Oceanographers Give Dinner-Dance

Staff members and students of the oceanography department and their wives attended an informal dinner and dance last Saturday evening at Maggie Parker's Dining room in Bryan.

Entertainment for the evening was presented by Mrs. Robert Smith who sang three selections and was accompanied on the piano by Mr. Richard Beldauf. Beldauf played several novelty arrangements for the group.

Several water color paintings of the department's oceanographic research vessel, the A. A. Jakkula, were displayed in the dining room. Dr. C. M. Pomerat of the anatomy department of the University of Texas medical branch at Galveston painted the water colors.

Those assisting in the dinner and dance arrangements were Ted Saur and Dr. George Huebner, in charge of the recorded dance music; Mesdames Robert Darrow and Byron Wilkinson, who decorated tables and Miss Kathryn Smith, who handled reservations.

HI, SCHOOL

By BETSY BURCHARD
A&M Consolidated Correspondent

Clifton Bates, student body president, has been named student of the month at Consolidated. He was honored by the Bryan-College Station Rotary club at their regular luncheon last Wednesday.

The student of the month is selected by the student council from three faculty nominees. The president of the student body automatically is the first to receive the honor.

The FFA Chapter has planned a hayride for November 19, at 6:15 p.m. Approximately 35 people are expected to attend and the group will leave from Phil Smith's house.

Although a week and a half off, many dates have already been snared for the annual Sadie Hawkins dance. Scheduled for Nov. 20, this dance is traditionally sponsored by the junior class.

A high school ping pong tournament is in the early stages and 15 people have signed up for singles. Champions will be decided by classes and then the play-off for the all-school title. Each contestant must have two defeats before he is out of the running.

The Tiger band will play and perform at the halftime of the Kitten game Thursday. This is the last junior high game of the season and since most of the band members are Kittens this will be a vote of appreciation for their support.

For the past week architecture students from the college have been inspecting the new building and facilities. Their present project is school designing and they wish to study W. W. Caudill's work on the new high school.

The student council will sponsor an all-school hayride Dec. 3, the

first open Friday of the agenda. Reservations must be made before Nov. 24 so adequate preparation can be made.

The activity committee, consisting of Donald Patton, Jerry Mills, Dan Davis, and Nancy Smith, will make all necessary arrangements. The hayride will be open to all high school students and their dates who pay 50 cents.

Mr. and Mrs. T. E. Ryan, Mr. and Mrs. R. L. Boone, and J. J. Skrivanek will chaperone. Sack lunches will be taken and cold drinks will be available. The trucks will leave from the old high school at 6:30 p.m. for Koppie's Bridge.

High school students have been asked to fill out accident permits to put on file in the office. These cards include a list of numbers to be called in emergencies and the name of the family doctor.

Partlow Will Head Hometown Club

Dick Partlow was elected president at the organizational meeting of the Lower Trinity valley hometown club Tuesday night.

Other officers elected were Louis Dattel, vice president; Theron McLaren, secretary; and Allen Landry, treasurer.

Fifteen joined the club that was organized for students of Liberty,

Chambers and Hardin counties. Meetings will be held the second and fourth Thursdays of each month. The next meeting will be Nov. 11.

What makes a Lucky taste better?

"IT'S TOASTED" to taste better!

What cigarette do college students go for? According to the latest, biggest coast-to-coast survey, students prefer Luckies to all other brands. And once again, the No. 1 reason is better taste. Of course Luckies taste better. First of all, Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better. Try a pack. Maybe you'll be as fortunate as the student in the Droodle to the right, titled: Lucky smoker . . . faulty cigarette vending machine. Even if you're not, you'll enjoy the better-tasting cigarette . . . Lucky Strike.
