## Letters

(Continued from Page 2)

traditions have been made; and many, such as the board, have been discarded as useless.

We have got to decide whether the tradition of "no letter jackets" will help or hurt our school. Before we decide, we ought to think about the Aggies who are going to have to lay out the hard cash for a new jacket. Think of the feeling they are going to have. Is that going to help bring the corps and the civilians together?

This may sound like a silly thing to have so much controversy over, but remember, these little things will either make or break "the Aggie Spirit."

college. The Battalion, the Aggie-Land, the student magazine of the student's school, the Great Issues and Recital series, and the Town Hall series.

This year, 5,100 students out of 6,200 paid the activity fee here.

There is also a \$5 hospital fee required for all students living in college housing. This fee would probably be included in the overall activity fee under the new bill.

**A&M Might Adopt**  
Dr. M. T. Harrington, A&M System chancellor, said yesterday that A&M would probably adopt a required fee if the Legislature approves the bill.

He said he did not know how much the required fee would be, because the board would have to study the present activity fee before making a new one.

Make sure you remove all spots and stains from clothing before putting into hot water, or before ironing, because the heat of the water or the iron will tend to set them.

## A HOME OF THEIR OWN

From the time they were married Marion and Jim aspired to own their own home, but Jim was a struggling young postal clerk and Marion gave up her job when the babies started to arrive. During the years they clung to their dream even when it seemed an impossibility. They moved from apartment to duplex to rented house and always the unused house plans moved with them.

Marion and Jim were not bitter, for while their material dreams were postponed, others were realized. They raised three bouncing girls and one boy to maturity with a serenity not all parents know. Theirs was a church-going family and their youngsters took to the good way of life like ducks take to water. There were the customary children's diseases but no casualties on the spiritual front.

Now Jim and Marion are established in that long awaited home of their own. The children are grown and gone, but they do not feel that fulfillment has come too late. In calm assurance of a job well done they take delight in their reward—a happy, contented life of accomplishment.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
