## Cramming for Exams?

### Fight "Book Fatigue" Safely

Your doctor will tell you—a NoDoz Awakener is safe as an average cup of hot, black coffee. Take a NoDoz Awakener when you cram for that exam... or when mid-afternoon brings on those "3 o'clock cobwebs." Penrose B. Metcalfe, '16, San Angelo, gave a report on the nominating committee for officers.

Locke was given a 25-year pin and wrist watch for his 25 years of continuous service as assistant secretary of the association.

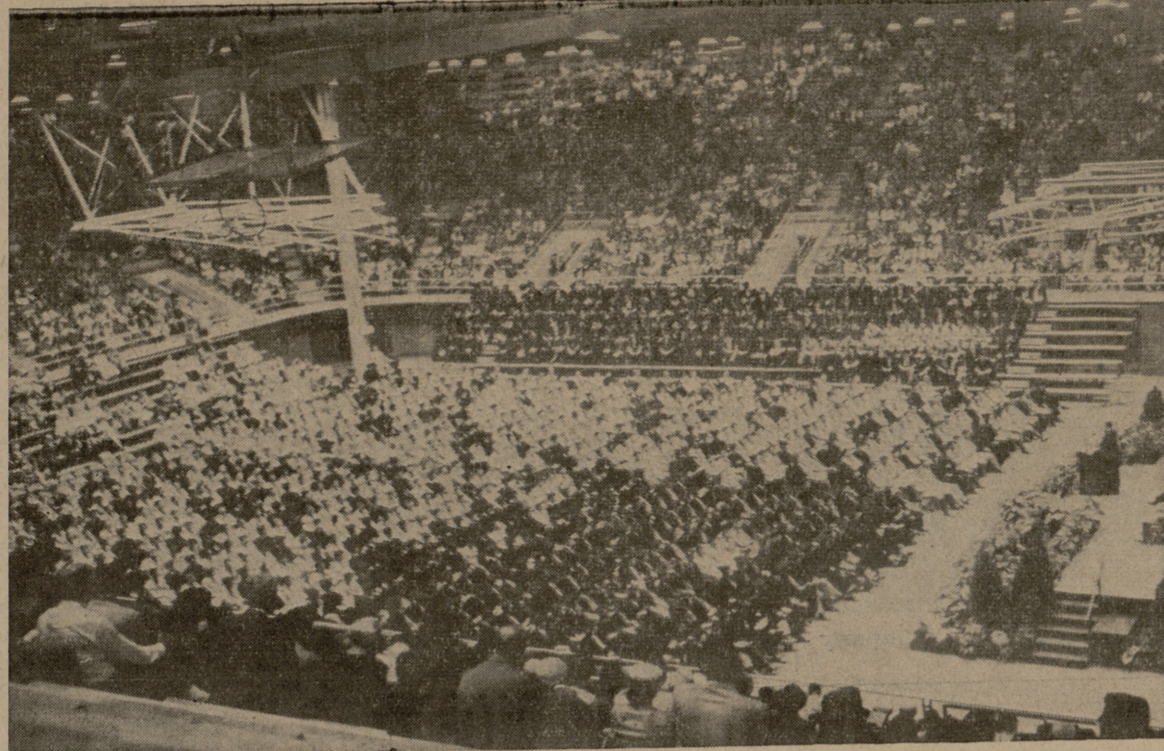

McQuillen was given a 20-year pin for his 20 years of continuous service as secretary of the association.

Mrs. J. N. Sheppard was given a 10-year pin for her 10 years as a stenographer for the association. A special citation was given to J. Harold Dunn as appreciation for the "wonderful job done as president of the association," said Hervey.

Three class agents, R. D. Gambrell, '42, Oscar A. Seward, '07, and L. D. Royer, '13, were honored as their respective classes received most contributions to 1953 Development Fund, had the highest percentage of members contributing to the fund and contributed the most money to the fund.

About 100 persons attended both meetings of the council, said Hervey.

Special guests at the Sunday morning breakfast were Dr. David H. Morgan, president of the college, Dr. J. P. Abbott, dean of the college, Col. Joe E. Davis, commandant, and members of the coaching staff.

CLASS OF '54—This year's graduating class sits in the White coliseum, listening to the commencement talks and waiting for the moment when they will get their degrees.

## Most Dormitories To Close May 29

All dormitories except those to be used during the summer session will be closed and locked at 1 p. m. May 29.

Dormitory students now in school who intend to go to summer school must be moved to their new rooms by that time, said Harry Boyer, chief of housing.

Military students who move early are reminded that they must check with their dormitory counselor before leaving, he said.

Students who must change rooms but who will leave the campus before the semester ends may make arrangements with the present occupants of their new room about storing their possessions until they return, Boyer said.

Students who will turn in their room keys must present their key and the yellow receipt showing their key deposit at the housing office in Goodwin hall.

All students are urged to discard paper and trash as soon as possible so that there will not be such large amounts the last few days of school, Boyer said.

## Physics Faculty Honors Walker

Weldon Wayne Walker, sophomore chemical engineering student from Waco, has been named the outstanding student in the introductory physics courses here.

Selected by the faculty of the physics department, Walker was given a copy of the Handbook of Chemistry and Physics.

Progress, as well as achievement, was considered in determining the winner, said J. G. Potter, head of the physics department.

"Walker has done outstanding work in the course in both semesters of the 1953-53 sessions," he said.

The Chemical Rubber company presents copies of the 3,100-page handbook annually to outstanding beginning students in leading college and universities, Potter said.

"It is the handbook most highly valued by many physicists and other scientists," he said.
