CHILLY CADETS LOSE TO OKLAHOMA CITY 55-34

Rosburg Shoots 65 For Tuscon Lead

TUCSON, Ariz., Feb. 11—(AP)—Bob Rosburg of Rochester, Minn., left a sick bed yesterday to shoot his best golf of the year and share the lead at the end of the first round of the \$10,000 Tucson Open golf tournament.

Rosburg came in late in the afternoon with a 65 to tie Tony Holguin of Midlothian, Ill. Both were five under par for the 6,409-yard El Fio Golf and Country club layout.

George Bayer, Glen Head, L.I., held third place by himself with a 66. Rated the longest hitter in the business, Rayer credited his score to fine putting.

Rosburg, 28, had been in bed with the flu since he arrived earlier this week.

The Baltimore Orioles' farm system is now reduced to six clubs—half of what it was a year ago.

Varsity, Fish Meet Texas Here Saturday

Special to The Battalion

OKLAHOMA CITY—Oklahoma City university turned in its best defensive performance of the season to down A&M 55-34 here last night in a non-conference basketball game.

The Chieftains were especially masterful on the backboards, grabbing off 53 rebounds compared to 29 by the somewhat shorter Texans. It was on the A&M offensive board where the true tale was unfolded, with OCU picking off 53 of the 40 caroms there.

Hence, the invaders seldom got more than one pop at the basket, and since the Aggies were as cold as the frigid air which spread across the state yesterday, it was strictly "no contest" after the second half began.

Lowest Since 1953 for A&M

A&M hit only nine of 48 shots while the Chiefs made good on 15 of 57 from the field. It was the lowest number of points the Cadets had scored since a 34-52 loss to Rice in 1953.

Saturday night, A&M meets University of Texas in a White coliseum Southwest conference game. Both are tied for the cellar with 1-5 conference records. The Fish meet the Shorthorns in a 6:30 p.m. curtain raiser.

With OCU also experiencing a poor shooting first half, the Cadets were still in contention at the intermission, trailing only 25-18. It was even closer than that through the early stages. Midway through the first half the score was tied 6-6, and with 7:30 remaining the Aggies were still even at 12-12.

However, three quick baskets shot OCU in front, 18-12, and they never trailed after that.

Chiefs Build Lead to 26 Points

While A&M remained cold, OCU warmed up in the second half and soon held a comfortable 33-18 margin. The Chiefs extended it to 17 points before a brief A&M flurry sliced it to 36-25.

But that was as serious a threat as the Texans, now losers of 14 games in 18 starts, could mount, as OCU boomed its lead to 45-25 and at one time boasted a 26 point spread, 53-27.

A pair of sophomores, 6-6 Bob Holloway and 6-4 Lyndon Lee topped the Chief attack with 14 points each. Holloway also led the rebound brigade with 14, and 6-5 Larry Bradshaw, another soph, picked off nine.

John Henry, an Oklahoma City product, led A&M with nine points. George Mehaffey added eight and bagged three of his team's nine field goals.

The Chiefs made 25 of 34 free throws. A&M sank 16 of 19.

Boxscore				
A&M (34)	fg.	ft.	fl.	tp.
Henry	1	7	5	3
Bilbrey	0	0	3	0
Fortenberry	1	3	1	2
Gattis	0	2	2	2
Mehaffey	3	2	4	8
Smith	2	0	2	2
Harrod	0	0	1	0
Phipps	0	0	1	0
Love	0	0	0	0
Brophy	1	2	4	4
TOTALS	9	16	22	34

Boxscore				
OCU (55)	fg.	ft.	fl.	tp.
Lee	3	8	3	14
Bradshaw	1	2	1	4
Diers	1	2	1	4
Holloway	6	2	3	14
Reeves	1	0	0	2
Cassidy	0	1	1	1
Nath	0	3	0	3
Magana	2	0	1	4
Bullard	1	0	1	2
July	0	4	1	4
Jeter	0	3	0	3
TOTALS	15	25	12	55

Halftime Score: OCU 25, A&M 18.
Free throws missed: A&M—Harrod, Mehaffey, Henry. OCU—Lee 3, Holloway 2, Nath, Bradshaw, Jeter, Cassidy.
Officials: Bo McAllister and Don Ross.

Aggie Fencers To Hold Meet Here Saturday

A & M freshmen fencers play host to five Amateur Fencing league of America teams Saturday in room 3B of the Memorial Student Center.

Matches will begin at 2 p.m. Other teams in the meet are Texas, University of Houston, Rice, Houston Fencing club, and Galveston Fencing club.

The Aggie varsity has been conference champion the last two years. Since the Cadets have all but three members of last year's squad back, and they will be strong favorites to repeat.

Members of the varsity include co-captain Art Garner, Jerry Ramsey, Don Roth, Carl Hill, Bill Swan, John Shanks, Jim Pigg, Don Burton, Russ Goodale, Walter Anderson, co-captain Bill Huettel and Bill Fink.

Consolidated Plays Cypress-Fairbanks

With the district 25-A cage title hanging in the balance, A&M Consolidated's red-hot Tigers meet Cypress-Fairbanks tonight on the road.

Both are tied for first place with 8-1 district records following Tuesday night wins. CHS downed Katy 60-55 while Cypress-Fairbanks was beating Waller.

Norman Floeck, top scorer for the Tigers, dunked in 10 points to spark a rally that brought the local crew ahead in the fourth quarter after they had trailed much of the game. CHS has won 11 of its last 12 games.

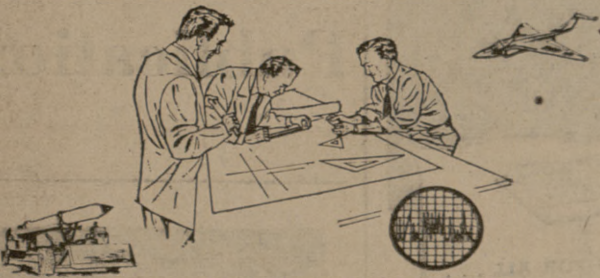

Boxer Charges Official Doped Him

AUSTIN, Feb. 11—(AP)—A 29-year-old health club official was charged in county court at law yesterday with possession and delivery of a drug to a Golden Gloves boxer before his fight last Friday.

George Elias Trad, 25, accused Charles F. Hill, operator of the Austin Health center, of drugging him with amphetamine tablets.

In a signed statement to police, Trad said he took two pills that Hill gave him about four hours before his Golden Gloves tournament fight against Bergstrom air force base airman Don Vogel.

A REAL
FUTURE
AWAITS YOU
WITH A GROWING
Weapons System Organization

At TEMCO a two-fold opportunity awaits engineers, physicists and mathematicians who want to grow professionally.

First, the entire engineering department is organized under the systems concept. This necessitates the combined services of civil, electrical, mechanical and aeronautical engineers, physicists and mathematicians, all of whom will have the opportunity—indeed, will be required—to become familiar with all areas in the aeronautical sciences. Highly specialized work will be demanded, of course, but it will be conducted within the stimulating framework of a broader background in related fields. Your opportunities, here, for professional growth are unlimited.

Second, TEMCO offers a Master Engineering Training Program designed to develop today's engineering graduates into the systems engineers of the future. This program includes a Graduate Study Plan leading to Master of Science degrees, and a Job Rotation Plan which permits you both to specialize without confinement and to diversify without loss of direction.

L. W. Jones and A. R. Teasdale of the TEMCO Engineering Department will be on your campus Wednesday, February 16, to interview qualified applicants. Appointments can be arranged through your Placement Officer.

A Campus-to-Career Case History

Manager Ray New explains the importance of good service to one of his assistants

His "individual training" paid off

When Ray New—Business Administration, Buffalo, '51—started with New York Telephone Company, he never suspected his work would face him with problems of this sort—

"My job as business office manager is to see that the customer gets the best possible service. One of my assignments took me into a section of Manhattan that had a large Puerto Rican population.

"Frequently our people would get somebody on the line who couldn't speak a word of English. So I saw to it that each of my representatives learned a few standard Spanish phrases—enough to get somebody to the telephone who could speak English.

"There are no two days alike in this

work, with new problems coming up all the time. The best part of it is that the training program here is tailor-made to the job. First you get a general background in the business, then you go into what I call 'individual training.' That's where your own special abilities are developed and you're encouraged to think out new ways to solve everyday problems—like the one I just described.

"Right now I'm Business Manager in charge of an office doing \$250,000 worth of business a month."

You'll find these things true of college men, like Ray New, who go into telephone work. They've been well trained, they enjoy their present jobs, and they're headed for responsibilities and greater rewards. If you'd be interested in a similar opportunity with a Bell telephone operating company, or with Sandia Corporation, Bell Telephone Laboratories or Western Electric, see your Placement Officer for full details.
