The purpose of his lectures to the Hearne church is to bring to the attention of the congregation, the need for mission work in Alaska, not only religious, but also educational and medical.

Engine **KNOCK** signals power-loss...

STOP KNOCK

STOP MOTOR OIL KNOCK WITH HUMBLE UNIFLO

Humble Esso Extra gasoline for '55 will give you the best anti-knock performance you've ever had.

But motor oil can also cause knock. Some oils form combustion chamber deposits that raise compression ratios even higher, increase a high compression engine's tendency to knock. These deposits also cause pre-ignition ping.

Humble Uniflo motor oil does not form knock-causing deposits. Thus, in effect it raises the anti-knock performance of your gasoline.

Uniflo also saves gasoline, lengthens battery life, gives you

superior lubrication and cooling. You use the same grade the whole year around.

When you use both Esso Extra gasoline and Uniflo motor oil, you're using the best performance combination ever.

The entirely new gasoline with the highest performance rating ever offered Texas motorists.

When your car knocks, you're losing power, burning too much gasoline, dirtying your engine. Knock—even ping—is more than a noisy inconvenience—it's expensive, too.

But you can stop knock with Humble's Esso Extra for '55. This entirely new gasoline has the highest octane rating (anti-knock quality) offered Texas motorists.

It's an absolute must for the new high compression 1955 engines.

And it assures the improved performance of any car, any make, any model.

Get the Esso Extra habit! . . . Your car will give you performance you never dreamed it had!

No. 1 in Texas

Now, more Texans than ever before prefer Esso Extra to any other premium gasoline.
