

# Ags, Mustangs Vie Here at 3 Today

Right hander Jerry Nelson will try to protect A&M's third place position in the Southwest conference baseball race here this afternoon against SMU.

Game time is 3 p.m. at Kyle field.

A&M has a 5-4 record in conference play, and is only a half game behind second place Baylor.

Mustang Ace Tommy Bowers will oppose Nelson, who is after his fourth win of the season. Bowers won the last duel with Nelson 1-0 in the Aggies' conference debut.

"Our pitching has looked good in most of the games this year," said Coach Beau Bell, "and tomorrow's game will depend on how well we hit."

Starting positions for the Aggies are Les Byrd, first base; James Morrison, second base; Joe Schero, third base and Brownie Northrup, shortstop.

In the outfield will be Don Ellis, Fred Ablon and Lou Little. Jim Williams will handle the catcher's duties.

IRISH SET CAGE RECORD  
NOTRE DAME, Ind.—(AP)—Coach Johnny Jordan's Notre Dame basketball team set an Irish record last season with 22 victories in 25 games.

Notre Dame counts an 83-61 victory over Holy Cross as the season's highlight.

# Trojans Invade SWC Saturday

## USC Up Against A&M, UT and SMU

By CHUCK NEIGHBORS  
Battalion Sports Editor

Three Southwest conference track teams will literally "stand" against that power of the cinder path, University of Southern California's Trojans, in a quadrangular meet Saturday night in Dallas.

The Aggies, the University of Texas Longhorns and the Mustangs of Southern Methodist, will be out to snap the string of consecutive track victories piled up by the mighty Trojans.

However, the Trojans of ancient history were once defeated by an army which attacked from a wooden horse, and the modern Trojans would do well not to enter the Dallas meet with a complacent "We-can't-help-but-win" attitude. The Southwest conference is known the nation over as a section of the country which grows "champion-breaking" teams.

Upset Territory  
For example, take the rivalry between SMU and Notre Dame and Texas' upsets of highly-ranked teams. The Aggies have added their share of upsets to the prognosticators' guess lists too. Southern Cal had better enter Dal-Hi stadium with a will to win, or they'll leave it without a victory.

In solo meets, the three Southwest conference teams entered in the meet might look ridiculous against mighty USC, but with the

# Lou Little Excels In Either Position

By ERIC MILLER  
Battalion Staff Writer

Lou Little, recently switched to a spot in right field in the Aggie lineup, has been one of Coach Beau Bell's steadiest relief hurlers.

Lou proved the wisdom of the move however, with a two for four hitting exhibition against Rice Tuesday.

He began playing ball while in high school and by his junior year in Schulenburg high was a start-

ing pitcher. His last two years at Schulenburg he had a 5 and 2 record. And playing American Legion ball his record climbed to 10-0.

In addition to baseball, Lou played football, basketball and ran track. He played end for the Schulenburg grid squad, forward in basketball and ran the high hurdles in track.

Lou's most exciting moment in collegiate competition came in 1952, when he hurled a sparkling two-hitter against the University of Minnesota Gophers and boosted the Cadets to a 6-1 win.

During his four years at A&M, Lou hasn't excelled only on the diamond. During the fall and part of the spring, while not participating in athletics, Lou is hard at work in the class room. He has been a distinguished student four of his seven semesters at A&M.

Lou's major is agricultural education. Following graduation May 21, he plans to enter the air force.

# A CAMPUS-TO-CAREER CASE HISTORY

"There wasn't a dull minute!"

DICK WALLNER, '52, left a trail of work as he whirled through a year of telephone training. Here he recalls the variety of his training jobs. (Reading time: 36 seconds)

"Training can really be interesting. I found that out when I joined A.T.&T.'s Long Lines Department after getting my B.A. at Cincinnati and my M.A. at Michigan in '52. Long Lines is the organization specializing in Long Distance communications. I was put in the training program, and there wasn't a dull minute.

"For instance, one of my jobs in the Traffic Department was estimating the exact number of calls that would be placed in a city on Christmas Day. My estimate was off by only 68 calls!

"Then in the Plant Department, I made a study of damage done to a certain cable. Found out that the most damage occurred in an area used by hunters. Some special public relations work among hunters helped improve that situation.

"And in the Commercial Department, I helped analyze the communication problems of one of the largest textile companies—it had widespread offices and plants. The recommendations made are now in use.

"The variety in my training has carried over to my regular job here in Cincinnati. My job is to see that good service is maintained for private line customers—pipeline and power companies, theater, TV and the like. Every day is different.

"As far as I am concerned, I've found my career."

Like so many college people who have joined the Bell System, Dick has a job he enjoys. There are also job opportunities with other Bell Telephone Companies, the Bell Telephone Laboratories, Western Electric and Sandia Corporation. This is a good time to see your Placement Officer for full details.
