting this week compiled a tentative list of talent in the area for a planned talent show.

They also discussed plans for an assembly program to be given in the form of a radio quiz show.

The junior class requested permission for a date for a St. Patrick's day dance, but no action was taken.

High school students are looking back on the Valentine dance which was held last Saturday.

The dance was sponsored by the junior class. Chaperones were Mrs. D. D. Burchard, Mrs. Eugene Rush and Mr. and Mrs. Charles Byrd.

Crowned as king and queen of hearts were Bobby Jackson and Janice Latimer.

Decorations included mobiles of paper hearts hung from the ceiling. Hearts and cupids were scattered throughout the room.

## Mrs. Camp to Hold Class at Library

Mrs. Eliza Van Camp, faculty member from Sam Houston State college will hold a class in library science at the Bryan Carnegie library one night each week beginning tomorrow.

The course, which will meet at the library for two and one half hours, will count as three hours college credit.

There will be an organizational meeting and registration at 5 p. m. Wednesday, and the instructor of library science will be present to advise the group and answer questions.

All persons interested may contact Mrs. John Duncan at 4-4107 for further information.

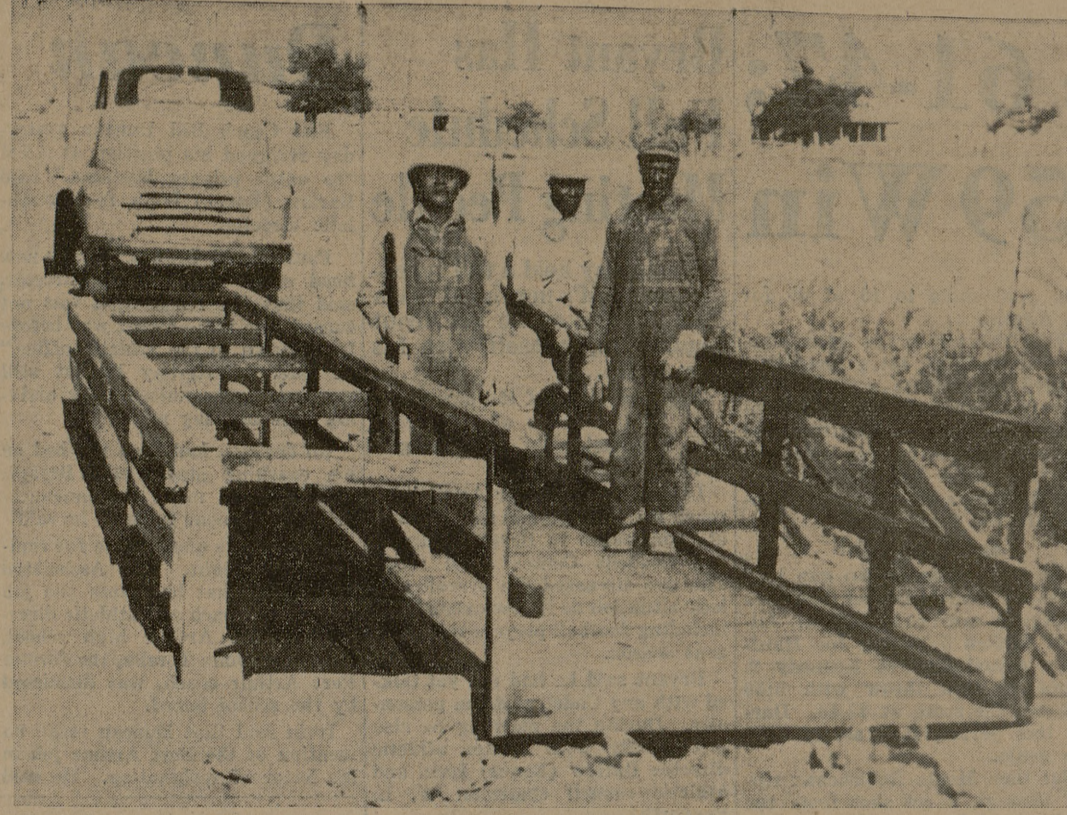

If enough people are interested, it is possible a course may be offered which may also be counted as an education course. At a previous meeting a preference for a reference course or a special library material course was shown.

## Prairie View Band To Play Saturday

The Prairie View Collegians will play for the Consolidated bands dance Saturday night.

The formal dance will start at 8:30 p. m. in the Memorial Student Center ballroom, said Dick Porter, commander of the consolidated bands.

Finances are being taken from the band fund.

IT MUST BE SAFE—City employes stand on the footbridge being constructed on Jersey street west of highway six. Completion of the bridge has been delayed by bad weather, but all that remains to be finished is laying rocks at each end. The bridge is being built for the children who must walk on Jersey street going to and from A&M Consolidated school.

## For Summer

# Baptist Set Class Times

The Baptists of College Station and Bryan announced this week the schedule for Bible classes to meet on Thursday mornings and Tuesday evenings during the summer months. The study will be divided into two six weeks periods with classes

meeting for two hour sessions. The first six weeks will be an intensive study of the book of Romans and the second a survey of the Old Testament prophets. Course titles are "A Harmony of Prophetic Scriptures" and "An Intensive Study of the Book of

Revelation with an Interpretation from Two Viewpoints".

The classes will be taught by Arthur M. Smith of the Baptist chair of Bible at A&M.

Classes are also being held now at the same times, 7:30 to 9:30 p. m. Tuesday and 9 to 11 a. m. Thursday. The classes cover the same material and are open for membership at all times.

The present course to continue until June includes the historical books of the Old Testament and the second half of the life, letters and journeys of Paul.

Co-chairmen for the Tuesday class are Mrs. Guy A. Davis and Mrs. Travis Bryan jr. Mrs. H. E. Burgess is chairman for the Thursday class.

The scheduled Old Testament prophets course is a preparation for the study scheduled for the school year 1954-55.

## Mobiles in Your Home--II

# Classes Are Jammed By Eager Devotees

(Ed. note—This is the second in a series of four articles about the use of mobiles in home decoration.)

The mobile, a series of shapes connected by wire arms and related through balance, form and color, is making a tremendous impact on home decoration.

John Lynch, who has been making mobiles since 1945 and has sold hundreds to stores and decorators, has an explanation.

"In this modern age in which practically everything is done for us," he says, "people still like to do something for themselves."

Mobile kits are available which include materials and parts for several mobiles; classes teaching children and adults to make mobiles are jammed at various art museums and public workshops.

The mobile is not a fad, Lynch thinks. "It's here to stay."

About using the mobile in home decoration he has some definite ideas. It can be hung anywhere there is enough room for it to move freely and not look closed in. For the best effect, it should be hung at eye level or a little higher,

generally to the side or corner of a room.

Mobiles are especially effective hung from the ceiling and in good design relationship to a painting, piece of sculpture or large plant. They can hang with nothing under them or they can hang over furniture such as cabinets, pianos or room dividers.

Above all, the mobile should look as much as possible as if it were moving through the air, not just hanging. A piece of paper tied to a string and tacked to the ceiling is not a mobile.

Tomorrow—Mobiles in College Station homes.

## Sponsors Will Be Hostesses

The sponsors of the Aggie Wives Bridge club will serve as hostesses to the club at its meeting Thursday night.

The sponsors party is an annual event for the club. The meeting will be in the social room of the Memorial Student Center at 7:30 p. m.

The sponsors are Mrs. E. L. Angell, Mrs. J. J. Woolket, Mrs. E. E. McQuillen and Mrs. H. E. Burgess.

At this meeting the members fees will go to the March of Dimes.

At last week's meeting high score for the regular group was won by Mrs. Elizabeth Fletcher. Mrs. Pat Burton won second high and low score prize went to Mrs. Neal Hildebrand.

High prize for the intermediates was won by Mrs. Heida England, second high went to Mrs. Winnie West and low to Mrs. Elizabeth Timmerman.

## Dames Club Plays Bridge, Canasta

A bridge and canasta party was held at the meeting of the Dames club last night in the south solarium of the YMCA.

During a short business meeting, the president, Bibby Richie, reported on the March of Dimes drive.

Bridge prizes went to Mrs. R. D. Lewis and Joan Parker. High winners at canasta were Sally Jochimsen and Doris Marcotte.

The picture table carried out a Valentine theme, with a large pink heart-shaped cake in the center. This was surrounded by individual heart shaped cakes.

Coffee and tea were served from a silver tea service.

Hostesses for the meeting were Doris Marcotte and Virginia DuBose.

## Annual Extends Vanity Fair Dates

Closing dates for Vanity Fair and senior favorites have been extended to Feb. 22, said Bill Bowdoin, Aggeland '54 activities section editor.

Entries will be accepted in the Student Activities office in Goodwin hall.

## Honor Students Named

A message to juniors and sophomores as well as seniors:

**DON'T WAIT!**

**START PLANNING YOUR CAREER NOW!**

Use this new NAS service, especially designed to help students who are undecided about their career after college. There's no reason to worry if you still haven't decided what you're going to do after college. Most students haven't. But there's also no reason to wait until the last few months before graduation to do something about it. Your Placement Bureau will tell you how much better off a college graduate is when he knows exactly what he wants to do and where he wants to work.

This new NAS service is designed to help you consider your business career while you're still in college. It's aimed to give you practical, first-hand information about the fields that interest you most from leading companies in those fields.

NAS can do this because, as America's largest college newspaper representatives, we work directly with many of the biggest and most important companies in the country. These companies are constantly on the lookout for promising college-trained prospects. So this new NAS plan is a service both to college students and to business executives.

The coupon below covers the fields in which the greatest opportunities exist today. You check those that interest you as a possible career. We'll do our best to see that your inquiry is referred to one or more leading companies in those fields. Of course, we can't guarantee a response. We are merely volunteering our services as a link between the campus and the business world. But in many cases you'll hear directly from leading companies in the fields you've chosen.

Their information should first of all give you a practical, down-to-earth picture of what the industry itself offers in the way of a career. Secondly, at the company level, it may include valuable facts and figures about working conditions, pay, and chances for promotion. Finally, filling in this coupon may even lead to job offers that would otherwise never have come your way.

Wouldn't you like to approach graduation absolutely certain of what you want to do—perhaps with a good job waiting for you? The sooner you start to use this service, the more information you collect, the better your chance to land the right job after college. Even if you're still a sophomore or a junior, it's not too early to begin. Fill in this coupon now. Keep using this service as often as you wish.
