A Good Place To Start

The Intercouncil committee has come up with the best plan yet for an honor code. Their proposal is not a perfect one, because no honor code can be perfect as long as it deals with people, but it eliminates a lot of the bad points of the many other codes that have been proposed.

If their plan goes into effect, students will run it through a student Honor Council; there will be no "tale-telling" to professors, a feature of the other plans found objectionable.

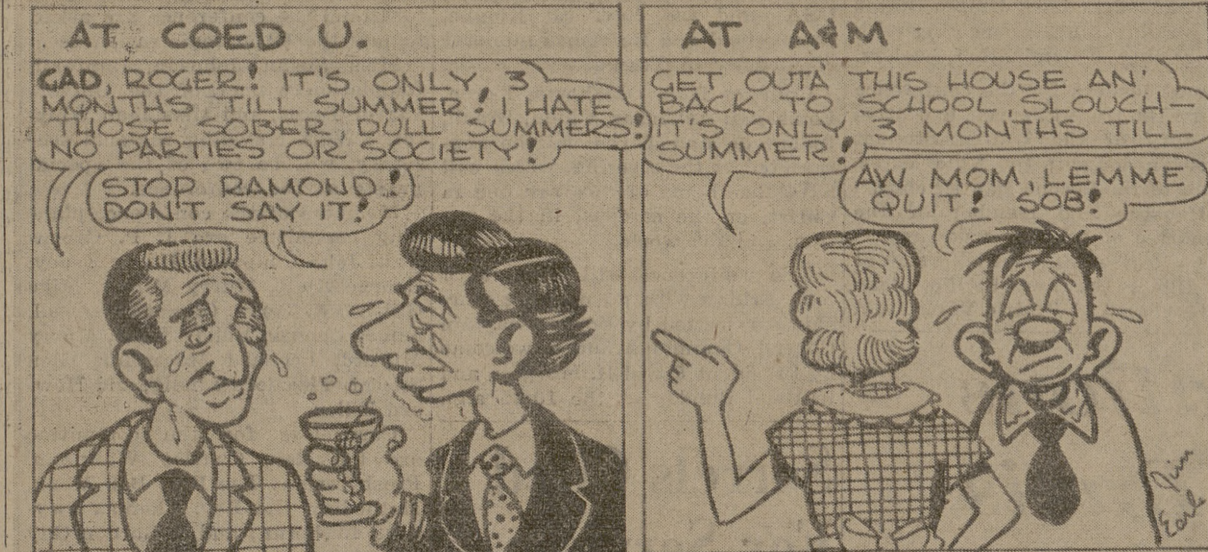

Also, the system is to be in force for the entire student body, whether they "take the pledge" or not, going on the assumption that everyone should be honorable.

Those who oppose an honor code, saying it won't work here, may have a point. Certainly it will take a long time to develop a working honor system at A&M, a school whose students have condoned cheating for too long.

But we'll never know unless we try, and the Intercouncil's plan is a good place to start.

Kind Aggies Help Friend In Hospital

Thanks to the kindness of Aggies and the desire to help an unfortunate buddy, Billy Horn is out of danger, according to the housing office.

He was hurt in a two car accident Feb. 19 while on his way to a dance in Snook with a freshman buddy, Ray Allan Hahn.

Hahn was treated in the Bryan hospital and Monday was taken home to Independence. Horn is still in the hospital in Bryan.

Enough blood was donated by Aggies over the weekend for several transfusions for Horn. Blood donors were: George Eugene Lord, Joe J. Adams, Jack P. Murrell, Wayne R. Yeager, Donald W. Hilliard, Anton B. Brucks, Howard C. Wilcox and A. M. Loudon.

Basden Priddy, Jerome M. Pousson and Staly S. Yaffe offered blood but it was not needed.

J. D. Boldin of Caldwell, driver of the other car, suffered only minor injuries. Roy Branch, Negro employee on the Earl Porter farm died the day after the accident from injuries suffered in the crash.

Street Attends Drawing Meeting

Dr. W. E. Street, head of the engineering drawing department, recently attended the mid-winter meeting of the drawing division, American Society for Engineering Education.

He presided at one of the general sessions and presented proposals for the drawing teachers summer school to be held at Iowa State college in June, 1955.

Street is present vice-chairman of the drawing division, and has been elected to the chairmanship for the coming year, starting in June. He also is a member of the Policy committee and chairman of the committee on the evaluation of engineering drawing for the ASEE.
