Mural Program Is Announced For Next Semester

Intramural athletics for the second summer semester featuring competition in softball, golf, and tennis will begin Monday, July 26, a report from the intramural office has announced.

The report says that dormitories 14, 15, 16, and College View, the defending champions, will compete in softball. Golf and tennis are based on individual competition.

All players must play with the dorms in which they live, unless they live off the campus. In such case, they may play with any team they choose.

Managers for the respective dormitories and their addresses are Louis Venecasa, room 417, dorm 14; Robert Smith, room 312, dorm 15; Ross George, B-5-W, College View. Dorm 16's manager has not been selected yet. All persons wishing to compete in intramurals are to contact their managers for instructions.

Buddy Williams Is Commissioner's Court Candidate

This is my first time to ask for public office and I do so with a sincere desire to be of service to the community.

I am 39 years of age. I am married and have two children. My wife's mother, Mrs. Raymond Beard, a widow, is also a member of my family. I have lived in Brazos County for the past 24 years. I am associated with my father and two brothers in the Insurance, Mortgage and Construction Business and have been in this business for the past 1 years. I have dealt with the public all of my life and I have always tried to be courteous and cooperative.

The office of County Commissioner is important and deals with many problems in addition to the maintenance of county roads and bridges. I feel that my business experience qualifies me for this job.

If you will elect me your county commissioner, I promise you that I will administer the duties of the office in a businesslike manner; that I will be courteous and cooperative at all times; and that I will always be available to discuss your problems with you.

Buddy Williams
