

## Night Drills Set For Football Squad

A squad of 194 reported Monday night for the opening of spring football practice. Coach Paul (Bear) Bryant announced night workouts for his Cadets Monday through Thursday. There will be

no workout Friday, but drills will resume Saturday afternoons. Spring sports day will be March 27 with the intrasquad game set for 7:00 P. M. on that day.

Seventeen lettermen are among those squadmen working out. Players on scholarship ate at 5:15 P. M. yesterday and reported to Kyle Field at 6:30 for a meeting with the coaches. One hour later they were working out. Drills will be scheduled at 7:30 each night.

Yell practice was held in Kyle Field Stadium shortly before practice officially started. While the "12th Man" sang the Spirit Coach Bryant stood at attention, hand over heart, then sounded a long loud blast with his whistle and spring practice was underway.

At Kentucky only boys on scholarship reported for practice, but last night over 100 boys wore maroon and white. Only half of that number are on scholarship.

This was Bryant's first contact with the Cadets as head coach. Two years ago his Kentucky Wildcats beat the Aggies 10-7 on Kyle Field, and lost last year 7-6.

Temporary addition to Bryant's staff is Vito (Babe) Parilli, All American quarterback at Kentucky. Parilli will work with the quarterbacks for two weeks. Babe is on leave from the Green Bay Packers. After seeing the A&M-Texas film, Parilli was impressed with the material. After seeing "We Are the Aggies," he said that Coach Bryant could do "as good a job as is expected of him, and probably better." Babe evaded forecasting the identity of a starting quarterback for next season.

HERE'S HOW—Quarterback Charles Ritchey watches while Vito (Babe) Parilli demonstrates exactly how the ball should be handled. Ritchey is one of the six contenders for the quarterback post.

## Aggie Soccers Beat Champions

The Texas A&M International Soccer team added another triumph to its list of victories this season. Following a win over the University of Houston last week-end, they defeated the Dallas champions Sunday by 1-0.

Early in the first half of the game Cardenas, after some brilliant dribbling, smashed through the Chance Vought defense to establish a one point lead, which was maintained throughout the game.

Though there was no further scoring during the first half of the game, the excellent passing tactics of the Aggies kept the ball continuously in the Chance Vought section of the field.

Among the players who distinguished themselves in the first half of the game were Dudley Swofford, Mauricio Lesage, Emilio Medina and Ignacio Rangel.

Toward the end of the second half the Aggies redoubled their efforts to increase their lead, but were unable to get past the excellent defense presented by the Chance Vought goal-keeper, who played an excellent game. Lee Blocker and Juan Letts were the outstanding players of the second half.

## Varsity Swimmers Enter Last Meet

The varsity swimmers will close out their season this weekend with the conference meet in Austin Thursday, Friday and Saturday.

The Aggies will not field a strong team but will enter nearly their limit in each event, hoping for breaks and also to split up the points. In the breaststroke it will be Ben Allen, Bill Bedford, Casey Snell and Deul Wallin. In the backstroke it will be Roland Baird, Tom Devenport, and Carl Maynard. In the freestyle events there will be Jim Burns, captain, Frank Gajewsky, Don Horne, Gale Klipple, Burt Koegl, Don Belschies.

Lee Pepping, and John Speich. Diving for the Cadets will be John Cameron, George Parr, Erwin Stawicki, and Bill Tutor.

Charlie Hadden looks like the only possible triple victor to come out of the meet. He is expected to take the 1500 meter, 440 yard, and the 220 yard freestyle for the Steers. Behind him in the distance events will be his team mate, Alberto Yariat. Bobby Brodanax.

SMU will show one of the finest teams to come out of the Southwest Conference in many years. They also have the depth that teams so often need but don't have.

## Aggie Golfers Win Meet Saturday

The Aggie golfers won their opening meet 6-0, against Stephen F. Austin College, here Saturday. They travel to Laredo for the Border Olympics this Friday.

John Kubitz was medalist for the cadets, with a two over par 72, in their win over S. F. A. Homer Calloway, Bill Franklin, and David Vandervort were also victorious.

### Special Meeting

OF THE TABLE TENNIS CLUB and all interested in joining the club — at 8:00 P.M., TUESDAY in the PING-PONG ROOM of the MSC Please be present to discuss tournament and trip to San Antonio this weekend.

## DeRouen To Be Track Captain For Next Year

Dale David DeRouen, senior business major from Port Arthur was elected captain of the 1954 Aggie Track team by the varsity lettermen on March 1. DeRouen is a miler and 2 miler on the team and also runs half mile on the Ag relays. He is a 3 year varsity cross-country letterman.

DeRouen's past track career is almost completely post-high school, having never competed in a major high school meet and never specializing in any one event. He "participated" in a few small meets as a senior in Bishop Byrne High School in Port Arthur.

DeRouen was recruited from the fish area into Kyle Field and the Athletic dormitory on the basis of his showing of promise on the cross-country course. From here he developed into the top freshman miler at A&M and in the Southwest Conference.

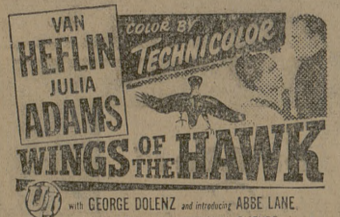

As a sophomore, he lettered on the varsity cross-country team, having to finish in the top ten in the 1951 conference meet to do so. He ran the mile the next spring, finishing third in the conference track meet and lettering on the conference championship team of 1952.

During his junior year, DeRouen was runner-up in the conference cross-country meet and came back last spring to win the Southwest Conference mile championship, and won his third major varsity letter on last year's undefeated championship team.

This past fall he was plagued with a chronic foot injury and never did round out into shape for the cross-country season.

TODAY & WEDNESDAY

IN A CLASS BY ITSELF

Don't ask us to show you anything that compares with the Omega Automatic, because there just isn't another such watch. Omega holds the highest awards for accuracy ever achieved at the foremost international observatories. It has timed four consecutive Olympic Games. And, in the Automatic, it offers the greatest watch value on the market... bar none!

# Ford rides on a Ball-Joint cushion

...and it handles with ball-bearing ease

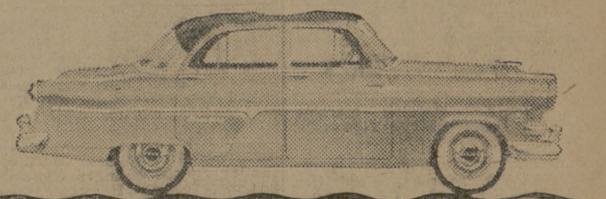

CONVENTIONAL KINGPIN SUSPENSION depends on hinge-like joints. This system, because of strain on kingpin, can get out of line quite easily. It has 8 points of wear at each front wheel... doesn't permit maximum up-and-down wheel travel... and is not sealed against dirt and water.

NEW FORD BALL-JOINT FRONT SUSPENSION replaces "hinges" for pivoting and up-and-down wheel movement with sealed ball joints. This eliminates 12 points of wear... helps keep front wheels in line longer. You get a smoother, more level ride. Your Ford keeps that new car "feel" longer.

It's THE GREATEST chassis advance in 20 years. And only the '54 Ford in its field has it! It pays off with the smoothest ride you've ever experienced in a low-priced car... easier handling... fewer service worries... and many, many other advantages.

And besides this revolutionary advance, Ford offers two brand new deep-block power plants: the 130-h.p. Y-block V-8 and the 115-h.p. I-block Six. You'll also find a stronger frame... a beautiful new Astra-Dial control panel... new styling inside and out... plus all the other fine-car features that have established Ford as America's "worth more" car!
