## RETRIEVER—CITY BREED

FLINT, Mich.—(AP)—Mrs. Robert Dolan's Irish Setter, Bridget, came home with a four-pelt fur neckpiece. Mrs. Dolan called the police.

Grace Timmons claimed the minks after the story got into the newspapers. She had dropped them en route home from a party. All was forgiven.

## Chemistry Major Announces Discovery!

Phil Fedders, chemistry student, announced what may prove to be the greatest discovery since the Hydrogen Bomb. Fedders claims to have invented a Taste Tingleometer that measures the degree Dr. Pepper Wakes Up Your Taste.

Fedders maintains Dr. Pepper is exceptionally good-tasting and that the 'tingle' in the taste imparts the Wake Up Flavor. This tingle, he claims, increases as Dr. Pepper's temperature nears the frosty cold mark. "When there are little flecks of ice floating in Dr. Pepper,

the Fedder Taste Tingleometer nearly flips its lid," he said. "That's pretty tingly" added Fedders, swigging his frosty cold Dr. Pepper.

QUESTION:  
What makes a  
Lucky taste better?

ANSWER:  
**"IT'S TOASTED"**  
to taste better!

No question about it, Luckies taste better to thousands of college smokers.

No question about the reasons why Luckies taste better, either. Today, nearly everybody knows L.S./M.F.T.—Lucky Strike means fine tobacco. And that fine tobacco is toasted to taste better.

"It's Toasted"—the famous Lucky Strike process—brings Luckies' tobacco to its peak of flavor . . . tones up this light, mild, good-tasting tobacco to make it taste even better.

So enjoy better taste in your cigarette. Be Happy—Go Lucky!
