**Letters to the Editors**

Dear Editor:

The city of College Station has been fortunate enough to be granted permission to build its own Little League Baseball Park. The City bought two acres of land in College Park to be used for the Baseball park.

As only about \$1300 is available for the building of the park, very much of the labor will have to be done by interested citizens of College Station. The \$1300 will buy only the lumber for the fence and concession stand.

The purpose of this letter is to acquaint the Daddys who will have

or do have children playing Little League Baseball with the need of some free skilled or unskilled help. Only a very few people have been putting their free time into the construction of the park. It is estimated that between 75 and 125 boys will be eligible to play, but only about 10 or 15 Daddys have been regular in working to finish the park.

The main thing that needs to be done at the present is to finish the fence and to build the concession stand. Work goes on every afternoon from around 4 p. m. until dark. If you can "swing" a

hammer you are cordially invited to come down any afternoon and help out.

This is another community project which College Station is famous for undertaking and we feel that if the people know the need that they will "pitch in" and finish it up so that we can be ready to go as soon as the season gets underway. We are about two weeks behind schedule so please try to arrange to come down any afternoon and give a hand to the faithful few who are carrying the load.

The site is located just south of the softball park in college Park, just off Park Place street.

Sincerely,

Barney Welch,  
College Station Little League Baseball Park in Need of Help Committee
