

Current MSC Exhibit Honors Columbia's 200th Anniversary

A panel exhibit illustrating the theme of Columbia University's Bicentennial anniversary, "Man's Right to Knowledge and the Free Use Thereof," is now being displayed in the Memorial Student Center, and may be seen through Monday, July 26.

The MSC is sponsoring the exhibit in cooperation with the Columbia Alumni Committee at A&M, of which Donald F. Wivchar is chairman. The exhibit has a double meaning at A&M in that it is a memorial to the late Dr. T. F.

Mayo, an active member of the committee, and a firm believer in the principles exemplified.

The exhibit consists of 25 panels covering five aspects of the Columbia Bicentennial theme, as follows: "The Inclusiveness of Man,"

Birds Won't Eat 'Em; Will You?

Orange-skinned tomatoes measuring four inches across, three and a half inches in depth and weighing 15 ounces, have been grown in a College Station garden.

"A peculiar thing about these tomatoes," the grower, P. L. Downs, Jr., says, "is that the mockingbirds won't peck holes in 'em. They just plain won't eat the tomatoes." Downs is official greeter for the college.

New Bridge Near Completion On Highway 60

The district office of the Texas State Highway Department reported that the new bridge over the Brazos River near Jones Bridge, better known to Aggies as "Whiskey Bridge," on Farm Road 60 will be completed between November and December, provided that no bad weather is encountered.

The road between A&M and the Brazos will be reconducted by the time the bridge is completed.

Miss Dillon Is Feature Of MSC Concert Series

The first in a series of Sunday afternoon concerts sponsored by the Memorial Student Center summer recital series committee will feature Miss Pat Dillon, said Mrs. Helen Atterbury, MSC secretary.

Miss Dillon, a University of Texas graduate, will give an organ concert between 4 and 5 o'clock Sunday afternoon. She will play classical and semi-classical music, said Mrs. Atterbury.

"The Values of Knowledge," "Man's Right to Knowledge," "Man's Right to Knowledge and the Free Use Thereof," and "The Responsibilities of Knowledge."

The panels cover a wide range of topics, from the United Nations' Declaration of Human Rights to "The Teacher and Free Speech," from censorship in its various forms to "Everyman—his thoughts and yearnings."

Richard R. Powell, director of Columbia's 200th anniversary celebration points out that "the struggle to know is one of the most exciting dramas of history" and that this drama provided the inspiration for the exhibit.

Columbia was founded in 1754 as King's College by royal charter of King George II. Among its earliest students were Alexander Hamilton and John Jay. Today it is a federation of undergraduate, graduate and professional schools, with students from all parts of the world.

Three Aggies Are Appointed Camp Platoon Leaders

Three A&M ROTC students currently undergoing summer camp training at Ft. Knox are serving as cadet platoon leaders of their respective companies.

Sam E. Rowland and Charles Hall, both of Dallas, are cadet platoon leaders. In like capacity is Clyde L. Wright, Jr. of Jaualin Ranch, Premont.

All three of the cadets are senior students at A&M working toward officers' commissions in armor.

The bearings for propeller shafts of many ships are made of hard, tropical wood.

There are half a million miles of long distance pipelines in the United States.

Housing Office Opens Storage

The housing office announced that for the convenience of those students who wish to store items of baggage at the close of the first term summer school, the storage room in K... the basement open from 11... and from 12... July 16.

Student Narrowly Escapes Injury In Auto Accident

Jerry Bruce Waggoner, A&M senior, narrowly escaped injury in an auto accident last week while on summer employment with the Stanolind Oil Company at Carlisle.

Waggoner said his car was a total loss from a collision with a pickup at the traffic light in Carlisle shortly after 7 a.m. Wednesday (July 7). Mrs. William Henry Harerow, the wife of the driver of the pickup, was fatally injured in the collision and her son Kenneth, 15, sustained a leg and knee injury. The driver of the pickup, W. H. Harerow, 66, escaped without injury.

It was reported that the Waggoner car was going south on Highway 265 and the pickup truck west on Farm Road 13. The pickup, it was indicated, did not stop at the signal.

Waggoner is a senior petroleum and mechanical engineering major.
