

FAMILY FAVORITES

(Ed. note—A person who has plenty of experience with food is our guest editor for today. Miss Black, Memorial Student Center food director, is a home economics graduate of Cornell university. Before coming here nearly two years ago she was food director at the University of Omaha. Besides foods her hobbies include golf and bridge; she is staff adviser for the MSC bridge club. As busy as she is, Miss Black finds time to be an active member of the Business and Professional Women's club, the American Association of University Women and an associate member of Our Savior's Lutheran church.)

By Miss Gladys M. Black

We have so many women that come into the MSC and ask about this dressing I thought many of you would like to have the recipe.

Poppyseed Dressing

- | | |
|--------------------------|-------------------------|
| 1 1/2 cup sugar | 3/4 cup vinegar |
| 2 teaspoon dry mustard | 2 cup salad oil |
| 2 teaspoon salt | 3 tablespoon poppyseeds |
| 2 tablespoon onion juice | |

Mix sugar, mustard, salt, onion juice, and vinegar. Blend well. Add oil gradually, beating constantly. Add poppyseed last, beat thoroughly. Shake well before using.

I'm afraid all my real favorites are desserts. I think it's because I was a hospital dietician several years ago, and we never had the opportunity to serve many.

Schimmel Hotels Cheese Cake

This is one of the featured desserts at the Schimmel Hotels in the midwest.

- | | |
|------------------------------|-------------------------------------|
| Crust | 2 tablespoons oleo or butter melted |
| 14 graham crackers (crumbed) | 4 tablespoons shortening melted |
| 1/2 cup sugar | |

Mix all above ingredients. Line sides and bottom of deep cake or pie pan.

- | | |
|--------------------------------------|----------------------|
| Filling | 3 eggs |
| 4 packages Philadelphia Cream Cheese | 1/2 cup sugar |
| 1/2 pound cottage cheese | 1/2 teaspoon vanilla |
| | 1/2 teaspoon nutmeg |

Drain cottage cheese. Beat eggs well, add sugar, cheese, vanilla, nutmeg. Beat thoroughly. Pour into crust. Bake 20 minutes at 375 degrees remove from oven, cool 5 minutes.

- | | |
|---------------------|----------------------|
| Topping | 2 tablespoons sugar |
| 1/2 pint sour cream | 1/2 teaspoon vanilla |

Pour mixture (sour cream mixture) gently (not too fast) over cheese cake. Put back into for 5 minutes at 475 degrees. Sprinkle a few graham cracker crumbs when taken out of the oven the second time.

Individual Chess Tarts

This is a very nice party or bridge dessert. Cream together:

- | | |
|-------------------------|------------------------------|
| 1 cup sugar | 1 cup milk |
| 1/2 cup butter | 1 cup chopped nutmeats |
| Add: | 1 cup cooked chopped raisins |
| 3 egg yolks well beaten | 2 teaspoons vanilla |

Line muffin pans with pastry. Fill each one 3/4 full. Bake until light brown. Garnish with whipped cream just before serving. Serves 20 tarts.

Strawberry Meringue Pie

I am really proud of this one. It is my own recipe, and was published by Betty Crocker in her cook book.

- | | |
|----------------------------|-------------------|
| Beat until stiff | Beat in gradually |
| 3 egg whites | 1 cup sugar |
| 1/2 teaspoon baking powder | |

Fold in 10 squares (27") soda crackers, rolled fine and 1/2 cup pecan pieces. Spread in well buttered 9 inch pie pan. Bake at 300 degrees for 30 minutes. Cool.

Fill with 1 quart unsweetened strawberries and top with sweetened whipped cream (whip 1/2 cup cream). Chill several hours before serving. Fresh unsweetened peaches or bananas can be used instead of strawberries. The meringue is the crust.

BEGINS TO SHOW—The first part of the new A&M Consolidated high school begins to show. Workmen lay foundation steel for the building, which will be located east of the present high school building. Work began Jan. 6.

Executive Course Holds Graduation

Thirteen Southwestern executives will be graduated Saturday, from the Executive Development course at the Memorial Student Center. The course began Jan. 31.

The course was designed at the request of a number of industrial leaders of the Southwest to meet the need of the rapidly expanding industries of this region.

On Offensive

Enrollment in RE Courses Is 83 Times That in 1929

Religious education in state supported schools is now on the offensive, instead of the defensive, said the Rev. Norman Anderson, head of the religious education department.

The enrollment has increased gradually from two in 1929, when the courses were first offered, to a present enrollment of 166. The courses were first offered by Anderson, pastor of the Presbyterian church and the Rev. Jesse Thompson, pastor of the Methodist church. The department now consists of eight instructors representing different faiths.

ordinarily apply themselves, which is expected from students who register for courses in Bible," said Anderson.

A problem facing the department is the limited amount of elective courses a student is permitted to take. Another problem is some schools prefer that elective work be taken within the school.

Limiting the courses to juniors and seniors is another handicap, added Anderson. The department knows some students take the courses simply to get credit, but most students who register for the courses in religious education take them from a standpoint of acquiring an intelligent knowledge of the Bible and the religious view of life, said Anderson.

Anderson believes regardless of what degree a man is working for, his education is incomplete if he does not have a general knowledge of the Bible, which he says is the foundation of the religion characterizing America.

"The church cannot teach the Bible as it should be taught in periods of 20 minutes as in Sunday school. About the only way a student will get the Bible systematically is by placing himself in a position where he has to study it systematically, as in religious education courses," said Anderson.

C of C Plans United Safety Program for College Station

The College Station Civic Development Association and Chamber of Commerce is uniting the city's health and safety organizations in an effort to improve the community's safety program.

awareness in the home and on the job, Manning said.

"The program should prove highly successful," said Manning. He said that this was the first time he had seen the entire city so safety-minded.

The organization will coordinate representatives to the city's health and safety clubs, said K. P. (Cubby) Manning, president.

A&M Consolidated high school's development association in planning the completion of a sidewalk for school children from Jersey street east to highway 6.

Other steps have been taken by the city's Kiwanis club and city council, Manning said.
