Education ... FOR WHAT?

Thoughtful people are becoming increasingly aware that what is commonly called an education is not enough. Of course we need the training that sharpens our wits and develops our skills. But real education must go deeper than that! Somehow, somewhere, we must find direction to life, so that wit and skills will be employed not only for self but for the common good.

For some fortunate persons this emphasis is made in the home. Where this takes place, under Christian guidance, there is a lasting quality to the training that time can seldom efface. Sometimes the college or university offers this valued guidance and the student, as he sits before a Christian professor, learns more than books and lessons. He catches here some of the deeper overtones of life's true meaning.

In a special way this extremely important instruction is imparted by the Christian Church, the mother of education. Through worship, study, fellowship, activity, we learn that noble purposes are infinitely superior to mere things, and through fellowship with God we are made strong for every test that life can throw against us.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend service regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.
