ETERNITY IS BORN

Flowers and trees burst into a symphony of color and beauty. Meadows and woodlands put on bright robes of green. Spring is the symbol of new life. But as time moves on, nature grows old. Blossoms fade and wither; leaves turn brown and fall. At last, nature buries herself under a blanket of ice and snow. Is this our fate? Does our existence fit into the same pattern of nature: birth, life, death? De we spend only a few score years on earth, and then are no more? In churches all over the world this Easter morning, the cry comes ringing back: "HE IS RISEN! HE IS RISEN!"

A new and glorious hope comes from the empty tomb—the hope of everlasting life for all who will believe. Come to church this Easter morning. Let us thank God that for you and me, eternity is born.
