## THE VILLAGE CHURCH

The Church has been the most powerful factor in American life. Nowhere has the influence of the Church been more potent or more far-reaching than in the villages and small towns of the nation.

A large percent of our population lives in these areas, and they also furnish a large percentage of our state and national leadership. The church on Main Street or at the crossroads draws people from far and near. They listen to the preaching and praying, join in the singing, and enjoy the fellowship of their friends and neighbors.

Many of the most cherished experiences of life are associated with these little churches. Their influence is stamped on the lives of the people, and their teachings help to form the character of this nation.

The Church needs and deserves the love and support of the people, whether it be in a big city, a small town or a rural village. It is an influence for good, a source of strength, a tie that links humanity with God.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
